

TRIUMPH & DEFEAT

The Vicksburg Campaign, Vol. 2

TERRENCE J. WINSCHIEL

Foreword by Edwin C. Bearss

Triumph And Defeat The Vicksburg Campaign Volume 2

Steven E. Woodworth, Charles D. Gear

Triumph And Defeat The Vicksburg Campaign Volume 2:

Triumph & Defeat Terrence J. Winschel, 2022-05-20 The study of the Civil War in the Western Theater is more popular now than ever before and the center of that interest is the months long Vicksburg Campaign which is the subject of National Park Historian Terrence J Winschel's new book *Triumph Defeat The Vicksburg Campaign Vol 2* Following up on the popular success of his earlier book of the same name Winschel offers ten new chapters of insights into what has been declared by many to have been the most decisive campaign of the Civil War Designed to appeal to both general readers and serious students Winschel's essays cover a wide range of topics including military operations naval engagements leading personalities and even a specific family caught up in the nightmarish 47 day siege that nearly cost them their lives Smoothly written and deeply researched these fresh chapters offer balanced and comprehensive analysis written with the authority that only someone who has served as Vicksburg's Chief Historian since 1978 can produce Bolstered by photographs illustrations and numerous outstanding original maps this second volume in the *Triumph Defeat* series will stand as a lasting contribution to the study of the Civil War About the author Winschel is author of many books including *Triumph Defeat The Vicksburg Campaign* 1998 2004 *Vicksburg is the Key The Struggle for the Mississippi River* 2003 *Vicksburg Fall of the Confederate Gibraltar* 1999 and *The Civil War Diary of a Common Soldier* 2000 Terry is also a popular speaker on the Civil War Round Table circuit and has made frequent appearances on the History Channel He lives in Vicksburg where he works as the battlefield's chief historian

A Companion to the U.S. Civil War, 2 Volume Set Aaron Sheehan-Dean, 2020-05-05 *A Companion to the U S Civil War* presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory

The Inland Campaign for Vicksburg Timothy B. Smith, 2026-05-26 In this fifth and final volume of his renowned series detailing the campaign for Vicksburg Tim Smith sheds much needed light to this often misunderstood episode of the Union's efforts to take Vicksburg In the entire nine month long campaign there was no more tension and drama than in these seventeen days when Grant's Army of the Tennessee marched through the wilds of Mississippi claiming victory after victory tearing the heart out of the State of Mississippi and the Confederacy By the end of the swift assault Grant arrived victorious at the exact place he had worked to gain for months the high ground east of Vicksburg where he had access to both the city and an open and unchallenged supply route via the Yazoo River to the north He could finally begin the process of capturing Vicksburg Civil War historians have long disagreed about how to understand this moment of the Vicksburg Campaign as they analyze Union supply lines the swiftness of the campaign and other salient details of Grant's success Amid this debate Tim Smith has written the first standalone investigation of the

Inland Campaign which boasts new insights keen attention to primary sources and a broad clear eyed look at Grant s brilliance as he led the Army of the Tennessee toward Vicksburg Completing the Vicksburg series this book lies between Smith s Bayou Battles for Vicksburg January 1 April 30 1863 and The Union Assaults at Vicksburg May 17 22 1863

Triumph And Defeat Terrence J. Winschel,1999-08-21 The chief historian at Vicksburg National Military Park has edited this volume of ten essays on the Vicksburg campaign Topics include Grant s march through Louisiana Grierson and the Horse Soldiers raid siege operations the battle of Champion Hill and the charge of the U S Colored Troops at Port Gibson

