Wise Women of Havana Spa Jose Bernardo, 2000-01-01 *Cuban American Fiction in English* Delores M. Carlito, 2005-05-25 Among Hispanic literatures Cuban American fiction is unique because of the Cuban American disposition to regard themselves as exiles rather than immigrants Many Cuban Americans have never been to Cuba and therefore must rely on the memories of those around them to draw conclusions about it These writers have grown up with English as their primary social language and feel more comfortable using English in their writing Until now no listing or bibliography has ever been compiled of Cuban American fiction written in English or its criticism As more works by Cuban Americans are being published every year a resource for such titles has become necessary The body of literature needs a publication that addresses the works of Cuban American authors for those who want an introduction to the subject more general knowledge about the topic or a more solid foundation from which to research it This is the first comprehensive work to address Cuban American fiction originally written in English It contains listings and annotations of all novels anthologies and short story collections written by the first and second generations of Cuban Americans This work also possesses listings and annotations of all secondary works that focus on this fiction Works begin in 1963 with *A Wake in Ybor City* by Jose Yglesias and run well into the first decade of the 21st century
