Unconditional Good News Towards An Understanding Of Biblical Universalism:

The Annihilation of Hell Nicholas Ansell, 2014-07-08 This work analyses and evaluates Jurgen Moltmann's model of universal salvation and its relation to his understanding of the redemption or eschatological fulfilment of time. For Jurgen Moltmann, Hell is the nemesis of Hope. The Annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness. The negation of Hell and the fulfilment of history are inseparable. Attentive to the overall contours and dynamics of Moltmann's thinking especially his *zimzum* doctrine of creation, his eschatologically oriented philosophy of time and his expanded understanding of the nature-grace relationship, this study asks whether the universal salvation that he proposes can honour human freedom, promise vindication for those who suffer and do justice to biblical revelation. As well as providing an in-depth exposition of Moltmann's ideas, *The Annihilation of Hell* also explores how a covenantal universalism might revitalise our web of beliefs in a way that is attuned to the authorising of Scripture and the spirituality of existence. If divine and human freedom are to be reconciled as Moltmann believes, the confrontation between Hell and hope will entail rethinking issues that are not only at the centre of theology but at the heart of life itself.

Science, Religion, and Health Jay Harold Ellens, 2016-11-10 Psychology and theology interface at four levels: theory, development, research, process, data collection and clinical operation. At each level they connect in the model of humanness, anthropology, forming and functioning there and in that model of humanness it is in personality theory that psychology illumines theology and that psychology illumines theology. A theologian who does not take full advantage of the way psychology illumines theology is not serious about the work of theology. A psychologist who does not take full advantage of the way theology illumines psychology is not serious about the field and practice of psychology. *Science, Religion, and Health* explains in readable style how that interface and mutual illumination works and why it is crucial for Christian psychotherapists and pastors.

The Annihilation of Hell Nik Ansell, 2013-10-01 For Jurgen Moltmann, Hell is the nemesis of Hope. The annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness. Edward William Fudge, 2012-10-25 While carefully examining the complete teaching of Scripture on the subject of Final Punishment Fudge defends the view that the destiny of the unsaved will be final destruction rather than eternal conscious torment in hell as defended by the traditional view The 3rd edition of this meticulous and compelling book takes a close look at the traditionalist critics and brings an overview of developments in the last thirty years Satan and the Problem of Evil
Gregory A. Boyd, 2025-08-04 Where does evil come from If there is a sovereign creator God as Christian faith holds is this God ultimately responsible for evil Does God's sovereignty mean that God causes each instance of sin and suffering How do Satan his demons and hell fit into God's providential oversight of all creation and history How does God interact with human intention and action If people act freely does God know in particular every human decision before the choice is made In this important book Gregory A Boyd mounts a thorough response to these ages old questions which remain both crucial and contentious both practical and complex In this work Boyd defends his scripturally grounded trinitarian warfare theodicy presented in God at War with rigorous philosophical reflection and insights from human experience and scientific discovery Critiquing the classical Calvinist solution to the problem of evil he advocates an alternative understanding of the sovereignty of the trinitarian God and of the reality of Satan that sheds light on our fallen human condition While all may not agree with Boyd's conclusions Satan and the Problem of Evil promises to advance the church's discussion of these critical issues