Decisions of the Vicksburg Campaign Lawrence K. Peterson,2024-06-24 Vicksburg nicknamed the Gibraltar of the Confederacy was vital to Confederate supply lines troop movements and access to port cities on the Gulf of Mexico The fortified city had been under constant attack since 1862 as Admiral Farragut assaulted Vicksburg after capturing New Orleans and Major General Halleck enlisted then Major General Grant to devise an overland campaign to support a naval engagement As Vicksburg was heavily garrisoned and resupplied regularly Federal plans came up short again and again But the pugnacious Grant would eventually devise a bold plan to cross the Mississippi River and advance along the western bank use a feint by General Sherman s forces and a raid by Colonel Grierson s cavalry to draw out Confederate troops then recross the river and capture Vicksburg Decisions of the Vicksburg Campaign explores the critical decisions made by Confederate and Federal commanders during the battle and how these decisions shaped its outcome Rather than offering a history of the battle Larry Peterson hones in on a sequence of critical decisions made by commanders on both sides of the contest to provide a blueprint of the battles for Vicksburg at their tactical core Identifying and exploring the critical decisions in this way allows students of the battles to progress from a knowledge of what happened to a mature grasp of why events unfolded as they did Complete with maps and a driving tour Decisions of the Vicksburg Campaign is an indispensable primer and readers looking for a concise introduction to the battle can tour this sacred ground or read about it at their leisure with key insights into the campaign and a deeper understanding of the Civil War itself Decisions of the Vicksburg Campaign is the twentieth in a series of books that will explore the critical decisions of major campaigns and battles of the Civil War *The Siege of Vicksburg* Timothy B. Smith,2021-06-18 In *The Siege of Vicksburg Climax of the Campaign to Open the Mississippi River* May 23 July 4 1863 noted Civil War scholar Timothy B Smith offers the first comprehensive account of the siege that split the Confederacy in two While the siege is often given a chapter or two in larger campaign studies and portrayed as a foregone conclusion *The Siege of Vicksburg* offers a new perspective and thus a fuller understanding of the larger Vicksburg Campaign Smith takes full advantage of all the resources both Union and Confederate from official reports to soldiers diaries and letters to newspaper accounts to offer in vivid detail a compelling narrative of the operations The siege was unlike anything Grant s Army of the Tennessee had attempted to this point and Smith helps the reader understand the complexity of the strategy and tactics the brilliance of the engineers work the grueling nature of the day by day participation and the effect

on all involved from townspeople to the soldiers manning the fortifications The Siege of Vicksburg portrays a high stakes moment in the course of the Civil War because both sides understood what was at stake the fate of the Mississippi River the trans Mississippi region and perhaps the Confederacy itself Smith s detailed command level analysis extends from army to corps brigades and regiments and offers fresh insights on where each side held an advantage One key advantage was that the Federals had vast confidence in their commander while the Confederates showed no such assurance whether it was Pemberton inside Vicksburg or Johnston outside Smith offers an equally appealing and richly drawn look at the combat experiences of the soldiers in the trenches He also tackles the many controversies surrounding the siege including detailed accounts and analyses of Johnston s efforts to lift the siege and answers the questions of why Vicksburg fell and what were the ultimate consequences of Grant s victory

Vicksburg 1863 Steven Nathaniel Dossman,2014-09-16 This book examines the Vicksburg campaign a critical turning point during the American Civil War from the perspective of Texans and the rest of the Trans Mississippi Confederacy Vicksburg 1863 The Deepest Wound provides a thorough exploration of this pivotal Civil War campaign that pays special attention to the role played by Trans Mississippi troops especially Texans and evaluates the many consequences of the campaign for Confederate states west of the Mississippi River The book covers the Vicksburg campaign from its beginnings in November 1862 to its final conclusion in July 1863 describing the significant contributions of individuals such as Edmund Kirby Smith John C Pemberton Joseph E Johnston and Ulysses S Grant and providing evaluations of conflicts such as the Battle of Big Black River Bridge the Battle and Siege of Jackson the Battle of Port Gibson and the Battle of Raymond The work also examines how dramatically the fall of Vicksburg affected the Confederate states west of the Mississippi River and documents the disastrous effect of this Confederate loss upon both civilian and soldier morale in the region

A Companion to the U.S. Civil War Aaron Sheehan-Dean,2014-02-05 A Companion to the U S Civil War presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory

The Union Assaults at Vicksburg Timothy B. Smith,2025-08-05 It was the third week of May 1863 and after seven months and six attempts Ulysses S Grant was finally at the doorstep of Vicksburg What followed was a series of attacks and maneuvers against the last major section of the Mississippi River controlled by the Confederacy and one of the most important operations of the Civil War Grant intended to end the campaign quickly by assault but the stalwart defense of Vicksburg s garrison changed his plans The Union Assaults at Vicksburg is the first comprehensive account of this quick attempt to capture Vicksburg which proved critical to the Union s ultimate success and Grant s eventual solidification as one of the most significant military commanders in American history

