War Peace And International Politics:

War, Peace and International Relations Colin S. Gray, 2007-06-11 This new volume explores the theory and practice of war and peace in modern historical context In fifteen clear and concise chapters this book hits the high and low points of international politics over a two hundred year period plus a brief foray into the future out to 2025 War Peace and International Relations serves as an excellent introduction to the international history of the past two centuries showing how those two centuries were shaped and reshaped extensively by war This book takes a broad view of what was relevant to the causes courses and consequences of wars This upper level textbook is an invaluable resource for students of strategic studies security studies international relations and international history War, Peace, and International Politics David W. Ziegler, 1987 War, Peace and International Relations Colin Gray, James J. Wirtz, 2023-10-24 This textbook provides a comprehensive introduction to the strategic history of the past two centuries showing how those 200 years were shaped and reshaped extensively by war The book takes a broad view of what was relevant to the causes courses and consequences of conflict The volume provides students with a strong grounding in the contribution of war to the development of the modern world from the pre industrial era to the age of international terrorism and smart weapons Covering all the major wars of the past two centuries the third edition has been revised and updated and now includes new introductory essays at the start of each section to help students recognize historical turning points and strategic themes revised and updated material on the post Cold War period accommodating new developments and contemporary perspectives new material on non Western views on strategy especially Sun Tzu a new chapter on The age of acceleration and great power competition starting with the death of Bin Laden and ending with the Ukraine crisis a new Conclusion offering a synthesis between the message of earlier editions and the state of strategy today This textbook will be essential reading for students of strategic studies security studies war studies International Relations and international history *War, Peace, and International Political Realism* Keir A. Lieber, 2009-09-15 Essays reveal the twentieth century roots of the realist tradition and demonstrate the enduring relevance of realist insights for current international relations scholarship and foreign affairs War, Peace and International Relations Colin S. Gray, 2013-06-17 War Peace and International Relations provides an introduction to the strategic history of the past two centuries showing how those 200 years were shaped and reshaped extensively by war The book takes a broad view of what was relevant to the causes courses and consequences of wars Written by leading strategist Professor Colin Gray the book provides students with a good grounding in the contribution of war to the development of the modern world from the pre industrial era to the age of international terrorism and smart weapons This second edition has been thoroughly revised and updated It is the first one volume strategic history textbook on the market It covers all the major wars of the past two centuries It is up to date and comprehensive including a new section on the American Civil War a new chapter on geography and strategy and completely rewritten chapters on Iraq and Afghanistan in the 2000s and on irregular

warfare This textbook will be essential reading for students of strategic studies security studies war studies international relations and international history **War Peace and International Politics** Addison-Wesley Longman, Incorporated,1999-10-01 **War, Peace and International Security** Jan Eichler,2016-12-09 This book examines and explains the dialectic of war and peace between the outbreak of WWI and the Russian annexation of Crimea in 2014 The theoretical inspiration is built upon Galtung s concept of negative and positive peace Aron s distinction between strategy and diplomacy and Carr s theory of periodization Here the author compares globalization with the interwar period and examines how the first decade s positive peace diplomacy and big hopes were replaced by negative peace and explains the growing role of military strategy which culminated after the Russian annexation of Crimea and the following military incidents between NATO and Russia This volume will be of interest to teachers students and researchers in the fields of modern history international security and peace studies **War, Peace and International Order?** Maartje Abbenhuis,Christopher Ernest Barber,Annalise R. Higgins,2017-02-24 The exact legacies of the two Hague Peace Conferences remain unclear On the one hand diplomatic and military historians who cast their gaze to 1914 traditionally dismiss the events of 1899 and 1907 as insignificant footnotes on the path to the First World War On the other experts in international law posit that The Hague s foremost legacy lies in the manner in which the conferences progressed the law of war and the concept and application of international justice This volume brings together some of the latest scholarship on the legacies of the Hague Peace Conferences in a comprehensive volume drawing together an international team of contributors *War and Peace* David G. Williamson,2009 This new edition has been reformatted and completely revised to examine international relations between 1878 and 1941 The content focuses on the following areas Growing international tensions between the Great Powers 1878 1914 The First World War Peace settlements and the impact of the Great Depression in the inter war period The countdown to and causes of the Second World War Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips written by examiners provide the opportunity to develop exam skills **War, Peace, and International Politics** David W. Ziegler,1984 **The Political Economy of War, Peace, and the Military-Industrial Complex** Raffaele Giammetti,Thomas Palley,2025-01-10 This volume contains a collection of articles by leading thinkers in economics political economy and history They explore the enduring challenges of avoiding war and ensuring peace Isaiah's Vision of Peace in Biblical and Modern International Relations R. Cohen,R. Westbrook,2016-09-23 The aim of this volume is to try to account for Isaiah s revolutionary vision from two disciplinary perspectives one approach is the historical study of the Ancient Near East and the Bible and the other rests on the study of international relations from a comparative conceptual perspective **War, Peace and Progress in the 21st Century** Mark Berger,Heloise Weber,2013-09-13 The history of development is one marked by insecurities violence and persistent conflict It is not

surprising therefore that development is now thought of as one of the central challenges of world politics. However its complexities are often overlooked in scholarly analysis and among policy practitioners who tend to adopt a technocratic approach to the crisis of development and violence. This book brings together a wide range of contributions aimed at investigating different aspects of the history of development and violence and its implications for contemporary efforts to consolidate the development security nexus. From environmental concerns through vigilante citizenship to the legacies of armed conflicts during and after decolonization the different chapters reconstruct the contradictory history of development and critically engage contemporary responses and their implications for social and political analyses. In examining violence and insecurity in relation to core organising principles of world politics the contributors engage the problems associated with the nation state and the inter state system and underlying assumptions of the promises of progress. The book offers a range of perspectives on the contradictions of development and on how domination violence and resistance have been conceived. At the same time it exemplifies the relevance of alternative methodological and conceptual approaches to contemporary challenges of development. This book was published as a special issue of Third World Quarterly.

