War And Faith In Sudan:

War and Faith in Sudan Gabriel Meyer, 2005 This account of the tragic civil war in Sudan is more than a skillful journalist's firsthand report Meyer also offers a deeper understanding of the cultural racial and religious fault lines that divide the world at the start of the 21st century War and Peace In Sudan Mansour Khalid, 2012-10-12 First Published in 2003 Nearly half a century ago the first flares of Sudan's civil war were enkindled Today as the world enters a new century and a new millennium Sudan's civil war has degenerated into an inferno of carnage and destruction Sudan's war however is no different from wars elsewhere it is an entangled political cultural and social weave with equally intricate international ramifications This volume charts Sudanese's history of conflict War and Politics in Sudan Justin D. Leach, 2012-11-26 On 9 July 2011 South Sudan became an independent state after more than half a century of civil conflict wrought with human rights abuse Indeed the post colonial history of Sudan has been characterised by two Civil Wars spanning almost two decades each the first from 1955-1972 and the second from 1983-2005 With questions of national and regional identity at the heart of the conflict the Sudanese Civil Wars have highlighted key questions about the post colonial epoch Justin Leach's *War and Politics in the Sudan* offers a comparative analysis of the First and Second Sudanese Civil Wars along with the peace treaties which ended them Most historians have seen the 1972 Addis Ababa Agreement as a stepping stone to renewed civil conflict in 1983 rather than as a settlement in its own right Leach on the other hand believes that the size of Sudan precludes the application of traditional theories of conflict resolution The introduction of natural resources brought a new facet to the already complex Second Sudanese Civil War Oil for instance internationalised the conflict and added yet another prism through which groups in the conflict could view their identity By tracing the evolving demands of the southern insurgents and the regimes they fought against Leach outlines the main challenges to the Sudanese nationalist project including the strength of southern regional identities the resurgence of political Islam in the north as well as the sheer duration of the conflict *War and Politics in the Sudan* thus offers a fresh and timely analysis of a region long beset by civil conflict interethnic violence and poverty a region whose historical narrative has recently taken on a new trajectory Those interested in post colonial Sudanese history are sure to find Leach's arguments both persuasive and pertinent **War and Religion** Jeffrey M. Shaw Ph.D., Timothy J. Demy, 2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume *War and Religion An Encyclopedia of Faith and Conflict* provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A-Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well

as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers

War and Slavery in Sudan Jok Madut Jok, 2010-08-03 Slavery has been endemic in Sudan for thousands of years Today the Sudanese slave trade persists as a complex network of buyers sellers and middlemen that operates most actively when times are favorable to the practice As Jok Madut Jok argues the present day is one such time as the Sudanese civil war that resumed in 1983 rages on between the Arab north and the black south Permitted and even encouraged by the Arab dominated Khartoum government the state military has captured countless women and children from the south and sold them into slavery in the north to become concubines domestic servants farm laborers or even soldiers trained to fight against their own people Also instigated by the Khartoum government Arab herding groups routinely take and sell the Nilotic peoples of Dinka and Nuer Jok emphasizes that the contemporary practice of slavery in Sudan is not the result of two decades of civil war as conventional wisdom in the media would have one believe Instead he revisits the historic hostilities between the Islamic world to the north and to the south the Black African peoples many of whom are Christian converts For Arab traders the nation of the blacks or Bilad Al Sudan has traditionally been the source of slaves When the slave trade developed into corporate enterprise in the nineteenth century the slave takers articulated distinctions based on race ethnicity and religion that marked the black infidel southerners as indisputably inferior and therefore natural slaves Such distinctions have survived for decades and have fueled various forms of oppression of the black south even during those periods when slavery has not been authorized by the government When it is authorized as it is today slavery then becomes the extreme form of this systemic oppression War and Slavery in Sudan exposes the enslavement of black peoples in Sudan which has been exacerbated if not caused by the circumstance of war As a black southerner and a member of the Dinka a group targeted by Arab slave traders Jok brings an insider s perspective to this highly volatile subject matter He describes the various methods of capture explores the heinous experience of captivity and examines the efforts of slaves to escape Jok also assesses the efforts of Dinka communities to locate and redeem or buy back slaves through middlemen a strategy that has been supported by Western antislavery groups and church based humanitarian agencies but has also been the subject of great moral debate Throughout the book Jok stresses that the search for settlement of the north south conflict must be made in conjunction with a campaign to end slavery He challenges the international community to move beyond diplomatic measures to take more coordinated action against the slave trade and bring liberation to the people of Sudan

Influence (Supremacy) of Religion on Sudan's Foreign Policy Decision-Making

Hassan B. Abdelwahab, 2012-01-24 The books main theme is that

nations like human beings have souls and minds The soul of a nation determines the way it thinks and acts or reacts in the international scene Equally those souls are open to influences such as religious ones but some are more receptive than others are The case under study Sudan reveals that an ancient religious heritage has a very strong bearing on the minds of all Sudanese including decision makers This discovery helps all other actors in the international scene to predict the behaviour of Sudanese politicians and decision makers **Religious Persecution in Sudan** United States. Congress. Senate.

Committee on Foreign Relations. Subcommittee on African Affairs,1997 The First Sudanese Civil War S.

Poggo,2008-12-22 This book is a comprehensive investigation discussion and analysis of the origins and development of the first civil war in the Sudan which occurred between 1955 and1972 It was the culmination of ethnic racial cultural religious political and economic problems that had faced the Sudan since the Turco Egyptian conquest of the country in 1821 The hostilities between the Northern and Southern regions of the Sudan also involved foreign powers that had their own geopolitical interests in the country The first Sudanese civil war is a classic example of intra regional and inter regional conflicts in Africa in the 20th century *War and Survival in Sudan's Frontierlands* Wendy James,2007-10-04 This book completes a trilogy by the anthropologist Wendy James It is a case study of how the Uduk speaking people originally from the Blue Nile region between the north and the south of Sudan have been caught up in and displaced by a generation of civil war Some have responded by defending their nation others by joining the armed resistance of the Sudan People s Liberation Army and yet others eventually finding security as international refugees in Ethiopia and even further afield in countries such as the USA Sudan s peace agreement of 2005 leaves much uncertainty for the future of the whole country as conflict still rages in Darfur The Uduk case shows how people who once lived together now try to maintain links across borders and even continents through modern communications and where possible recreate their traditional forms of story telling music and song **The Christian Church in Post-war Sudan** John Spencer Trimingham,1949 **Sudan** Jok Madut Jok,2015-10-01

Sudan has been in the headlines for all the wrong reasons After decades of civil war rebel uprisings and power struggles in 2011 it gave birth to the world s newest country South Sudan But it s not been an easy transition and the secession that was meant to pave the path to peace has plunged the region into further chaos In this updated edition of his ground breaking investigation Jok Madut Jok delves deep into Sudan s culture and history isolating the factors that continue to cause its fractured national identity With moving first hand testimonies Jok provides a decisive critique of a region in turmoil and addresses what must be done to break the tragic cycle of racism poverty and brutality that grips Sudan and South Sudan