Establishing a day to day and occasionally minute to minute timeline for this crucial week military historian Timothy B Smith invites readers to follow the Vicksburg assaults as they unfold His finely detailed account reaches from the offices of statesmen and politicians to the field of battle with exacting analysis and insight that ranges from the highest level of planning and command to the combat experience of the common soldier As closely observed and vividly described as each assault is Smith s book also puts the sum of these battles into the larger context of the Vicksburg campaign as well as the entire war His deeply informed in depth work thus provides the first full view of a key but little studied turning point in the fortunes of the Union army in the West Ulysses S Grant and the United States of America Bayou Battles for Vicksburg Timothy B. Smith, 2023-11-12 The dawn of 1863 brought a new phase of the Union s Mississippi Valley operations against Vicksburg For the first four months Union attempts to reach high and dry ground east of the Mississippi River would be plagued by high water everywhere and the resulting bayou and river expeditions would test everyone involved including the defending Confederates In *Bayou Battles for Vicksburg* the latest volume in his five volume history of the Vicksburg Campaign of the US Civil War Timothy B Smith offers the first book length examination of Ulysses S Grant s winter waterborne attempts to capture the Confederate stronghold of Vicksburg Mississippi The accepted strategy up to this point in the war was aligned with the principles of the Swiss theorist Antoine Henri Jomini whose work was taught at West Point where commanders on both sides of the conflict had been educated But Jomini emphasized secure supply lines and a slow steady unified approach to a target such as Vicksburg and never had much to say about creeks rivers and bayous in a subtropical swamp environment Grant threw out conventional wisdom with a bold and ultimately successful plan to avoid a direct approach and rather divide his forces to accomplish multiple goals and to confuse the enemy by cutting levies flooding whole sections of watersheds and bypassing strongholds by digging canals far around them *Bayou Battles for Vicksburg* details each of the Union attempts to reach high ground east of the Mississippi River and includes fresh research on the Yazoo Pass and Steele s Bayou expeditions Grant s canal and the Lake Providence effort Smith weaves several simultaneous Union initiatives together into a chronological narrative that provides great detail on the Union s successful final attempt to get to good ground east of the Mississippi *Behind the Rifle* Shelby Harriel-Hidlebaugh, 2019-02-25 During the Civil War Mississippi s strategic location bordering the Mississippi River and the state s system of railroads drew the attention of opposing forces who clashed in major battles for control over these resources The names of these engagements Vicksburg Jackson Port Gibson Corinth Iuka Tupelo and Brice s Crossroads along with the narratives of the men who fought there resonate in Civil War literature However Mississippi s chronicle of military involvement in the Civil War is not one of men alone Surprisingly there were a number of female soldiers disguised as males who stood shoulder to shoulder with them on the firing lines across the state *Behind the Rifle* Women Soldiers in Civil War Mississippi is a groundbreaking study that discusses women soldiers with a connection to Mississippi either those who hailed from the Magnolia State or those from

elsewhere who fought in Mississippi battles Readers will learn who they were why they chose to fight at a time when military service for women was banned and the horrors they experienced Included are two maps and over twenty period photographs of locations relative to the stories of these female fighters along with images of some of the women themselves The product of over ten years of research this work provides new details of formerly recorded female fighters debunks some cases and introduces over twenty previously undocumented ones Among these are women soldiers who were involved in such battles beyond Mississippi as Shiloh Antietam and Gettysburg Readers will also find new documentation regarding female fighters held as prisoners of war in such notorious prisons as Andersonville

The Decision Was Always My Own Timothy B Smith, 2018-07-13 Showing how and why Grant became such a successful general Smith presents a reexamination of the commander and the campaign His fresh analysis of Grant's decision making process during the Vicksburg siege and battle details the process of campaigning on military political administrative and personal levels

