seasons in the ministry when they felt the weight of the ministry bearing down on them so heavily that they wondered if they were going to collapse from mental physical and spiritual exhaustion Pastors to often find themselves engaged in far too many projects while feeling if they stepped away the projects would fail Or they can feel like the circus entertainer frantically spinning all the plates hoping none of them fall If you know a pastor like that or if you are that pastor then this book is for you Does your ministry or organization suffer from volunteer attrition Many organizations experience volunteer attrition and because of the absence of volunteers the focus becomes diverted from moving forward with goals and projects to filling in positions that were once filled by trained and passionate workers The tragedy of attrition isn't always because of the workers lack of faithfulness and commitment It is quite possible that there are several other factors contributing to the volunteer attrition Would the volunteer attrition rate change if volunteer management became a higher priority within your organization Quality volunteer management is a must in any developing church It isn't just a new program but it is how your organization can accomplish its purpose statement without exhausting and burning out your church leadership team
