The Way Things Ought To Be

Leslie J. Briggs

The Way Things Ought To Be:

The Way Things Ought to be Rush H. Limbaugh, 1993 Limbaugh delivers his spirited defense of conservative values in blunt talk with scathing wit Includes new material on the Clinton administration plus a teaser from Limbaugh's new hardcover *See I Told You So* to be published in November **In Defense of Natural Theology** James F. Sennett, Douglas Groothuis, 2005-10-04 James F. Sennett and Douglas Groothuis have assembled a distinguished array of scholars to examine the Humean legacy with care and make the case for a more robust if chastened natural theology after Hume *God and Evil* Chad Meister, James K. Dew Jr., 2012-11-14 Leading thinkers in Christian philosophy and apologetics take on the problem of evil and suffering Essays from Gregory Ganssle, Yena Lee, Bruce Little, Garry DeWeese, R. Douglas Geivett, and others provide critical engagement with the New Atheists and offer grounds for renewed confidence in the God who is acquainted with grief

The Rhetorical Power of Popular Culture Deanna D. Sellnow, Thomas G. Endres, 2024-01-25 Can television shows like *Stranger Things*, popular music by performers like Taylor Swift, advertisements for products like Samuel Adams beer, and films such as *The Hunger Games* help us understand rhetorical theory and criticism? The Fourth Edition of *The Rhetorical Power of Popular Culture* offers students a step-by-step introduction to rhetorical theory and criticism by focusing on the powerful role popular culture plays in persuading us as to what to believe and how to behave. In every chapter, students are introduced to rhetorical theories presented with current examples from popular culture that relate to the theory and guided through demonstrations about how to describe, interpret, and evaluate popular culture texts through rhetorical analysis. Authors Deanna Sellnow and Thomas Endres provide sample student essays in every chapter to demonstrate rhetorical criticism in practice. This edition's easy-to-understand approach and range of popular culture examples help students apply rhetorical theory and criticism to their own lives and assigned work **International Management Ethics** Terence Jackson, 2011-02-03 What can we learn about management ethics from other cultures and societies? In this textbook, cross-cultural management theory is applied and made relevant to management ethics. To help the reader understand different approaches that global businesses can take to operate successfully and ethically, there are chapters focusing on specific countries and regions. As well as giving the wider geographical, political, and cultural contexts, the book includes numerous examples in every chapter to help the reader critique universal assumptions of what is ethical. By taking a closer look at the way we view other cultures and their values, the author challenges us to rethink commonly held assumptions and approaches in cross-cultural management and to apply a more critical approach **Reasons for Faith** (Foreword by Lee Strobel) Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith, but they are afraid they will not be able to answer questions that others may ask of them. First Peter 3:15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you. Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith. Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them

defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today s society

The Most Dangerous Man in America John K. Wilson,2025-10-16 John K Wilson the author of President Trump Unveiled tackles the ideologies of America s most notorious conservative radio talk show icon in *The Most Dangerous Man in America* Rush Limbaugh s Assault on Reason Rush Limbaugh is the most prominent figure in the conservative movement with millions of listeners every week on more than six hundred stations a larger media platform than almost any other individual in the nation And this is why he is so dangerous Despite refusing to uphold even the most basic standards of journalism Rush has been given an extensive wide reaching platform with which to spew his venom And spew it he does In this book author John K Wilson uses the most damning evidence of all Rush s own words to deliver the ultimate indictment of Limbaugh s bankrupt ideology and how it embodies the decline of the conservative movement Wilson catalogs the world according to Rush from the political conspiracies to his disdain for scientific evidence and apparent love of racist sexist and homophobic stereotypes and shows how the radio personality poisons any rational political rhetoric with an endless stream of slurs lies and intimidation Most revealingly the author demonstrates how Limbaugh s blustering baseless proclamations and love for savage personal attacks have had a chilling effect on both parties as he viciously targets not only liberals but also any Republican who dares question one of his conclusions Meanwhile Rush s viselike grip on the political arena has created a media monster so powerful that even liberal commentators are forced to engage with him and his polarizing discourse *The Most Dangerous Man in America* reveals Rush Limbaugh to be just that No matter what you thought about the man before you will never feel the same way about him again

Instructional Design Leslie J. Briggs,1991 Principles of instructional design Applications and illustrations

Sin Ted Peters,1994 Peters revisits the dark side of human nature and the perennial categories of sin that have been glossed over by our pluralistic culture Peters examines the kinds of evil that we confront on a daily basis and reminds us of the availability of grace

Why Does God Allow Suffering And Evil? John Ankerberg,Dillon Burroughs,2017-11-16 Where did suffering and evil begin Why doesn t God do something about suffering and evil Why do good things happen to bad people Do Heaven and Hell really exist Does Satan really exist How could God really send anyone to Hell These are questions that either you or someone you know has asked God welcomes sincere seekers of the truth This 6 session study may be done on your own or in a small group setting to help you answer these challenging questions