The Vicksburg Campaign, March 29-May 18, 1863 Steven E. Woodworth, Charles D. Grear, 2013-10-08 Ulysses S Grant's ingenious campaign to capture the last Confederate stronghold on the Mississippi River was one of the most decisive events of the Civil War and one of the most storied military expeditions in American history The ultimate victory at Vicksburg effectively cut the Confederacy in two gave control of the river to Union forces and delivered a devastating blow from which the South never fully recovered Editors Steven E Woodworth and Charles D Grear have assembled essays by prominent and emerging scholars who contribute astute analysis of this famous campaign's most crucial elements and colorful personalities Encompassed in this first of five planned volumes on the Vicksburg campaign are examinations of the pivotal events that comprised the campaign's maneuver stage from March to May of 1863 The collection sheds new light on Grant's formidable intelligence network of former slaves Mississippi loyalists and Union spies his now legendary operations to deceive and confuse his Confederate counterparts and his maneuvers from the perspective of classic warfare Also presented are insightful accounts of Grant's contentious relationship with John A McClernand during the campaign interactions between hostile Confederate civilians and Union army troops and the planning behind such battles as Grierson's Raid Port Gibson Raymond Jackson Champion Hill and Big Black River Bridge

Reevaluation Of Pemberton At Vicksburg Major Malcolm G. Haynes, 2015-11-06 Historians have largely agreed that Pemberton should shoulder the blame for the poor Confederate performance during the Vicksburg campaign General consensus exists among American Civil War historians that Pemberton proved a confused indecisive and incompetent commander and his poor leadership led to the Confederate defeat However an examination of the Vicksburg campaign conducted at the operational level of war shows that throughout the campaign Pemberton led a capable and competent defense not just of Vicksburg but of the Mississippi Department he commanded He relied on an operational approach that involved fighting from prepared defensive positions in favorable terrain deep in his own territory and anchored by natural obstacles To attack such a position Pemberton knew an opponent would need a large force operating over an

extended line of communications LOC Pemberton intended to interdict his opponent's LOC using a strong cavalry force thus preventing the enemy from achieving the offensive momentum necessary to break through Vicksburg's defenses This was a sound operational approach However it failed because of an ineffective Confederate command structure that among other failures denied Pemberton the resources particularly adequate cavalry forces required to implement his operational approach

Mississippi in the Civil War Timothy B. Smith, 2010 A full examination of a population's passion and defeat The Surgeon's Battle Lindsay Rae Smith Privette, 2025-08-14 Between May 1 and May 22 1863 Union soldiers marched nearly 200 miles through the hot humid countryside to assault and capture the fortified city of Vicksburg Mississippi Upon its arrival the army laid siege to the city for a grueling forty seven days Disease and combat casualties threatened to undermine the army's fighting strength leaving medical officers to grapple with the battlefield conditions necessary to sustain soldiers' bodies Medical innovations were vital to the Union victory When Vicksburg fell on July 4 triumph would have been fleeting if not for the US Army Medical Department and its personnel By centering soldiers' health and medical care in the Union army's fight to take Vicksburg Lindsay Rae Smith Privette offers a fresh perspective on the environmental threats logistical challenges and interpersonal conflicts that shaped the campaign and siege In doing so Privette shines new light on the development of the army's medical systems as officers learned to adapt to their circumstances and prove themselves responsible stewards of soldiers' bodies **Gateway to the Confederacy** Evan C. Jones, Wiley Sword, 2014-05-12 A collection of ten new essays from some of our finest Civil War historians working today Gateway to the Confederacy offers a reexamination of the campaigns fought to gain possession of Chattanooga Tennessee Each essay addresses how Americans have misconstrued the legacy of these struggles and why scholars feel it necessary to reconsider one of the most critical turning points of the American Civil War The first academic analysis that delineates all three Civil War campaigns fought from 1862 to 1863 for control of Chattanooga the transportation hub of the Confederacy and gateway to the Deep South this book deals not only with military operations but also with the campaigns' origins and consequences The essays also explore the far-reaching social and political implications of the battles and bring into sharp focus their impact on postwar literature and commemoration Several chapters revise the traditional portraits of both famous and controversial figures including Ambrose Bierce and Nathan Bedford Forrest Others investigate some of the more salient moments of these campaigns such as the circumstances that allowed for the Confederate breakthrough assault at Chickamauga Gateway to the Confederacy reassesses these pivotal battles long in need of reappraisal and breaks new ground as each scholar reshapes a particular aspect of this momentous part of the Civil War CONTRIBUTORS Russell S Bonds Stephen Cushman Caroline E Janney Evan C Jones David A Powell Gerald J Prokopowicz William Glenn Robertson Wiley Sword Craig L Symonds Historical Dictionary of the Civil War Terry L. Jones, 2011 The Civil War was the most traumatic event in American history pitting Americans against one another rending the national fabric leaving death and devastation in its wake and instilling an anger

