Your Incredible Energy Field Creative Pathway To Health And Happiness:

Your Incredible Energy Field Ronald S. Polack, 2014-06-12 Ronald Polack's Chiropractic practice burgeoned with patients achieving favourable results. As his sensitivity increased he was impressed with the remarkable results through no force hands on healing. This was so profound an experience for him and his patients Ronald eventually introduced Vibrational Healing as an effective way to clear and balance a body's amazing Energy Field. Ronald's writing also opens understanding of how you personally can clarify unhealthy attitudes and ways of thinking too common in all of us. [Follow Your Yellow Brick Road \(US Edition\)](#), **Parapsychology, New Age, and the Occult**, 1993 **Moving the Stars with Your Words** Harold Davis, 2004-07 We all have the power to achieve personal prosperity and physical health. Who hasn't dreamed of a life where this was true? There are two ways to respond to such a vision. We could stand by and cite all the physical, emotional, mental, social, economic or geographical reasons that thwart our progress. Or we could identify and remove the personal obstacles to achieving exactly what we want out of life. My book *Moving the Stars With Your Words* shows the reader the steps to achieving the latter. Today we measure our prowess as a species strictly in physical and technological terms. Modern medicine is proficient at diagnosing the physical causes of our illnesses while technology keeps pushing back the realm of the physical unknown. And yet we are a society still awash with mental and physical illnesses which neither medicine nor technology can eliminate. The great illusion of our times is that only others better qualified than we, particularly those versed in the technical sciences, hold the key to our welfare. My approach and philosophy of life has allowed hundreds of people to choose the experiences they wish to have and from there literally to speak those experiences into existence in other words to become the Creative Factor in their life. However, individual effort does not preclude conviction and faith in a higher power that can help realize a new life. No religious doctrine or formula of salvation here. Whatever the reader's spiritual inclinations, this co-creation as I call it, can create a life of magic. The only requisite is that we get on the side of the universe and speak our life into existence. [Consciousness Towards Abundance](#) Dr Sin Mong Wong, 2016-11-15 The book is about learning the languages of various fields beginning with mastering the three basics: thinking, speaking and writing. Mastering the three basics will lay the foundation for a life of abundance. A new definition of abundance embraces financial freedom, well-being, happiness, good relationships and being fit and healthy. Learning the languages of various fields includes money, mind, health and spirituality. In this book are strategies for creating financial freedom through asset investments, stocks, direct marketing, digital publishing and business. All experiences and strategies recommended for implementation are shared. All the discussions and examples are easy to implement for the purpose of living a life of abundance. *Sun Behind The Sun*, 2018-06-25 *Sun Behind The Sun* is an ebook for those who have already tasted the fruits of awakening but aren't yet quite sure where exactly spiritually they are.
