William L. Fox, 2011-04-15 How does the human mind transform space into place or land into landscape For more than three decades William L Fox has looked at empty landscapes and the role of the arts to investigate the way humans make sense of space In Terra Antarctica Fox continues this line of inquiry as he travels to the Antarctic the largest and most extreme desert on earth This contemporary travel narrative interweaves artistic cartographic and scientific images with anecdotes from the author's three month journey in the Antarctic to create an absorbing and readable narrative of the remote continent Through its images history and firsthand experiences snowmobile trips through whiteouts and his icy solo hikes past the edge of the mapped world Fox brings to life a place that few have seen and offers us a look into both the nature of landscape and ourselves

Shackleton's Epic Tim Jarvis, 2015-08-01 A new edition to mark the centenary Ernest Shackleton's epic 1916 journey across 1300 kms of hostile ocean in a tiny leaking boat and unmapped ice and snow to reach a rescue station by British Australian explorer Tim Jarvis who recreated Shackleton's Epic in 2012 Sir Edmund Hillary called it the greatest survival story of all time In 1916 just months into Ernest Shackleton's third expedition to the South Pole his ship the Endurance became trapped in pack ice and sank With winter setting in and supplies running out Shackleton faced a terrible quandary should he and his crew stay on a tiny inhospitable stretch of Antarctic island and die waiting Or should they make an almost certainly doomed journey and sail in a lifeboat across 900 miles of the world's wildest ocean then trek over unmapped

glaciers to reach help Showing astonishing courage Shackleton and a small band of men set off in an open boat Even more astonishingly they survived Almost a century later explorer and environmental scientist Tim Jarvis set out with a crew of five to replicate Shackleton's journey using the same equipment eating the same unpalatable food and facing the same hostile ocean conditions Shackleton's Epic is the story of that trip the wretched lows and the occasional highs and the mental and physical toughness required to survive in one of the last wildernesses on earth Moving between the past and the present this is a must read book for all Shackleton fans and lovers of epic adventure Jarvis's tribute to Ernest Shackleton's Antarctic expedition had had a danger and heroism worthy of the original GUARDIAN UK bone chilling and breathtakingly frightening a well written compelling read KIRKUS REVIEWS a ripping yarn BRISBANE NEWS serves to show just how brave skilled resourceful and optimistic the original explorers had been Verdict victory over adversity HERALD SUN

Antarctica in British Children's Literature Sinead Moriarty,2020-11-29 For over a century British authors have been writing about the Antarctic for child readers yet this body of literature has never been explored in detail Antarctica in British Children's Literature examines this field for the first time identifying the dominant genres and recurrent themes and tropes while interrogating how this landscape has been constructed as a wilderness within British literature for children The text is divided into two sections Part I focuses on the stories of early twentieth century explorers such as Robert F Scott and Ernest Shackleton Antarctica in British Children's Literature highlights the impact of children's literature on the expedition writings of Robert Scott including the influence of Scott's close friend author J M Barrie The text also reveals the important role of children's literature in the contemporary resurgence of interest in Scott's long term rival Ernest Shackleton Part II focuses on fictional narratives set in the Antarctic including early twentieth century whaling literature adventure and fantasy texts contemporary animal stories and environmental texts for children Together these two sections provide an insight into how depictions of this unique continent have changed over the past century reflecting transformations in attitudes towards wilderness and wild landscapes
