Ekelund Jr.,John D. Jackson,Robert D. Tollison,2017-07-03 The Economics of American Art analyzes the most pervasive economic issues facing the art world applied to the whole spectrum of American art Both practical and accessible this book will be essential for collectors auction houses American art experts of all kinds museums gallery owners and not least by economists with continuing scholarly interests in these matters **The Economics of American Art** Robert Burton Ekelund,John D. Jackson,Robert D. Tollison,2017 The Economics of American Art analyzes the most pervasive economic issues facing the art world applied to the whole spectrum of American art Both practical and accessible this book will be essential for collectors auction houses American art experts of all kinds museums gallery owners and not least by economists with continuing scholarly interests in these matters *Economics of Visual Art* Amy Whitaker,2021-08-12 How can arts managers artists and art market observers approach the study of economics Accompanied by hand drawn illustrations wide ranging case studies and expansive discussion resources this interdisciplinary microeconomics primer engages with complex and at turns political questions of value and resourcefulness with the artist or manager as the decision maker and the gallery museum or studio as the firm Whitaker arms the reader with analytic and creative tools that can be used in service to economic sustainability for artists and organizations By exploring the complexities of economics in application to art design and creative industries this book offers ways to approach the larger world as an art project **The Routledge Handbook of Tourism and Indigenous Peoples** Richard Butler,Anna Carr,2024-08-30 The Routledge Handbook of Tourism and Indigenous Peoples presents an up to date critical and comprehensive overview of established and emerging themes around Indigeneity and connections between Indigenous peoples and tourism development Offering socio cultural perspectives and multidisciplinary insights from leading Indigenous and non Indigenous scholars and tourism practitioners the book explores contemporary issues challenges and trends Organised into six sections the handbook explores Indigenous community involvement in tourism Indigenous entrepreneurship and innovation Indigenous tourism policies and politics and the complexities of colonialism and decolonisation issues This text focuses on the active role that Indigenous peoples have in the industry and uses international case studies and experiences to explore the global context of Indigenous tourism This handbook fills a notable gap by offering a critical and detailed understanding of the role of Indigenous practitioners and societies in tourism and how they interact within the tourism nexus It will be of interest to scholars students tourism practitioners and policymakers working in tourism development studies anthropology human geography and sociology **Philosophical Essays on Free Stuff** Robyn Ferrell,2021-01-12 In Philosophical Essays on Free Stuff Robyn Ferrell depicts figures of freedom in consumer culture a world made image by the internet and globalization Through word and

image associations Ferrell links the question of free to the effects of instrumentalism in the political sphere The discussion proceeds through these images which allow the question to come into focus through diverse perspectives Each essay is autonomous and all are linked Grounded in critical theory continental philosophy and cultural studies Ferrell explores ideas of free gift free thought free time free choice free love free market free speech and free world *Cultural Work and Creative Subjectivity* Xin Gu,2023-08-28 This book critically investigates the declining status of creative workers in contemporary societies following changes associated with the neoliberal creativity discourse from the distribution of resources around cultural production to consumption and from the management of labour time to life time These changes have narrowed career pathways for creative workers resulting in exploitative working conditions for both professionals and amateurs The contemporary cultural industries accentuate entrepreneurialism informed by social network markets and a capacity to engage technologised consumer culture This book suggests that a radically different view is needed to understand how creative workers justify their continued participation in the cultural industries It pays particular attention to the identities of marginalised cultural workers underpaid or under rewarded and argues that cultural work cannot be understood as a route into entrapment by self exploitation sacrificial labour nor as an abstract form of creative autonomy Creative workers must engage the artist critique to re claim the social values of making culture as public labour Bringing together theory and practice via contemporary case studies this book is a significant contribution to research on the cultural economy and will be of interest to researchers in this field and practitioners in the management of cultural work

Acquiring Cultures Bénédicte Savoy,Charlotte Guichard,Christine Howald,2018-12-03 As more parts of the world outside Europe became accessible and in the wake of social and technological developments in the 18th century a growing number of exotic artefacts entered European markets The markets for such objects thrived while a collecting culture and museums emerged This book provides insights into the methods and places of exchange networks prices expertise and valuation concepts as well as the transfer and transport of these artefacts over 300 years and across four continents The contributions are from international experts including Ting Chang N lia Dias No mie Etienne Jonathan Fine Philip Jones Sylvester Okwunodu Ogbachie L a Saint Raymond and Masako Yamamoto **Arts and Business** Elena Raviola,Peter Zackariasson,2016-10-04 Arts and Business aims at bringing arts and business scholars together in a dialogue about a number of key topics that today form different understandings in the two disciplines Arts and business are many times positioned as opposites Where one is providing symbolic and aesthetic immersion the other is creating goods for a market and markets for a good They often deal and struggle with the same issues framing it differently and finding different solutions This book has the potential of offering both critical theoretical and empirical understanding of these subjects and guiding further exploration and research into this field Although this dichotomy has a well documented existence it is reconstructed through the writing out of business in art and vice versa This edited volume distinguishes itself from other

writings aimed at closing the gap between art and business as it does not have a firm standpoint in one of these fields but treating them as symmetrical and equal The belief that by giving art and business an equal weight the editors also create the opportunity to communicate to a wider audience and construct a path forward for art and business to coexist **A**

Regulatory Framework for the Art Market? Anna Bolz, 2022-11-24 This book addresses practical issues in connoisseurship and authentication as well as the legal implications that arise when an artwork's authenticity is challenged In addition the standards and processes of authentication are critically examined and the legal complications which can inhibit the expression of expert opinions are discussed The notion of authenticity has always commanded the attention of art market participants and the general art minded public alike Coinciding with this forgery is often considered to be the world's most glamorous crime packed with detective stories that are usually astonishing and often bizarre The research includes findings by economists sociologists art historians lawyers academics and practitioners all of which yield insights into the mechanics and peculiarities of the art business and explain why it works so differently from other markets However this book will be of interest not only to academics but to everyone interested in questions of authenticity forgery and connoisseurship At the same time one of its main aims is to advocate best practices in the art market and to stress the importance of cooperation among all disciplines with a stake in it The results are intended to offer guidance to art market stakeholders legal practitioners and art historians alike while also promoting mutual understanding and cooperation **Understanding**
