Monsters under Glass explores our enduring fascination with hothouses and exotic blooms from their rise in ancient times through the Victorian vogue for plant collecting to the vegetable monsters of twentieth century science fiction and the movies comics and video games of the present day Our interest in hothouses can be traced back to the Roman emperor Tiberius but it was only in the early nineteenth century that a boom in exotic plant collecting and new glasshouse technologies stimulated the imagination of novelists poets and artists and the hothouse entered the creative language in a highly charged way Decadent writers in England and Europe including Charles Baudelaire and Oscar Wilde transformed the hothouse from a functional object to a powerful metaphor of metropolitan life sexuality and being replete with a dark underside of decay and death and of consciousness itself nurtured and dissected under glass In a study as wide ranging vivid and beautiful as our beloved exotic blooms themselves Jane Desmarais charts the history and influence of these humid tropical worlds and their creations providing a steamy window onto our recent past

Mirages Anaïs Nin, 2013-10-15 *Mirages* opens at the dawn of World War II when Anaïs Nin fled Paris where she lived for fifteen years with her husband banker Hugh Guiler and ends in 1947 when she meets the man who would be the One the lover who would satisfy her insatiable hunger for connection In the middle looms a period Nin describes as hell during which she experiences a kind of erotic madness a delirium that fuels her search for love As a child suffering abandonment by her father Anaïs wrote Close your eyes to the ugly things and against a horrifying backdrop of war and death Nin combats the world's darkness with her own search for light *Mirages* collects for the first time the story that was cut from all of Nin's other published diaries particularly volumes 3 and 4 of *The Diary of Anaïs Nin* which cover the same time period It is the long awaited successor to the previous unexpurgated diaries *Henry and June* *Incest* *Fire* and *Nearer the Moon* *Mirages* answers the questions Nin readers have been asking for decades What led to the demise of Nin's love affair with Henry Miller Just how troubled was her marriage to Hugh Guiler What is the story behind Nin's children the effeminate young men she seemed to collect at will *Mirages* is a deeply personal story of heartbreak despair desperation carnage and deep mourning but it is also one of courage persistence evolution and redemption that reaches beyond the personal to the universal
