Ciao amore Philippe Brunel, 2012-02-15 La notte del 27 gennaio 1967 Luigi Tenco fu ritrovato senza vita nella sua camera nella d'pendance dell'Hotel Savoy a Sanremo Un suicidio apparentemente Solo poche ore prima aveva presentato in coppia con la cantante francese Dalida *Ciao amore ciao* al Festival della canzone ed era stato eliminato L'improvvisa scomparsa di Tenco sconvolse l'opinione pubblica lasciando un segno profondo nella memoria collettiva italiana Eppure l'inchiesta venne chiusa in tutta fretta Nelle luci sfavillanti del Casin di Sanremo dove all'epoca si svolgeva il Festival nella celebrazione festosa della musica leggera e dell'immenso business che essa portava con s quella scena di sangue infatti proprio non ci sarebbe voluta A quarant'anni di distanza un giornalista francese voce narrante di questo emozionante libro d'inchiesta viene invitato a scrivere un reportage sul caso di Tenco e Dalida anche lei suicida nel 1987 Superando presto l'iniziale disinteresse per avvenimenti cos lontani viene catturato dagli innumerevoli aspetti misteriosi cos che si butta a raccogliere tutti i documenti e a cercare i testimoni ancora viventi Ma a ogni passo della sua indagine vengono alla luce ulteriori buchi e contraddizioni nella versione ufficiale dei fatti Perch il corpo

di Tenco appena rinvenuto fu rimosso dalla stanza e portato di corsa all'obitorio per poi essere quasi subito trasportato di nuovo sul luogo della tragedia Come possibile che Luigi si sia sparato alla tempia sinistra pur non essendo mancino E dove fin la pallottola che ne provoc la morte E poi che cosa vide e fece in quelle ore Dalida che lasci quasi subito Sanremo dopo un interrogatorio sommario senza nemmeno partecipare al funerale Lei e Luigi erano davvero amanti oppure la loro storia era solo un'invenzione pubblicitaria della casa discografica E che ruolo ebbe Valeria misteriosa donna segreta di Tenco scoperta grazie all'epistolario emerso soltanto molti anni più tardi In Ciao amore Philippe Brunel che gli ha ricostruito con logica stringente il mistero del caso Pantani in un bestseller amato dal pubblico e dalla critica riprende e scandaglia con rigore e lucidità la vicenda tragica di Tenco che con il passare del tempo sembrava archiviata con una soluzione affrettata e di comodo E inoltrandosi nelle pieghe del passato consapevole di quanto sia difficile interpretare fatti remoti rivede una pagina significativa della nostra cultura e insieme onora la memoria di un grande artista scivolato prematuramente in un destino fatale

Skennerton,2005-01-01 *The Walther PPK for SHTF* Ben Cooper,2025-09-29 When most people hear Walther PPK they picture tuxedos martinis and a certain fictional spy who always seems to leave the party with his cufflinks unruffled That image is charming it is cinematic but it does not tell the whole story The PPK has spent nearly a century proving itself as a compact reliably built pistol that thrives in roles where space subtlety and reliability matter This book treats the PPK as what it can be in real life a pragmatic tool for survival not a prop for your next costume party Why a small pistol matters Survival is a long list of uncomfortable tradeoffs and firearms are no exception Bigger guns bring greater ballistic performance they carry an aura of deterrence and they make for reassuring wall art Smaller pistols bring concealability lower weight and less chance of getting in the way when you need mobility The PPK excels where those traits matter most for example when you need a discreet backup when you are bugging out on foot or when your priorities are blending in and moving fast It is not a panacea it is a carefully chosen tool that fits a specific set of problems A personal note because I am human I did my first real prep when I was twenty five sleeping in a tent behind a rental cabin after a storm took out the road to town I had a backpack that made my shoulders ache a headlamp with dying batteries and a cheap pistol that taught me more about practicality than any manual ever could I mention that because surviving is messy and theory rarely survives contact with reality The PPK feels familiar in my hand it is the sort of gun you reach for without announcing it That small comfort in the wrong place at the wrong time can make a bigger difference than another magazine or a fancily labeled survival kit This is not fanboy worship If you only read one chapter and expect me to declare the PPK the best gun ever you will be disappointed The PPK has limitations for example capacity is modest stopping power is limited by modern standards and ergonomics are not tailored for everyone I will be blunt about those failures and practical about workarounds You will read how to pick ammunition how to carry in different clothing situations and how to maintain the gun in the field You will also read scenarios where the PPK is a poor choice and what to have instead when circumstances demand it What this book will give you You will get hands on guidance for real world use not abstract talk Expect step by step maintenance routines you can do with common tools drills to build speed and accuracy with minimal

range time tips for concealed carry that respect both legality and ethics and a framework for deciding when to use the PPK and when to rely on something else I will include anecdotes from my own missteps because practical lessons stick better when they come with a bruise or two You will also find a few cheeky observations because if you cannot laugh while packing for doomsday you will cry packing for doomsday A final shape for your thinking This book is practical it is personal and it respects reality The PPK is part of a preparedness mindset that values flexibility forethought and quiet competence Read these pages practice the skills make decisions based on your actual environment and capabilities not based on glamour or nostalgia If you do that the PPK will be more than a piece of metal and wood it will be a considered part of how you and your family manage risk when the map you planned from gets redrawn Welcome to the small gun approach Turn the page keep an open mind and prepare to treat a classic pistol like a tool in the real world where improvisation discipline and simple competence win more fights than bravado 9mm Walther P-38 Ian D.
