Where These Memories Grow History Memory And Southern Identity:

Where These Memories Grow W. Fitzhugh Brundage, 2015-12-01 Southerners are known for their strong sense of history But the kinds of memories southerners have valued and the ways in which they have preserved transmitted and revitalized those memories have been as varied as the region's inhabitants themselves This collection presents fresh and innovative perspectives on how southerners across two centuries and from Texas to North Carolina have interpreted their past Thirteen contributors explore the workings of historical memory among groups as diverse as white artisans in early nineteenth century Georgia African American authors in the late nineteenth century and Louisiana Cajuns in the twentieth century In the process they offer critical insights for understanding the many communities that make up the American South As ongoing controversies over the Confederate flag the Alamo and depictions of slavery at historic sites demonstrate southern history retains the power to stir debate By placing these and other conflicts over the recalled past into historical context this collection will deepen our understanding of the continuing significance of history and memory for southern regional identity Contributors Bruce E Baker Catherine W Bishir David W Blight Holly Beachley Brear W Fitzhugh Brundage Kathleen Clark Michele Gillespie John Howard Gregg D Kimball Laurie F Maffly Kipp C Brenden Martin Anne Sarah Rubin Stephanie E Yuhl

The Unfinished Exhibition Susanna Gold, 2016-12-08 The Unfinished Exhibition the first comprehensive examination of American art at the Centennial explains the critical role of visual culture in negotiating memories of the nation's past that conflicted with the optimism that Exhibition officials promoted Supporting novel iconographical interpretations with myriad primary source material author Susanna W Gold demonstrates how the art galleries and the audiences who visited them addressed the lingering traumas of battle the uneasy reunification of North and South and the persisting racial tensions in the post Emancipation era *Crossroads 2005* Ted Olson, 2005-11 This first volume of CrossRoads A Southern Culture Annual picks up where its predecessor the acclaimed biannual periodical CrossRoads A Journal of Southern Culture left off when the latter ceased publication in the mid 1990s Formerly edited by several graduate students affiliated with the University of Mississippi's Center for the Study of Southern Culture primarily by current editor Ted Olson Cross Roads A Southern Culture Annual will continue its original mission to provide a forum for diverse perspectives on the South and on Southern culture through combining compelling new fiction and poetry from well known as well as emerging Southern authors with eloquent articles memoirs oral histories and photo essays that interpret and celebrate relevant manifestations of the Southern cultural experience CrossRoads A Southern Culture Annual will deepen readers awareness of and connection to the South Sustaining Southern Identity Keith D. Dickson, 2011-11-21 Keith D Dickson's Sustaining Southern Identity offers a masterful intellectual biography of Douglas Southall Freeman as well as a comprehensive analysis of how twentieth century southerners came to remember the Civil War fashion their values and ideals and identify themselves as citizens of the South **Cajun Breakdown** Ryan Andre Brasseaux, 2009-06-04 Cajun Breakdown examines the social and cultural roots

of Cajun music's development through 1950. The idiom's synthetic nature suggests an extensive and intensive dialogue with popular culture that extinguishes the myth that Cajuns were an insular folk group astray in the American South. **Living**

History Ana Lucia Araujo, 2009-05-05 This book focusses on the several forms of reconstructing the slave past in the present. The recent emergence of the memory of slavery allows those who are or who claim to be descendants of slaves to legitimize their demand for recognition and for reparations for past wrongs. Some reparation claims encompass financial compensation but very often they express the need for memorialization through public commemoration, museums and monuments. In some contexts, presentification of the slave past has helped governments and the descendants of former masters and slave merchants to formulate public apologies. For some, expressing repentance is not only a means to erase guilt but also a way to gain political prestige. The authors analyse different aspects of the recent phenomenon of memorializing slavery, especially the practices employed to stage the slave past in both public and private spaces. The essays present memory and oblivion as part of the same process; they discuss reconstructions of the past in the present at different public and private levels through historiography, photography, exhibitions, monuments, memorials, collective and individual discourses, cyberspace, religion and performance. By offering a comparative perspective on the United States and West Africa as well as on Western Europe, South America and the Caribbean, the chapters offer new possibilities to explore the resurgence of the memory of slavery as a transnational movement in our contemporary world. **Southern Farmers and Their Stories** Melissa Walker, 2006-09-01

