and Sweden This is the new face of socialism that D Souza confronts and decisively refutes with his trademark incisiveness wit and originality He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race gender and sexual orientation He reveals how it uses the Venezuelan not the Scandinavian formula D Souza chillingly documents the full range of lawless gangster and authoritarian tendencies that they have adopted United States of Socialism is an informative provocative and thrilling expos not merely of the ideas but also the tactics of the socialist Left In making the moral case for entrepreneurs and the free market the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism He shows how we can help Trump defeat the socialist menace
