Neufeld, 2007-06-15 People with faith have always struggled with whether to believe someone who claims to have a message from God Those with special interpretations of Scripture often claim just as much authority as those who claim to be prophets Writer and Bible teacher Henry Neufeld wrestles with the question of how to know what to believe Christian

Speaking for God Witness Lee, 2001-11 [Spirituality for Our Global Community](#)

Daniel A. Helminiak, 2008-02-08 In this groundbreaking book Daniel Helminiak provides a crucial spiritual option a middle path between modern society's secular materialism and traditional religion's otherworldly focus and institutional dogmatism The functional atheism of our contemporary consumer and scientific society as championed by current best selling authors Sam Harris The End of Faith Richard Dawkins The God Delusion and Christopher Hitchens God is Not Great doesn't satisfy our desire for lasting meaning and value But the parochial inflexible character of traditional religious beliefs increasingly result in personal local and global conflicts in our current world of pluralism globalization respect for science and progress Helminiak gives us a compelling vision of a global spirituality that downplays beliefs and emphasizes the essential spiritual dynamics of the common human quest for wholeness goodness freedom and community Spirituality for a Global Community builds on the spiritual facet of our common humanity stressing wholesome living on planet Earth and opening onto the range of religions and belief in God

Constructing Moral Concepts of God in a Global Age Myriam Renaud, 2022-07-29 Constructing Moral Concepts of God in a Global Age focuses on what people say and think about God rather than on arguments about God's existence It advances a theological method or step by step approach to explore and reframe personal convictions about God and the worldviews shaped by those convictions Since a moral God is more likely to foster a moral life this method integrates an ethical check to ensure that understandings of God and their associated worldviews are validly moral The proposed method builds on the work of twentieth century theologian Gordon Kaufman during the Kantian phase of his work It anticipates a person like God who hears prayers loves without end and comforts in times of hardship To accommodate today's pluralistic and globalized world the ethical check integrated in the method is a widely collaborative and vetted global ethic the Parliament of the World's Religions Declaration Towards a Global Ethic This volume of constructive philosophical theology is written for seminary students educators clergy study groups and anyone interested in delving more deeply and systematically into understandings of God whether their own or those of others

Hamlet's Search for Meaning Walter N. King, 2011 Theological and psychological interpretations of Shakespeare's most problematic play have been pursued as complementary to each other In this bold reading Walter N King brings twentieth century Christian existentialism and post Freudian psychological theory to bear upon Hamlet and his famous problems King draws on the support of Paul Tillich John Macquarrie and Nicolai Beryaev who radically reinterpreted the Christian doctrine of providence and presents an unconventional thesis He derives illuminating psychological insights from Erik Erikson the pioneer in the
