Jadran Mimica

Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration:

Unconscious Wisdom Dan Merkur, 2001-04-05 Contra both Freud and Jung argues that the unconscious is not exclusively irrational

Unconscious Wisdom Dan Merkur, 2001-04-05 In a detailed engagement with the psychoanalytic theories of dreams conscience empathy and creativity Dan Merkur argues that the superego is an unconscious reasoning process dedicated to the representation of the loved object The superego's access to the repressed and devotion of time to single topics make it both more knowledgeable and more intelligent than the conscious ego This is the final installment in Merkur's three volume exploration of the psychoanalysis of religious experiences volumes one and two are *The Ecstatic Imagination* *Psychedelic Experiences* and *The Psychoanalysis of Self Actualization and Mystical Moments and Unitive Thinking* also published by SUNY Press

Relating to God, Dan Merkur, 2013-11-21 In *Relating to God* Clinical Psychoanalysis Spirituality and Theism Dan Merkur conceptualizes religious discourse within psychoanalysis He proposes that God be treated as a transference figure whose analysis leads to a reduction of the parental content that is projected onto God Merkur notes that religious conversion experiences regularly involve theological intuitions that are either rational or owing to morbid complications have undergone displacement into irrational symbolism Analysis renders the religiosity more wholesome Traditionally psychoanalytic thought has been dismissive of religion Freud is on record however as having called psychoanalysis a neutral procedure He argued that religion with its dependency on a providential God who punishes disobedience imagines spirituality on the model of human parents and fails to approach spirituality in an appropriately scientific manner He wrote little of spiritual phenomena but mentioned both the rationality of the universe and the parapsychological occurrence of thought transference Occasionally later psychoanalysts used different language in order to contrast wholesome and morbid forms of religion Erich Fromm distinguished authoritarian and humanistic religions while D W Winnicott condemned fetishistic behavior while approving of playful illusions that require belief in These formulations constructed a middle position for clinicians neither categorically opposed to religion as classical psychoanalysis was nor do they embrace cultural relativity as spiritually oriented psychotherapists are currently advocating What sorts of spiritual practices does psychoanalysis find unobjectionable As examples of humanistic religion Fromm named Zen Buddhism Buddhist mindfulness meditation and the via negativa or way of negating that some Christian and Jewish mystics have followed Because the Bible based approaches are little known Merkur discusses their histories procedures and psychoanalytic understanding

Freud, the Contemporary Super-ego, and Western Morality Giosuè Ghisalberti, 2023-10-09 *Freud the Contemporary Super ego and Western Morality* traces the origins of the relationship between the morality of the super ego and the destructive impulse of the death drive in the liberal democracies of the 21st century Giosuè Ghisalberti begins by refuting the analysis by contemporary social theorists of the phenomenon described as the return of the religious presenting instead a comprehensive set of ideas as outlined by Freud in the writings of the 1920s and the analysis of a

contemporary theological political unconscious Ghisalberti argues that the psyche of the liberal West has regressed to an infantile and primitive present driven by an unconscious hostility towards the Oedipus complex and more comprehensively to Western civilization as a whole The book re examines Freud s psychoanalytic ideas on the nature of obsessions interpreted first from the murder of the primal father in Totem and Taboo and turns to his grounding ideals of intelligence creativity and freedom as the affirmation of the coming to be human in modernity Freud the Contemporary Super ego and Western Morality will be of great interest to psychoanalysts in practice and in training It will also be key reading for academics and scholars of psychoanalytic studies philosophy political theory and the humanities **Miracles** J. Harold Ellens, 2008-07-30 Can science

psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history We have all heard of what seem miraculous events which have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead These books led by an eminent scholar who serves as series editor for the Praeger series Psychology Religion and Spirituality examine miracles of body mind and spirit presenting the most recent research and writing on these uncommon events aiming to bring hard science to some of the most persistent and peculiar phenomena associated with the human race Can science psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history From news of a crippled woman who left her wheelchair and walked after an evangelist prayed over her to stories of people who died on the operating table only to be revived to tell of bright lights and the pathway to the afterlife we ve all heard of what seem miraculous events They have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead Some miracles are intricately tied to religious beliefs but there are millions of people who ascribe to no particular religion yet still believe that things happen that defy all laws of nature and thus defy scientific explanation In these books eminent scholar J Harold Ellens and his team of expert contributors examine miracles of body mind and spirit presenting the most recent research and writing on these uncommon events as they aim to bring hard science to some of the most persistent and peculiar phenomena associated with the human race *Maimonides' Cure of Souls* David Bakan, Dan Merkur, David S. Weiss, 2010-07-02 Is Moses Maimonides an unacknowledged ancestor of the psychoanalytic movement In this book David Bakan Dan Merkur and David S Weiss look at the great medieval Jewish philosopher s prescription for the cure of souls and its psychological significance In the Guide of the Perplexed Maimonides who was also a physician describes the soul s illness when sinners rationalize evil as

good they limit their capacities to reason imagine and behave well which also produces physical symptoms The cure depends on repentance in love and fear of God that is attained through philosophical knowledge the interpretation of dreams and visions and mystical contemplation The authors look at the Aristotelian background of Maimonides psychology Maimonidean mysticism his beliefs about prophecy and sexuality and what is known of Maimonides client population A final chapter discusses Maimonides and Freud noting that many distinctive features of the cure of souls are shared by Freud's original formulation of psychoanalysis Indeed the many points of convergence suggest Freud's direct or indirect contact with Maimonides legacy

Explorations in Psychoanalytic Ethnography Jadran Mimica, 2007-05-01 Whereas most anthropological research is grounded in social cultural and biological analysis of the human condition this volume opens up a different approach its concerns are the psychic depths of human cultural life worlds as explored through psychoanalytic practice and or the psychoanalytically framed ethnographic project In fact some contributors here argue that the anthropological interpretation of human existence is not sustainable without psychoanalysis others take a less extreme radical stance but still maintain that the unconscious matrix of the human psyche and of the intersubjective social reality of any given cultural life world is a vital domain of anthropological and sociological inquiry and understanding

Wittgenstein on Freud Reexamined: Psychoanalytic Treatments as Language-Games Józef Bremer, 2025-06-19 In Wittgenstein on Freud Reexamined psychoanalytical therapy is interpreted with the Wittgensteinian term language game Both terms are embedded in their different practical horizons of use rich in content and share a familiar context of everyday language This book is an extensive and detailed investigation of the primary sources An original perspective on psychoanalytical therapy emerges from rereading Freud and Wittgenstein through the primacy of language in their work The possibility of significantly expanding the use of language games results from a careful examination of the beginnings of psychoanalysis Wittgenstein's ambivalent attitude toward psychoanalysis appears in a new light

Time, Self, and Psychoanalysis William W. Meissner, 2007-03-06 This book is a study of time particularly of the nature of subjective time that is time as subjectively experienced and lived in contrast with time as measured objectively as for example by a clock The argument first addresses the development of the time experience its origins in infantile experience and traces its variations and modifications during the course of the life cycle As the life course advances concerns about and preoccupations with death play an increasingly important role in attitudes toward and involvement in temporally related contexts The next step is an examination of the phenomenology of time experience itself and its dependence on biorhythms and affective influences An important aspect of this discussion is the relation between time experience as a conscious phenomenon and the functioning of unconscious determinants of the time experience This leads to the question given these conclusions regarding the nature of time experience what implications can we draw for the understanding of the nature and functioning of the self within psychoanalysis The book's final section applies these understandings to the analytic process focusing particularly on the

meaning of the time experience in the patient's psychic reality and patterns of enactment around issues of time and time management in the analytic situation

