War Independence John Fiske:

The War of Independence John Fiske, 1917 **The War of Independence, by John Fiske** John Fiske, 1893 *The War of Independence* John Fiske, 2015-11-27 John Fiske was a 19th century American historian who wrote several acclaimed books about the Revolutionary War and the colonial era including this one **The War of Independence** John Fiske, 2018-08-14

The War of Independence by John Fiske To relate by way of leading up to this little book all the previous achievements of its author would without disrespect to the greater or the less have somewhat the appearance of putting a very big cart in front of a pony But no idea could be more mistaken than that which induces people to believe a small book the easiest to write Easy reading is hard writing and a thoroughly good small book stands for so much more than the mere process of putting it on paper that its value is not at all to be judged by its bulk The offhand word of a man full of knowledge is worth a great deal more than the carefully prepared utterance of a person who having spoken once has nothing more to say In our introduction to this work therefore we propose to reverse the common process of tracing the author's development upwards and instead after stating the mere events of Mr Fiske's life to begin with *The War of Independence* and to follow his work backwards attempting very briefly to show how each undertaking was built naturally upon something before it and that the original basis of the structure was uncommonly broad and strong John Fiske was born in Hartford Conn 30th March 1842 and spent most of his life before entering Harvard as a sophomore in 1860 with his grandmother's family in Middletown Conn Two years after taking his degree at Harvard in 1863 he was graduated from the Harvard Law School but he cared so much more for writing than for the law that his attempt to practice it in Boston was soon abandoned In 1861 he made his first important contribution to a magazine and ever since has done much work of the same sort He has served Harvard College as University lecturer on philosophy 1869-71 in 1870 as instructor in history and from 1872 to 1879 as assistant librarian Since resigning from that office he has been for two terms of six years each a member of the board of overseers In 1881 he began lecturing annually at Washington University St Louis on American history and in 1884 was made a professor of the institution Since 1871 he has devoted much time to lecturing at large He has been heard in most of the principal cities of America and abroad in London and Edinburgh All this time his home has been in Cambridge Mass We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
