Magus,2021-09-11 *The Warrior's Camera* Stephen Prince,1999-11-14 The Japanese film director Akira Kurosawa who died at the age of 88 has been internationally acclaimed as a giant of world cinema *Rashomon* which won both the Venice Film Festival's grand prize and an Academy Award for best foreign language film helped ignite Western interest in the Japanese cinema *Seven Samurai* and *Yojimbo* remain enormously popular both in Japan and abroad In this newly revised and expanded edition of his study of Kurosawa's films Stephen Prince provides two new chapters that examine Kurosawa's remaining films placing him in the context of cinema history Prince also discusses how Kurosawa furnished a template for some well known Hollywood directors including Martin Scorsese Steven Spielberg and George Lucas Providing a new and comprehensive look at this master filmmaker *The Warrior's Camera* probes the complex visual structure of Kurosawa's work The book shows how Kurosawa attempted to symbolize on film a course of national development for post war Japan and it traces the ways that he tied his social visions to a dynamic system of visual and narrative forms The author analyzes Kurosawa's entire career and places the films in context by drawing on the director's autobiography a fascinating work that presents Kurosawa as a Kurosawa character and the story of his life as the kind of spiritual odyssey witnessed so often in his films After examining the development of Kurosawa's visual style in his early work *The Warrior's Camera* explains how he used this style in subsequent films to forge a politically committed model of filmmaking It then demonstrates how the collapse of Kurosawa's efforts to participate as a filmmaker in the tasks of social reconstruction led to the very different cinematic style evident in his most recent films works of pessimism that view the world as resistant to change True Warrior ,2006-10 Feminism and Global Chineseness: The Cultural Production of Controversial Women Authors Aijun Zhu,2007 This book deconstructs the controversy of globally located Chinese women authors including Maxine Hong Kingston America Wei Hui Mainland China Li Ang Taiwan and Li Bihua Hong Kong It vividly shows how these authors are trapped in a dilemma between feminism nationalism and neocolonialism complicated by the powerful influences of global popular culture This book not only engages in the much debated major issues such as gender nation narration and globalization but more profoundly it also points out the cultural and political significance of literary and cultural criticism a much neglected area of research The author's detailed examination of Chinese nationalism from the perspectives of gender and globalization shows her sharp awareness of the changing geopolitical mapping of Chineseness Critics of Chinese literature and culture will benefit from this work in this era of social and political changes **The Worlds of a Maasai Warrior** Tepilit Ole Saitoti,1986 **Geronimo** Geronimo,S. M. Barrett,1996-03-01 I am thankful that the President of the United States has given me permission to tell my story I hope that he and those in authority under him will read my story and judge whether my people have been rightly treated Geronimo This book contains one of the most extraordinary and invaluable documents in the annals of Native American history the authentic testament of a remarkable war shaman who for several years held off both Mexico and the United States in fierce defense of Apache lands During 1905 and 1906 Geronimo

the legendary Apache warrior and honorary war chief dictated his story through a native interpreter to S M Barrett then superintendent of schools in Lawton Oklahoma As Geronimo was by then a prisoner of war Barrett had made appeals all the way up the chain of command to President Teddy Roosevelt for permission to record the words of the Indian outlaw Geronimo came to each interview knowing exactly what he wanted to cover beginning with his telling of the Apache creation story When at the end of the first session Barrett posed a question the only answer he received was a pronouncement Write what I have spoken Now Geronimo s narrative with S M Barrett s original commentary has been set in historical perspective by Frederick Turner s new introduction on the latest scholarship about the period These elements combine in Geronimo His Own Story to provide unique insights into the beliefs customs and way of life of a remarkable man and his people The Warrior's Code Jackie Tyrrell,2018-05 The Birth of the FBI Willard M. Oliver,2019-07-16 Most people believe the Federal Bureau of Investigation began under J Edgar Hoover in the 1920s or 1930s Many also naturally assume it was developed for the express purpose of fighting crime However the reality is very different The reality is it began years earlier in 1908 under President Theodore Roosevelt In The Birth of the FBI Teddy Roosevelt the Secret Service and the Fight Over America s Premier Law Enforcement Agency Willard Oliver details the political fight that led to the birth of America s premier law enforcement agency Roosevelt was concerned about conservation and one issue he wanted enforced were the fraudulent land deals being perpetrated by many people including some members of Congress When he began using the Secret Service to investigate these crimes Congress blocked him from doing so The end result of this political spat was Roosevelt s creation of the FBI which heightened the political row between the two branches of government in the final year of Roosevelt s presidency The truth of the matter is the premier law enforcement agency in the United States was actually created because of a political fight between the executive and legislative branches of government The Birth of the FBI reveals the true story behind the birth of the FBI and provides some useful insight into an important part of our American history

Transnational, National, and Personal Voices Elisabetta Marino,2004 The growing heterogeneity of Asian American and Asian diasporic voices has also given rise to variegated theoretical approaches to these literatures This book attempts to encompass both the increasing awareness of diasporic and transnational issues and more traditional analyses of Asian American culture and literature Thus the articles in this collection range from investigations into the politics of literary and cinematic representation to digging into the past through literary archeology or analyzing how consequential bodies can be in recent literature by Asian American and Asian diasporic women writers The book closes with an interview with critic and writer Shirley Lim where she insightfully deals with these transnational national and personal issues Elisabetta Marino is Assistant Professor of English literature at the University of Rome Tor Vergata Her main fields of interest are Asian American and Asian British literature children s literature Italian American literature Bego a Simal is Assistant Professor of English literature at the Universidade da Coru a Spain She has published critical work on both Asian American literature and

comparative cross ethnic studies **Racial Ambiguity in Asian American Culture** Jennifer Ann Ho, 2015-05-12 The sheer diversity of the Asian American populace makes them an ambiguous racial category Indeed the 2010 U S Census lists twenty four Asian ethnic groups lumping together under one heading people with dramatically different historical backgrounds and cultures In *Racial Ambiguity in Asian American Culture* Jennifer Ann Ho shines a light on the hybrid and indeterminate aspects of race revealing ambiguity to be paramount to a more nuanced understanding both of race and of what it means to be Asian American Exploring a variety of subjects and cultural artifacts Ho reveals how Asian American subjects evince a deep racial ambiguity that unmoors the concept of race from any fixed or finite understanding For example the book examines the racial ambiguity of Japanese American nisei Yoshiko Nakamura deLeon who during World War II underwent an abrupt transition from being an enemy alien to an assimilating American via the Mixed Marriage Policy of 1942 It looks at the blogs of Korean Taiwanese and Vietnamese Americans who were adopted as children by white American families and have conflicted feelings about their honorary white status And it discusses Tiger Woods the most famous mixed race Asian American whose description of himself as Cablinasian reflecting his background as Black Asian Caucasian and Native American perfectly captures the ambiguity of racial classifications Race is an abstraction that we treat as concrete a construct that reflects only our desires fears and anxieties Jennifer Ho demonstrates in *Racial Ambiguity in Asian American Culture* that seeing race as ambiguous puts us one step closer to a potential antidote to racism **The Greenwood**