Ethics of Evil Jon Mills, Ronald C. Naso, 2018-03-29 In today's world where every form of transgression enjoys a psychological motive and rational justification psychoanalysis stands alone in its ability to uncover the hidden motives that inform individual and social collective behaviour Both in theory and practice it bears witness to the impact of anonymity on the potential for perpetration especially when others are experienced as faceless disposable objects whose otherness is at bottom but a projection displacement and denial of our own interiority in short the evil within In keeping with this perspective *Ethics of Evil* rejects facile rationalizations of violence it also rejects the idea that evil as a concept is inscrutable or animated by demonic forces Instead it evaluates the moral framework in which evil is situated providing a descriptive understanding of it as a plurality and a depth psychological perspective on the threat it poses for our well being and ways of life In so doing it also fashions and articulates an ethical stance that recognizes the intrinsic link between human freedom and the potential for evil

Psychoanalytic Approaches to Myth Daniel Merkur, 2005-07-05 This book surveys the history of psychoanalytic treatments of myths variously as symptoms of psychopathology as cultural defense mechanisms and as metaphoric expressions of ideas that may include therapeutic insights

Other Banalities Jon Mills, 2012-07-26 Melanie Klein is one of the few analysts whose body of work has inspired sociologists philosophers religious scholars literary critics and political theorists all attracted to the cross fertilisation of her ideas *Other Banalities* represents a long over due exploration of her legacy including contributions from acclaimed interdisciplinary scholars and practitioners The contributors situate Klein within the history of the psychoanalytic movement investigate her key theoretical and clinical advances and look at how her thought has informed contemporary perspectives in the behavioural sciences and humanities Topics covered range from Klein's major psychological theories to clinical pathology child development philosophy sociology politics religion ethics and aesthetics This volume reflects the auspicious future for Kleinian revivalism and demonstrates the broad relevance of Kleinian thought It will be of great interest to scholars and practitioners of psychology psychoanalysis and psychotherapy

Parabola, 1976

Forthcoming Books Rose Arny, 2001-06

Jung's Ethics Dan Merkur, 2017-05-12 This volume presents the first organized study of Jung's ethics Drawing on direct quotes from all of his collected works interviews and seminars psychoanalyst and religious scholar Dan Merkur provides a compendium of Jung's thoughts on various topics and themes that comprise his theoretical corpus from the personal unconscious repression dreams good and evil and the shadow to collective phenomena such as the archetypes synchronicity the psychoid the paranormal God and the Self as well as his contributions to clinical method and technique including active imagination inner dialogue and the process of individuation and consciousness expansion The interconnecting thread in Merkur's approach to the subject matter is to read Jung's work through an ethical lens What comes to light is how Merkur systematically portrays Jung as a moralist but also as a complex thinker who situates the human being as an instinctual animal struggling with internal conflict and naturalized sin

Merkur exposes the tension and development in Jung's thinking by exploring his innovative clinical technical methods and experimentation such as through active imagination inner dialogue and expressive therapies hence underscoring unconscious creativity in dreaming symbol formation engaging the paranormal and artistic productions leading to expansions of consciousness which becomes a necessary part of individuation or the working through process in pursuit of self actualization and wholeness In the end we are offered a unique presentation of Jung's core theoretical and clinical ideas centering on an ethical fulcrum whereby his moral psychology leads to a cure of souls Jung's Ethics will be of interest to academics scholars researchers and practitioners in the fields of Jungian studies and analytical psychology ethics moral psychology philosophy religious studies and mental health professionals focusing on the integration of humanities and psychoanalysis

Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Introduction

Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Offers a diverse range of free eBooks across various genres. Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration, especially related to Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration books or magazines might include. Look for these in online stores or libraries. Remember that while Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration, sharing copyrighted material without permission is not legal. Always ensure youre either

creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration eBooks, including some popular titles.

FAQs About Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration is one of the best book in our library for free trial. We provide copy of Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration. Where to download Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration online for free? Are you looking for Unconscious Wisdom A Superego Function In Dreams Conscience And Inspiration PDF? This is definitely going to save you time and cash in something you should think about.
