*War and Peace* graf Leo Tolstoy,1997      [The Trainee Coach Handbook](#) Mary Watts,Robert Bor,Ian Florance,2020-11-04  
Written by an expert team of authors this handbook is an essential companion for all trainee coaches It guides the reader through the practical skills and knowledge they ll need to successfully complete their training from the coaching relationship and case formulation through to supervision and research to professional issues such as setting up in private practice and working digitally It includes top tips for getting the most out of a coach training and addresses the what to do if questions most frequently asked by trainees      **Reading Architecture with Freud and Lacan** Lorens Holm,2022-09-30 Reading Architecture with Freud and Lacan Shadowing the Public Realm methodically outlines key concepts in psychoanalytic discourse by reading them against key modern and post modern architects It begins with what is arguably the central concept for each discipline by putting the unconscious in a dialectic relation to space Each subsequent chapter begins with a detail in architectural discourse a kind of provocation that anchors each excursion into the thought of Freud and Lacan The text is cyclical episodic and cloudlike rather than expository the intention is not simply to explain the concept of the unconscious but to different degrees perform it in the text The book offers powerful critiques of current planning practice which has no tools to address our attachment to places It concludes with powerful critiques of our incapacity to change the environmentally damaging ways we live our lives which is an effect of our incapacity to recognise the presence of the death drive in our nature The text is an extended thesis spanning the chapters that the field of the Other is the common grammar that organises subjects into civilisations which has consequences for how we treat the public realm in architecture politics and the city The field of the Other is a slightly different slice through the urban social world It shadows but does not correspond exactly to more familiar categories like private public inside outside figure ground or piazza boulevard Reading Architecture with Freud and Lacan will be an essential resource to anyone interested in how the environment we build is a reflection of our desire Psychoanalysis is one of the great humanist discourses of the 20th century and this book will be a valuable reference to the humanist in architects planners and social scientists whether they are students professionals or amateurs It will appeal to historians of the 20th century and to psychoanalysts and architects who are interested in how their respective discourses interdigitate with each other and with other discourses      [War And Peace](#) Leo Tolstoy,2009-02-26 A book that you don t just read you live Simon Schama Tolstoy s magnificent epic novel of love conflict fate and human life in all its imperfection and grandeur War and Peace begins at a glittering society party in St Petersburg in 1805 where conversations are dominated by the prospect of war Terror swiftly engulfs the country as Napoleon s army marches on Russia and the lives of three young people are changed forever The stories of quixotic Pierre cynical Andrey and impetuous Natasha interweave with a huge cast from aristocrats and peasants to soldiers and Napoleon himself Translated with an Introduction and Notes by Anthony Briggs with an Afterword by Orlando Figes      *The Fiction of Doris Lessing* Ratna

**Honor in Political and Moral Philosophy** Peter Olsthoorn,2014-12-03 Argues for revitalizing the place of honor in contemporary life In this history of the development of ideas of honor in Western philosophy Peter Olsthoorn examines what honor is how its meaning has changed and whether it can still be of use Political and moral philosophers from Cicero to John Stuart Mill thought that a sense of honor and concern for our reputation could help us to determine the proper thing to do and just as important provide us with the much needed motive to do it Today outside of the military and some other pockets of resistance the notion of honor has become seriously out of date while the term itself has almost disappeared from our moral language Most of us think that people ought to do what is right based on a love for justice rather than from a concern with how we are perceived by others Wide ranging and accessible the book explores the role of honor in not only philosophy but also literature and war to make the case that honor can still play an important role in contemporary life

**Bondarchuk's War and Peace** Denise J. Youngblood,2014-11-07 Sergei Bondarchuk s War and Peace one of the world s greatest film epics originated as a consequence of the Cold War Conceived as a response to King Vidor s War and Peace Bondarchuk s surpassed that film in every way giving the USSR one small victory in the cultural Cold War for hearts and minds This book taking up Bondarchuk s masterpiece as a Cold War film an epic a literary adaptation a historical drama and a rival to Vidor s Hollywood version

recovers and expands a lost chapter in the cultural and political history of the twentieth century Like many great works of literature Tolstoy's epic tale proved a major challenge to filmmakers After several early efforts to capture the story's grandeur it was not until 1956 that King Vidor dared to bring War and Peace to the big screen American critics were lukewarm about the film but it was shown in the Soviet Union to popular acclaim This book tells the story of how the Soviet government military and culture ministry all eager to reclaim this Russian masterpiece from their Cold War enemies pulled together to make Bondarchuk's War and Peace possible Bondarchuk an actor who had directed only one film was an unlikely choice for director and yet he produced one of the great works of Soviet cinema a worthy homage to Tolstoy's masterpiece an achievement only sweetened when Russia's Cold War adversary recognized it with the Academy Award's Oscar for Best Foreign Language Film of 1968 Denise Youngblood examines the film as an epic and at seven hours long released in four parts at a cost of nearly 700 000 000 in today's dollars it was certainly that a literary adaptation a complex reflection on history and a significant artifact of the cultural Cold War between the US and the USSR From its various angles the book shows us Bondarchuk's extraordinary film in its many dimensions aesthetic political and historical even as it reveals what the film tells us about how Soviet patriotism and historical memory were constructed during the Cold War
