environment's ebbs and flows. The result is a dynamic interconnected web of critical business advantage balanced against uncertainty and risk and infused with AI. This is the world of Ecosystems Architecture. This book will introduce you to the challenges of designing hyper enterprise IT systems and the tools you will need as the era of Ecosystems Architecture dawns. It explains the proximity of new thinking to long held architectural tenets and outlines how and why thinking has moved on. It also reviews existing frameworks and explains how and why they fit into the broader landscape of architectural thinking.

The Business Communication Handbook Judith Dwyer, Nicole Hopwood, 2019-07-18. The Business Communication Handbook 11e helps learners to develop competency in a broad range of communication skills essential in the 21st century workplace with a special focus on business communication. Closely aligned with the competencies and content of BSB40215 Certificate IV in Business and BSB40515 Certificate IV in Business Administration, the text is divided into five sections: Communication foundations in the digital era; Communication in the workplace; Communication with customers; Communication through documents; Communication across the organisation. Highlighting communication as a core employability skill, the text offers a contextual learning experience by unpacking abstract communication principles into authentic examples and concrete applications and empowers students to apply communication skills in real workplace settings. Written holistically to help learners develop authentic communication related competencies from the BSB Training Package, the text engages students with its visually appealing layout and full colour design, student friendly writing style and range of activities.