The industrial expansion of the twentieth century brought with it a profound shift away from traditional agricultural modes and practices in the American South. The forces of economic modernity, specialization, mechanization and improved efficiency swept through southern farm communities, leaving significant upheaval in their wake. In an attempt to comprehend the complexities of the present and prepare for the uncertainties of the future, many southern farmers searched for order and meaning in their memories of the past. In *Southern Farmers and Their Stories*, Melissa Walker explores the ways in which a diverse array of farmers remember and recount the past. The book tells the story of the modernization of the South in the voices of those most affected by the decline of traditional ways of life and work. Walker analyzes the recurring patterns in their narratives of change and loss, filling in gaps left by more conventional political and economic histories of southern agriculture. *Southern Farmers and Their Stories* also highlights the tensions inherent in the relationship between history and memory. Walker employs the concept of communities of memory to describe the shared sense of the past among southern farmers. History and memory converge and shape one another in communities of memory through an ongoing process in which shared meanings emerge through an elaborate alchemy of recollection and interpretation. In her careful analysis of more than five hundred oral history narratives, Walker allows silenced voices to be heard and forgotten versions of the past to be reconsidered. *Southern Farmers and Their Stories* preserves the shared memories and meanings of southern agricultural communities not merely for their own sake but for the potential benefit of a region, a nation and a world that has much to

learn from the lessons of previous generations of agricultural providers **Creating a Confederate Kentucky** Anne Elizabeth Marshall, 2010 Historian E Merton Coulter famously said that Kentucky waited until after the war was over to secede from the Union In this fresh study Anne E Marshall traces the development of a Confederate identity in Kentucky between 1865 and 1925 that belied the **Remembering Dixie** Susan T. Falck, 2019-08-23 Nearly seventy years after the Civil War Natchez Mississippi sold itself to Depression era tourists as a place Where the Old South Still Lives Tourists flocked to view the town's decaying antebellum mansions hoopskirted hostesses and a pageant saturated in sentimental Lost Cause imagery In *Remembering Dixie The Battle to Control Historical Memory in Natchez Mississippi 1865 1941* Susan T Falck analyzes how the highly biased white historical memories of what had been a wealthy southern hub originated from the experiences and hardships of the Civil War These collective narratives eventually culminated in a heritage tourism enterprise still in business today Additionally the book includes new research on the African American community's robust efforts to build historical tradition most notably the ways in which African Americans in Natchez worked to create a distinctive postemancipation identity that challenged the dominant white structure Using a wide range of late nineteenth and early twentieth century sources many of which have never been fully mined before Falck reveals the ways in which black and white Natchezians of all classes male and female embraced reinterpreted and contested Lost Cause ideology These memory making struggles resulted in emotional internecine conflicts that shaped the cultural character of the community and impacted the national understanding of the Old South and the Confederacy as popular culture Natchez remains relevant today as a microcosm for our nation's modern day struggles with Lost Cause ideology Confederate monuments racism and white supremacy Falck reveals how this remarkable story played out in one important southern community over several generations in vivid detail and richly illustrated analysis *History, Memory and Public Life* Anna Maerker, Simon Sleight, Adam Sutcliffe, 2018-07-06 *History Memory and Public Life* introduces readers to key themes in the study of historical memory and its significance by considering the role of historical expertise and understanding in contemporary public reflection on the past Divided into two parts the book addresses both the theoretical and applied aspects of historical memory studies Approaches to history and memory introduces key methodological and theoretical issues within the field such as postcolonialism sites of memory myths of national origins and questions raised by memorialisation and museum presentation Difficult pasts looks at history and memory in practice through a range of case studies on contested complex or traumatic memories including the Northern Ireland Troubles post apartheid South Africa and the Holocaust Examining the intersection between history and memory from a wide range of perspectives and supported by guidance on further reading and online resources this book is ideal for students of history as well as those working within the broad interdisciplinary field of memory studies
