WINNER NAMED A FINANCIAL TIMES BEST BOOK OF THE YEAR 2024 AI is on the brink of dominating our lives threatening our privacy and human future if we don't take action now In The Algorithm Emmy award winning Wall Street Journal and Guardian contributor Hilke Schellmann delivers a shocking and illuminating expos on one of the most pressing civil rights issues of our time how AI has quietly and mostly out of sight taken over the world of work Schellmann takes readers on a

journalistic detective story meeting job applicants and employees who have been subjected to these technologies playing AI based video games that companies use for hiring and investigating algorithms that scan our online activity to construct personality profiles including if we are prone to self harm She convinces whistleblowers to share results of faulty AI tools and tests algorithms that analyze job candidates facial expressions and tools that predict from our voices if we are anxious or depressed Schellmann finds employees whose every keystrokes were tracked and AI that analyzes group discussions or even predicts when someone may leave a company Her reporting reveals in detail how much employers already know about us and how little we know about the technologies that are used on us The Algorithm tells an even bigger story with Schellmann discovering faulty algorithms and systemic discrimination of women and people of color which may have already harmed thousands of job seekers and employees It advocates to go beyond these tools to more thoughtfully consider how we hire promote and treat human beings with or without AI As Schellmann emphasizes we need to decide how we build algorithmic tools in any industry and what protections we need to put in place in an AI driven world Hilke Schellmann is an Emmy award winning investigative reporter and journalism professor at NYU Her work covering artificial intelligence has been published in The New York Times The Guardian the MIT Technology Review and The Wall Street Journal where she led a team investigating how AI is changing our lives She has also reported for NPR s Planet Money podcast on fake online reviews and her investigation for VICE on HBO was a finalist for a Peabody Award Her PBS Frontline documentary Outlawed in Pakistan premiered at the Sundance Film Festival and was honored with an Emmy award

Up to Heaven and Down to Hell Colin Jerolmack, 2022-08-23 A riveting portrait of a rural Pennsylvania town at the center of the fracking controversy Shale gas extraction commonly known as fracking is often portrayed as an energy revolution that will transform the American economy and geopolitics But in greater Williamsport Pennsylvania fracking is personal Up to Heaven and Down to Hell is a vivid and sometimes heartbreaking account of what happens when one of the most momentous decisions about the well being of our communities and our planet whether or not to extract shale gas and oil from the very land beneath our feet is largely a private choice that millions of ordinary people make without the public s consent The United States is the only country in the world where property rights commonly extend up to heaven and down to hell which means that landowners have the exclusive right to lease their subsurface mineral estates to petroleum companies Colin Jerolmack spent eight months living with rural communities outside of Williamsport as they confronted the tension between property rights and the commonwealth In this deeply intimate book he reveals how the decision to lease brings financial rewards but can also cause irreparable harm to neighbors to communal resources like air and water and even to oneself Up to Heaven and Down to Hell casts America s ideas about freedom and property rights in a troubling new light revealing how your personal choices can undermine your neighbors liberty and how the exercise of individual rights can bring unintended environmental consequences for us all
