**Civil Action and the Dynamics of Violence** Deborah Denise Avant, Marie E. Berry, Erica Chenoweth, 2019 Many view civil wars as violent contests between armed combatants But history shows that community groups businesses NGOs local governments and even armed groups can respond to war by engaging in civil action Characterized by a reluctance to resort to violence and a willingness to show enough respect to engage with others civil action can slow delay or prevent violent escalations This volume explores how people in conflict environments engage in civil action and the ways such action has affected violence dynamics in Syria Peru Kenya Northern Ireland Mexico Bosnia Afghanistan Spain and Colombia These cases highlight the critical and often neglected role that civil action plays in conflicts around the world **Un gesto que hizo sonar el silencio** Ana Rosa Gómez Moral, 2025 *No en mi nombre: la oposición de Gesto por la Paz a la violencia* Izaskun Saéz de la Fuente Aldama, Ángela Bermúdez Vélez, 2025-06-12 Durante casi cinco d cada ETA opt por el uso de la violencia para conseguir sus objetivos pol ticos Mientras durante casi tres d cada diferentes organizaciones sociales se movilizaron en las calles para protestar contra el uso de la violencia as como para defender de distintos modos la dignidad y los derechos humanos de todas las personas y el di logo democr tico como v a privilegiada de gesti n de los conflictos sociales y pol ticos Lo hicieron con mucha menos visibilidad y enfrent ndose a la indiferencia cuando no a la oposici n e incluso al acoso de algunos sectores de la sociedad y de la clase pol tica Existieron distintos grupos con diversos planteamientos ideol gicos y unos m s estables que otros en funci n de la coyuntura pol tica aunque este libro se centra en las contribuciones te ricas y pr cticas de Gesto por la Paz a la desnormalizaci n y a la deslegitimaci n de la violencia tanto en el plano de las ideas y de la cultura pol tica como de sus estrategias de movilizaci n **Resisting Terror** Javier Argomaniz, 2025 Civil resistance campaigns have led to some of the most important international developments in recent years yet little is known of the role that civilian actors can play in challenging the use of violence by militant groups This book examines the role that social mobilization in the Spanish region of Basque Country played in the decline and end of the Basque armed separatist group Euskadi Ta Askatasuna ETA For more than four decades ETA waged a bloody campaign against the military and the Spanish and Basque police forces while causing a large number of civilian deaths The Basque case demonstrates that civil resistance can work against terrorism and this book will show that social mobilization is one of the factors that contributed to the failure of ETA s violent campaign It reflects on how activism by the peace movement helped to delegitimise the armed struggle in society explores the role civil society actors played in the construction of ideas that challenged ETA s political project and highlights how civil resistance to the armed group undermined the prestige of militants and helped to limit the social reach of violent extremist narratives Resisting Terror raises awareness of the importance of collective action not only against regimes but also non state militants and highlights the significance of civil activism as a tool to mitigate political violence *ETA's Terrorist Campaign* Rafael Leonisio, Fernando Molina, Diego Muro, 2016-07-28 This book analyses the rise and decline of the

Basque terrorist group Euskadi Ta Askatasuna ETA Basque Homeland and Freedom ETA declared a unilateral ceasefire in November 2011 bringing to a close a campaign of political violence that started in the late 1960s By the beginning of the twenty first century the overwhelming majority of secession supporters agreed that an independent Basque homeland would be realised through ballots and not bullets Providing an inter disciplinary overview of radical Basque nationalism that pays special attention to the drivers for ETA s decline defeat and disbandment this book includes chapters by historians political scientists and sociologists who offer three important theoretical and empirical contributions to the literature on nationhood and security studies Firstly the book re assesses the military conflict that opposed ETA and the Spanish state by paying special attention to tactical and strategic considerations as well as the counter terrorist policy itself Secondly it provides an original interpretation of the politics of fear which surrounded the process of victimization as well as assessing the extent to which the issue of violence led to the polarisation of citizens Thirdly the authors examine the historical narratives and rituals that contributed to the production and reproduction of identity binaries and memories of war Arguing that the defeat of ETA must be contextualised within the strategic evolution of Basque nationalism the declining resonance of the radical message and the effectiveness of the Spanish counter terrorist effort this book is essential reading for students and scholars working in the areas of European politics nationalism and terrorism studies *La voluntad del Gudari* Gaizka Fernández

La existencia de Carlos Fernández de Casadevante ha estado marcada por el terrorismo de ETA y por el nacionalismo vasco. A través de estas páginas expone su testimonio de lo sucedido recordando el daño irreparable ocasionado por la banda armada y el modo en que en su opinión el nacionalismo con su hegemonía política y social y su proyecto excluyente ha conformado a la sociedad vasca. Su objetivo, además de traernos el recuerdo de muchas de las víctimas y de incidir en la responsabilidad de los perpetradores de la violencia terrorista en cualquiera de sus formas, sea el asesinato, la amenaza, el destierro o la muerte civil, es dejar constancia de unos hechos que no deben ser olvidados y sobre todo reivindicar que estos deben ser conocidos por las generaciones presentes y futuras, superando los obstáculos que el nacionalismo vasco impone a la posibilidad de una memoria veraz. *Un gesto que hizo sonar el silencio*, 2013. **ETA** Leonisio, Rafael, Molina Aparicio, Fernando, Muro, Diego, 2021-06-13. ETA forma parte de la memoria colectiva de las espaldas y espaldas que han cohabitado en sus diversas generaciones en los últimos setenta años. La investigación científica sobre esta organización, su práctica de la violencia y el terror, su sustrato sociológico y su influencia en la política española es ingente y este libro demuestra que sigue en construcción. Durante décadas esta organización terrorista fue contemplada como virtualmente imbatible en un curso de estrategias terroristas y contraterroristas cambiantes y en un contexto en el que su violencia afectó extraordinariamente la convivencia política en España y muy especialmente en el País Vasco. Sin embargo, ETA fue derrotada policialmente y en la actualidad el debate público se centra en definir su curso histórico, las razones de su derrota y la naturaleza de su recuerdo colectivo. *ETA Terror y terrorismo* es un libro que tiene pocos precedentes en su ambición por abordar buena parte de las variables que caracterizaron a esta organización y a su historia. Este libro, escrito por reconocidos especialistas en la violencia política en el País Vasco, procedentes de diversas disciplinas, constituye un esfuerzo colectivo por interpretar la ingente producción científica y el estado actual del debate sobre una de las organizaciones terroristas más influyentes y letales de la Europa del tiempo reciente. **Nación y nacionalismos en la España de las autonomías** Varios autores, 2018-09-01.
