Warriors Every Man Matters:

Warriors Michael Obermire, 2011-12 *Warriors Every Man Matters* is a collection of short stories with a Christian message presented in an adventurous dramatic fashion infused with humor and realism. The author uses brief yet in depth vignettes of everyday life to explore how we can embody a biblical concept: hope, love, forgiveness, each day. *Warriors* also addresses the big issues like the death of a family member and drug use but never in an accusing manner. The main characters ranging from soldiers, construction workers, boxers, and professional baseball players to fathers, businessmen, and families create a wide reader appeal. The primary target audience is men but women have also shown a strong interest. Questions and thoughts to consider are included at the end of each of the twenty-five stories to encourage the use of *Warriors* for weekly study in a church or men's group.

The Code of the Righteous Warrior Alyn E. Waller, 2024-07-23. T. D. Jakes's *He Moves with Us* meets *The Art of War* in this accessible must-read. James Brown, host of *The NFL Today*, that will help modern men navigate and thrive in these unpredictable times. As someone who goes on yearly adventure and survivalist excursions, Rev. Dr. Alyn E. Waller, senior pastor of Philadelphia's Enon Tabernacle Baptist Church and longtime practitioner of martial arts, knows firsthand the importance of training. His work has allowed him to counsel countless men as they seek a new set of skills to thrive in today's world, and now *The Code of the Righteous Warrior* illustrates Waller's belief that ritualistic training can prepare men in all aspects of life. Dramatic shifts in our nation's cultural, economic, social, and political landscape have upended their lives, leaving them feeling betrayed and lost. But in this eye-opening and inspirational book, Waller draws from his Christian teachings and the lessons he's learned from martial arts and extreme adventures to offer men innovative strategies to help them fight today's challenges in ways that affirm their manhood. He offers ten crucial and accessible life tenets such as: prioritize the immediate threat, then handle first things first; conserve your resources, and you can survive fear and pain. *The Code of the Righteous Warrior* empowers you to live your best life and rise above any difficulties you may face.

The Dream Warrior Anthony Chibbaro, 2008-07-14. With elements of suspense and emotion, *The Dream Warrior* is designed to capture the imagination as well as to provoke serious thought and reflection about one's life. It continually asks the question: Does a man have but one destiny? How does a man or woman get to be the person they become? What unknown forces determine what a person feels, what a person thinks, and what life a person gets to live? How does a person handle their thoughts and feelings? How does a person handle the adversities and challenges that they face throughout their life? And when a person reaches the September of their years, what gives them satisfaction when they look back at their life? ***The Code of the Warrior*** Shannon E. French, 2025-08-21. Combining ethics, history, and psychology, this book examines historical and contemporary warrior cultures, arguing that today's warriors need a code to navigate the moral line between soldier and killer. Exploring the roots of military ethics, this third edition furthers author Shannon French's argument that modern troops need a code to shield their humanity as they endure the horrors of war, including updated first and last chapters addressing

the need for warrior codes throughout history and in today's military climate. Stories of ancient Greek and Roman soldiers, Chinese warrior monks, Vikings, Celts, Japanese samurai, medieval European knights, Islamic warriors, and Zulu warriors combine with contemporary perspectives on modern day warfare's latest technologies and power structures to present a truly global and timeless case for the exercise of restraint in warfare primarily for the benefit of those doing the fighting. A new chapter on the famous Zulu warrior Chief Shaka makes the important distinction between a warrior and a strongman. Incorporating philosophy with history, religion, anthropology, sociology, and moral psychology, French addresses concepts which resonate within and beyond military service. She also presents thoughtful answers to complex questions such as: Why should one side of a conflict show restraint if the other side does not? How can a command climate become corrupted? What is the difference between a warrior and a murderer or a terrorist or a strongman? How do changes in technology affect the conduct of war? French provides analysis grounded in her own decades of work with and for members of the U.S. military as well as her extensive international scholarship in military ethics. It is a must-read book for anyone interested in how wars can be fought ethically and how warriors can be spared the worst moral injury that comes from betraying their own chosen core values.

REDEFINING THE 21st CENTURY MAN: Principles and Disciplines to Unleash The Warrior Within Rafa Conde, Direct and brutally honest, Rafa Conde debunks the myth of toxic masculinity, redefining what it is to be a 21st Century Man. Men have lost their warrior spirit and have become soft. They have abdicated their roles and failed to lead themselves, their families, and businesses. Conde is on a life mission to change this paradigm. He makes a compelling case for the modern revival of the ancient warrior codes. This book explores the strategies and philosophies of ancient warrior cultures and their commanders. Throughout history, leaders like Marcus Aurelius, King David, and King Leonidas exhibited manly courage. Their ability to influence others and to embody the warrior spirit was unquestionable. Spartans, Samurais, and Knights lived by an exemplary code of conduct and exhibited fearlessness in combat. Zen and Stoicism played vital roles in forging mental toughness and courage. Today, the influence of these mindsets are seen in successful entrepreneurs, high achievers, and champion athletes. These long-lost principles, states of mind, and strategies have been consolidated into 25 **FORGING DISCIPLINES** with direct application in the modern world. By embodying these disciplines in your life, you will emerge a stronger leader, visionary, father, and husband. Essentially, a 21st Century Man.
