Families in Society , 2008

Exploring Child Welfare Cynthia Crosson-Tower, 2007

Overview Exploring Child Welfare provides an overall look at the provision of services for children and their families from services that enhance and support family life to those that substitute for the child's own home The Fourth Edition of this accessible and engaging text continues to reflect the author's strong practice perspective and incorporates new developments in welfare reform and child welfare services The author bases her work on more than 30 years of experience in almost all areas of children's services including protective services foster care adoption court services residential treatment and school based services What Reviewers Are Saying The writing style is probably the number one reason I choose this textbook I especially like the way the author incorporates the case studies into the chapter This allows the students to easily make the connection between the material presented and real life I have not had a student complain about reading this text

Sandy Cook Fong University of Nebraska at Kearney The text examples cases are candid representations of child welfare

systems client and or service circumstances and other valuable case histories that provide students the ability to develop professional competence and personal integrity As an instructor and professional within the human service field this text has become a valuable reference and resource tool for myself and my students Kathleen M Gutowski Baker College Strengths accessibility of material suitability for BSW students cases geared to generalist agency practice comprehensive but not overwhelming holistic orientation Karen A Ford James Madison University Insert MyHelpingLab Advertisement

Understanding Child Development Rosalind Charlesworth, 2008 Understanding Child Development 7e is a text designed for students in early childhood teacher preparation programs and for teachers in service and those in related in service and preparation programs It is now available in the seventh edition and includes many new features and benefits For students it introduces the unique qualities of the young child as distinguished from older children and demonstrates how to work with young children in ways that correspond with their individual developmental level and social and cultural environment For in service teachers the text offers an opportunity to evaluate their views of young children and compare them with the views presented in the text In each section of the book critical social and cultural factors are related to young children's development and factors relevant to working with children with special needs are integrated throughout the text Other areas covered include developmentally appropriate practice readiness assessment working with children and families from diverse cultures development of early stages of reading the importance of brain development and play and learning Content is connected directly to the importance of play and technology to a young child's learning is included along with the popular theoretical views of learning Many real life examples and anecdotes are included in the text in order to make theory and research come alive The text is organized in larger sections with chapter divisions that provide the reader with easily digested segments of material Each chapter includes boxed problems for reflection and for further learning as well as further activities reference lists and review questions at the end of each chapter The text includes many examples explanatory charts and full color photographs and the online resources are expanded