that has not entirely dissipated even to this day 150 years later This updated and expanded two volume second edition of the Historical Dictionary of the Civil War relates the history of this war through a chronology an introductory essay an extensive bibliography and hundreds of cross referenced dictionary entries on persons places events institutions battles and campaigns This book is an excellent access point for students researchers and anyone wanting to know more about the Civil War

Milliken's Bend Linda Barnickel,2013-04-15 At Milliken s Bend Louisiana a Union force composed predominantly of former slaves met their Confederate adversaries in one of the bloodiest engagements of the war This small yet important fight received some initial widespread attention but soon drifted into obscurity In Milliken s Bend Linda Barnickel uncovers the story of this long forgotten and highly controversial battle The fighting at Milliken s Bend occurred in June 1863 about fifteen miles north of Vicksburg on the west bank of the Mississippi River where a brigade of Texas Confederates attacked a Federal outpost Most of the Union defenders had been slaves less than two months before The new African American recruits fought well despite their minimal training and Milliken s Bend helped prove to a skeptical northern public that black men were indeed fit for combat duty After the battle accusations swirled that Confederates had executed some prisoners taken from the Colored Troops The charges eventually led to a congressional investigation and contributed to the suspension of prisoner exchanges between North and South Barnickel s compelling and comprehensive account of the battle illuminates not only the immense complexity of the events that transpired in northeastern Louisiana during the Vicksburg Campaign but also the implications of Milliken s Bend upon the war as a whole The battle contributed to southerners increasing fears of slave insurrection and heightened their anxieties about emancipation In the North it helped foster a commitment to allow free blacks and former slaves to take part in the war to end slavery And for African Americans both free and enslaved Milliken s Bend symbolized their never ending struggle for freedom

Early Struggles for Vicksburg Timothy B. Smith,2022-06-28 In Early Struggles for Vicksburg Timothy Smith covers the first phase of the Vicksburg campaign October 1862 July 1863 involving perhaps the most wide ranging and complex series of efforts seen in the entire campaign The operations that took place from late October to the end of December 1862 covered six states consisted of four intertwined mini campaigns and saw the involvement of everything from cavalry raids to naval operations in addition to pitched land battles in Ulysses S Grant s first attempts to reach Vicksburg This fall winter campaign that marked the first of the major efforts to reach Vicksburg was the epitome of the by the book concepts of military theory of the day But the first major Union attempts to capture Vicksburg late in 1862 were also disjointed unorganized and spread out across a wide spectrum The Confederates were thus able to parry each threat although Grant in his newly assumed position as commander of the Department of the Tennessee learned from his mistakes and revised his methods in later operations leading eventually to the fall of Vicksburg It was war done the way academics would want it done but Grant figured out quickly that the books did not always have the answers and he adapted his approach thereafter Smith comprehensively weaves the Mississippi Central

Chickasaw Bayou Van Dorn Raid and Forrest Raid operations into a chronological narrative while illustrating the combination of various branches and services such as army movements naval operations and cavalry raids Early Struggles for Vicksburg is accordingly the first comprehensive academic book ever to examine the Mississippi Central Chickasaw Bayou campaign and is built upon hundreds of soldier level sources Massive in research and scope this book covers everything from the top politicians and generals down to the individual soldiers as well as civilians and slaves making their way to freedom while providing analysis of contemporary military theory to explain why the operations took the form they did

Yeah, reviewing a ebook **Triumph And Defeat The Vicksburg Campaign Volume 2** could add your close links listings. This is just one of the solutions for you to be successful. As understood, deed does not recommend that you have fantastic points.

Comprehending as skillfully as bargain even more than supplementary will pay for each success. bordering to, the pronouncement as competently as sharpness of this Triumph And Defeat The Vicksburg Campaign Volume 2 can be taken as with ease as picked to act.
