Whats So Great About America:

What's So Great About America Dinesh D'Souza, 2012-11-20 With What s So Great About America Dinesh D Souza is not asking a question but making a statement The former White House policy analyst and bestselling author argues that in the aftermath of September 11 2001 American ideals and patriotism should not be things we shy away from Instead he offers the grounds for a solid well considered pride in the Western pillars of science democracy and capitalism while deconstructing arguments from both the political Left and political Right As an outsider from India who has had amazing success in the United States D Souza defends not an idealized America but America as it really is and measures America not against an utopian ideal but against the rest of the world in a provocative challenging and personal book **Dinesh D'Souza's What's So Great About America** Harold Palmer, 2016-04-15 Is America a nation like any other with a past marked by injustice and oppression Or is America a shining city on a hill marked by exceptionalism one where the lamp of liberty and democracy burns brightly Dinesh D Souza has written What s So Great About America to respond to America s critics who deny that there is anything unique about America These critics include multiculturalists who allege historical racism and the oppression of minorities Western leftists who see America as a force of evil Third World intellectuals who deplore the legacy of colonialism and Islamic fundamentalists who view America as culturally decadent and morally corrupt In answering these critics D Souza argues that America is not only good but that it is great indeed it is the embodiment of freedom s ideal D Souza makes a strong case for America arguing that it is a free and prosperous society with unlimited opportunity for those seeking a better life Yet despite his enthusiasm for America his treatment of America s sins is unsatisfactory one sided and does not result in the vindication of America from the claims of her critics In his response to Dinesh D Souza s What s So Great About America Harold Palmer highlights America s three great sins i the oppression of the Native Americans ii slavery and iii historic discrimination of African Americans and other minorities Mr Palmer argues that D Souza fails to adequately respond to the accounts of America s critics with respect to any of these great sins or to the views of cultural conservatives who deplore America as culturally decadent and morally degenerate Finally in this volume Mr Palmer argues that D Souza fundamentally misunderstands the meaning of greatness In his constant repetition of the fact that America permits for economic opportunity D Souza forgets that greatness is not about material prosperity but about virtue temperance and justice Notwithstanding D Souza s incessant focus on wealth greatness can only ever be an attribute of a virtuous and upright society regardless of its material prosperity *What's So Great about America...* Kairos Valente, 2024-09-28 America The Good The Bad and the It s Complicated Take a hilarious and insightful journey through the heart of American culture warts and all This witty and engaging book explores the paradoxes and complexities of life in the USA delving into iconic symbols like baseball and apple pie while also tackling controversial issues like gun control healthcare and political polarization From the dream factory of Hollywood to the questionable rest stops of a classic road trip America dissects everything that makes

this country both fascinating and frustrating Join author Kairos Valente on a thought provoking exploration of The American Dream Is it still alive or just a fading memory Freedom of Speech What are the real limits in a world of cancel culture Consumerism How does our love of stuff shape our lives and our planet Reality TV What does our obsession with it say about us as a society The Great Outdoors How can we balance our love of nature with the threats to its future Innovation and Technology Can America maintain its leadership in a rapidly changing world This is not a dry academic analysis America uses humor anecdotes and a healthy dose of skepticism to paint a vivid and relatable picture of life in this captivating and contradictory country Whether you re an American seeking a fresh perspective on your own nation or a curious outsider trying to understand the USA this book offers a thought provoking and entertaining exploration of the American experience Get ready to laugh learn and maybe even question everything you thought you knew about America **Why Conservatives**

Tell Stories and Liberals Don't David M Ricci,2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public s attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford

Atonement and Forgiveness Roy L. Brooks,2004-10-07 This is a tightly argued book making a case for reparations to the U S black community based on a model of atonement and forgiveness **Race & Reconciliation in America** William S.

Cohen,Janet Langhart Cohen,2009-01-01 Convinced that what is needed in America is a serious open civil dialogue on racial ethnic and religious prejudice William S Cohen and Janet Langhart Cohen brought together an august and varied group of individuals in July 2008 Meeting in Washington D C the participants including Douglas Blackmon Deepak Chopra Sam Donaldson Louis Gossett Jr and the Honorable John Lewis came together to further a national conversation about the need for truth tolerance and reconciliation and what we can do to help all of our citizens to achieve their dreams in this land of great promise *Reason, Justice and Common Sense* Leonard/A Semas,2009-10 *What If the Bible Had Never Been*

Written? D. James Kennedy,Jerry Newcombe,2008-01-01 But the Bible more than any other book is also the most maligned on the market Many of the cities of our culture dismiss the Word of God In *What If the Bible Had Never Been Written* D James Kennedy and Jerry Newcombe show that this collection of books was indeed the inspiration for almost all of the great explorers scientists writers artists politicians and educators the world has ever known That such a book which has influenced

so many and stood the test of time for so long is dismissed as folklore or myth just goes to show what extremes nonbelievers will go to rationalize their behavior From the Ten Commandments which many of our laws and government are based upon to the Golden Rule a verse taken straight out of the New Testament to many of today s most common phrases and expressions there is no doubt as to the influence the Bible has on everyone in some degree every day What If the Bible Had Never Been Written provides a well documented and in depth look at the impact the Book of Books has had on humanity pointing to specific areas in today s society that would not be as they are now if it were not for the Bible **America's**
