When The Tik Tik Sings:

Musicking TikTok Juan Bermúdez, 2024-12-12 This ethnographic work about TikTok's musicking in a glocal Austrian context complements and builds upon ethnomusicological assumptions, theories, and methods for the study of musical practices in digital spaces. An overview of elements that make up TikTok's interface as well as the technical performative possibilities that it allows, this book introduces a general categorization of existing performance types and how TikTokers appropriate the platform to make their music. It illustrates how some TikTokers became aware of and began using TikTok and it reviews some of the different strategies TikTokers apply to learn how to use the application and successfully develop their performances. Bermúdez explores how performers move from being ordinary users to becoming TikTokers, developing and performing an identity he calls TikTok Persona. Moreover, he discusses how some TikTok practices can and have occurred across multiple interconnected platforms and he examines how localities are articulated and negotiated in these contexts. Bermúdez argues for an understanding of musicking as a multimedia practice that different actors create and experience individually in everyday synchronous and asynchronous physical and digital situations. The so-called TikTokers create a sense of identity and community through their performances. This study suggests that a digital performance can be, aside from a representation of reality, an integral part of it, serving as a fundamental space for constructing and performing identity.

Popular Music of Vietnam Dale A. Olsen, 2008-06-30 Based on the author's research in Ho Chi Minh City, Hanoi, and other urban areas in Vietnam, this study of contemporary Vietnamese popular music explores the ways globalization and free-market economics have influenced the music and subcultures of Vietnamese youth, focusing on the conflict between the politics of remembering nurtured by the Vietnamese Communist government and the politics of forgetting driven by the capitalist interests of the

music industry Vietnamese youth at the end of the second and beginning of the third millennium are influenced by the challenges generated by a number of seemingly opposite ideologies and realities such as the past versus the present socialism versus capitalism and cultural traditionalism versus globalization Vietnam has undergone a radical demographic shift with a very pronounced youth movement and consequently Vietnamese popular culture has been radically reshaped by a young population coming of age in the twenty first century As Olsen reveals the way Vietnamese young people cope with these opposing and contrasting forces is often expressed in their active and passive music making *Reed and Bush Warblers* Peter Kennerley, David Pearson, 2010-11-30 This detailed and comprehensive identification guide follows in the mould of Sylvia Warblers and Pipits and Wagtails It primarily covers the genera Acrocephalus Locustella Cettia and Bradypterus together with a few smaller related genera To the uninitiated these are the archetypal little brown jobs and as if they weren't hard enough to identify anyway many of them are hard to see as well This authoritative handbook covers their identification in breathtaking detail illustrated with line drawings sonograms wonderful colour plates and photographs It is destined to become the ultimate reference for these challenging birds *Poems & Songs* Matthew Anderson, 1891 An Alphabetic Dictionary of the Chinese Language in the Foochow Dialect R.
