Practical Study of the Attributes of God C. Matthew McMahon, 2022-03-16 Is there a good reason to study the doctrine of God Knowing God or not knowing God has eternal consequences to it The Savior came to explain the Father John 1 18 and he said that eternal life is knowing God and knowing Jesus Christ whom God sent John 17 3 Such a knowledge must include something more than a mere knowledge of facts It must show a relationship of those facts one to another and how they relate as a whole to the life of the believer Such a study must show what the spiritual benefits are to the redeemed which then turns to the spiritual experience they have as they grow in Christ This volume deals with the application of the knowledge of God and how the doctrine of God should be a practical every day consideration in the life of the redeemed believer McMahon covers all the revealed Biblical attributes and perfections of God which also include some not generally considered He covers that God is incomprehensible Trinitarian glorious a pure spirit self sufficient simple unified impassible immutable infinite omnipresent eternal invisible omniscient all wise light truth free holy good faithful love gracious merciful longsuffering sovereign omnipotent righteous just wrathful jealous and eminently beautiful He ends with a concluding chapter on how the Christian should always be rejoicing in God s majesty

God-given Foods Eating Plan: for Lifelong Health, Optimization of Hormones, Improved Athletic Performance Gary F. Zeolla, 2007-03-01 This book studies different food groups with a chapter devoted to each major classification of foods First the Biblical evidence is considered then modern day scientific research Foods are classified as God given foods and non God given foods A healthy eating plan is composed of a variety of God given foods and avoids non God given foods Unlike other books on this subject this book does not promote a vegetarian diet since God gave us meat for food and meat eating is assumed throughout Scripture with no negative connotations Moreover meat poultry and fish can and should be included in a healthy eating plan The proposed eating plan is also designed to optimize hormones such as testosterone growth hormone and insulin This can produce dramatic differences in a person's health and well being and can lead to a gain in muscle mass and a loss of body fat It can also lead to improved athletic performance This book also looks at other aspects of athletic nutrition
