War Report Of The Oss Office Of Strategic Services:

War Report, Office of Strategic Services (OSS) United States. War Department. Strategic Services Unit. History Project, 1949 Volume 1 of the OSS War Report outlines the growth of COI OSS in Washington and the development of the functions of its various branches In volume 2 OSS activity in Europe Africa and the Middle East is related not by branches but according to each successive target area This War Report presents a well rounded study of the first comprehensive organization for intelligence and unorthodox warfare in the history of the United States I only regret that limitations of time prevented a fuller recording of OSS operations and experience The importance of OSS lies not only in its role in hastening military victory but also in the development of the concept of unorthodox warfare which alone constitutes a major contribution Of even farther reaching importance are the lessons learned and the contributions made to the future of American defense and foreign policy The experience of OSS showed above all how essential it is for winning the war and keeping the peace to base national policy upon accurate and complete intelligence Unorthodox warfare is now recognized as a vital part of our defense system William J Donovan Director Office of Strategic Services *War Report of the OSS (Office of Strategic Services)* Kermit Roosevelt, 1976 **War Report of the OSS (Office of Strategic Services)** United States. The secret war Report of the OSS Office of Strategic Service ,1976

The Jedburghs Will Irwin,2009-04-29 The story of the Special Forces in World War II has never fully been told before Information about them began to be declassified only in the 1980s Known as the Jedburghs these Special Forces were selected from members of the British American and Free French armies to be dropped in teams of three deep behind German lines There in preparation for D Day they carried out what we now know as unconventional warfare supporting the French Resistance in guerrilla attacks supply route disruption and the harassment and obstruction of German reinforcements Always they operated against extraordinary odds They had to be prepared to survive pitched battles with German troops and Gestapo manhunts for weeks and months while awaiting the arrival of Allied ground forces They were in short heroes The Jedburghs finally tells their story and offers a new perspective on D Day itself Will Irwin has selected seven of the Jedburgh teams and told their stories as gripping personal narratives He has gathered

archival documents diaries and correspondence and interviewed Jed veterans and family members in order to present this portrait of their crucial role a role recognized by Churchill and Eisenhower in the struggle to liberate Europe in 1944 45 This is narrative history at its most compelling a vivid drama of the battle for France from deep behind enemy lines