International Political Economy James H. Nolt, 2014-12-17 This book offers a completely new and unique introduction to the economics of international relations. It treats all the traditional major themes of international relations theory while giving each a refreshing new twist with the incorporation of the influence of private power particularly in the realm of war and peace. It reframes the history of the modern global economy and politics by thoroughly purging the myth of the market a systematic blindness to private power. It not only draws on but also illuminates major themes and empirical findings of comparative politics business history business strategy business cycle theory social evolutionary theory as well as the practical wisdom of traders and investors. Part one introduces the major concepts of competing theories of international relations emphasizing a unique approach corporatism. Part two introduces the critical importance dynamic and oppositional analysis of issues. Part three traces the rise of the modern world from the mercantilist period until the rise of modern corporate organizations and the demise of imperialism in the crucible of World War I. Part four begins with the origins of the contemporary dominance of business internationalism before and during World War II then analyzes three major facets of the postwar era the unification of much of Europe the industrialization of the Third World and the Cold War and its aftermath. The final chapter considers the present and future of a fairly peaceful yet economically unstable world. This book presents a refreshing and exciting portrayal of the global economy which challenges every major subject from money to markets to the business cycle. This book eschews the economics of dull averages to restore the drama of contending business forces struggling for wealth and in the process influencing war and peace.

Access to History: War and Peace: International Relations 1890-1945 Fourth Edition David Williamson, 2015-06-05 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in

depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA International Relations and Global Conflict c1890 1941 OCR International Relations 1890 1941

Regions of War and Peace Douglas Lemke,2002-01-21 In this contribution to the literature on the causes of war Douglas Lemke asks whether the same factors affect minor powers as affect major ones He investigates whether power parity and dissatisfaction with the status quo have an impact within Africa the Far East the Middle East and South America Lemke argues that there are similarities across these regions and levels of power and that parity and dissatisfaction are correlates of war around the world The extent to which they increase the risk of war varies across regions however and the book looks at the possible sources of this cross regional variation concluding that differential progress toward development is the likely cause This book will interest students and scholars of international relations and peace studies as well as comparative politics and area studies

Access to History: War and Peace: International Relations 1878-1941 Third Edition David Williamson,2009-11-27 The Access to History series is the most popular and trusted series for advanced level history students This title examines international relations between 1878 and 1941 focusing on Growing international tensions between the Great Powers 1878 1914 The First World War Peace settlements and the impact of the Great Depression in the inter war period and The countdown to and causes of the Second World War Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips written by examiners provide the opportunity to develop exam skills

International Relations Theory of War Ofer Israeli,2019-04-10 Covering 1816 2016 this book deals extensively with the international system as well as the territorial outcomes of several key wars that were waged during that time period providing an instructive lesson in diplomatic history and international relations among global powers Based on an in depth review of the leading theories in the field of international relations International Relations Theory of War explains an innovative theory on the international system developed by the author that he applies comprehensively to a large number of case studies The book argues that there is a unipolar system that represents a kind of innovation relative to other systemic theories It further posits that unipolar systems will be less stable than bipolar systems and more stable than multipolar systems providing new insights relative to other theories that argue that unipolar systems are the most stable ones The first chapter is devoted to explaining the manner of action of the two dependent variables systemic international outcome and intra systemic international outcome The second chapter presents the international relations theory of war and its key

assumptions The third chapter precisely defines the distribution of power in the system The fourth chapter examines the theory's two key phenomena The fifth and last chapter presents the book's conclusions by examining the theoretical assumptions of the international relations theory of war

Thinking about Peace and War Martin Ceadel, 1987 In the first book to offer a coherent intellectual framework for the study of proposals for the prevention of war Ceadel disentangles three strategic dimensions of the nuclear issue the global balance between the U S and Russia the European crisis and the British position and analyzes the cases for and against nuclear deterrence

Peace in International Relations Oliver P. Richmond, 2020-01-06 This updated and revised second edition examines the conceptualisation and evolution of peace in International Relations IR theory The book examines the concept of peace and its usage in the main theoretical debates in IR including realism liberalism constructivism critical theory and post structuralism as well as in the more direct debates on peace and conflict studies It explores themes relating to culture development agency and structure not just in terms of representations of IR and of peace but in terms of the discipline of IR itself The work also specifically explores the recent mantras associated with liberal and neoliberal versions of peace which appear to have become foundational for much of the mainstream literature and for doctrines for peace and development in the policy world Analysing war has often led to the dominance and mitigation of violence as a basic assumption in and response to the problems of IR This study aims to redress this negative balance by arguing that the discipline offers a rich basis for the study of peace which has advanced significantly over the last century or so It also proposes innovative theoretical dimensions of the study of peace with new chapters discussing post colonial and digital developments This book will be of great interest to students of peace and conflict studies politics and IR
