Watteau And His World French Drawings From 1700 To 1750:

Watteau and His World Alan Wintermute, Colin B. Bailey, 1999 **Watteau and his world**, 2000 Antoine Watteau Mary D. Sheriff, 2006 The essays in Antoine Watteau Perspectives on the Artist and the Culture of His Time offer a richly textured portrait of the artist's life work and reputation for students, specialists and the general public. The volume brings together art historians whose research is currently defining the field of Watteau studies with scholars from history and literature who have published widely on the political and cultural trends of Watteau's era. Essays include studies of the artist's drawing practice, his relation to the emerging public sphere and the changing fortunes of his reputation as well as considerations of art dealing and fashion in Watteau's time. Other essays take up conversation, dance, seduction and theatricality as essential themes of Watteau's art. This volume will be an indispensable resource for all those interested in the visual culture of Regency France. *Watteau, Music, and Theater* Antoine Watteau, Georgia Cowart, 2009 Accompanying an exhibition in honor of Philippe de Montebello, Director Emeritus of The Metropolitan Museum of Art, this engaging book examines the influence of music and theater on the art of Jean Antoine Watteau, 1684-1721. Fifteen major paintings and a number of drawings by Watteau that illustrate the connections between painting and the performing arts in Paris are explored. In addition, drawings and prints by other 18th-century artists featuring musical or theatrical subjects and objects and musical instruments are included. Publisher description Fifteenth- to Eighteenth-century European Drawings Egbert Haverkamp Begemann (Kunsthistoriker), Metropolitan Museum of Art (New York, N.Y.), 1999 Early European art was a consuming interest of both Robert Lehman and his father Philip Lehman; an interest reflected in the remarkable number and quality of drawings they owned from the fifteenth and early sixteenth centuries. In addition to an important group of early German drawings, the collection includes a Saint Paul from a series associated with Jan van Eyck and the famous Scupstoel from the circle of Rogier van der Weyden, the only design for a decorative sculpture to survive from the fifteenth century. The great artists of the seventeenth century, Peter Paul Rubens, Jacob Jordaens, Claude Lorrain and Rembrandt, among them, are also represented. Rembrandt by seven drawings, including the large study of Leonardo's Last Supper that would stay in his mind all through his career. Drawings by Antoine Watteau, Jean Honor Fragonard, Gabriel de Saint Aubin, Thomas Gainsborough, Paul Sandby and George Romney are among the many from eighteenth-century France and England. The volume discusses all 153 drawings at length, placing each in its art-historical setting and complementing the discussion with comparative illustrations of related works. The Mobile Image from Watteau to Boucher David Pullins, 2024-08-13 Reframing long held assumptions about what distinguishes fine from decorative art this innovative study explores a mode of making seeing and thinking that slices across eighteenth century visual culture This book provides a new way of thinking about eighteenth century French art and visual culture by prioritizing production over reception Abandoning the ideologically driven discourse that distinguished fine from decorative art between the 1690s and 1770s The Mobile Image reveals how the two have been inextricably bound from the earliest stages of artistic instruction through the daily life of painters workshops In this study author David Pullins defines artisanal and artistic means of learning seeing and making through a system of mobile images motifs that were effectively engineered for mobility and designed never to be definitive always awaiting replication and circulation He examines the careers of Antoine Watteau Jean Baptiste Oudry and Francois Boucher situating them against a much broader cast of actors such as printmakers publishers anonymous studio assistants and architects among others to place eighteenth century painting within a wider context of media and making
