Bron Taylor, Jeffrey Kaplan

The Voice Of The Earth An Exploration Of Ecopsychology:

The Voice of the Earth Theodore Roszak, 2001-01-01 What is the bond between the human psyche and the living planet that nurtured us and all of life into existence What is the link between our own mental health and the health of the greater biosphere In this bold ambitious philosophical essay Publishers Weekly historian and cultural critic Roszak explores the relationships between psychology ecology and new scientific insights into systems in nature Drawing on our understanding of the evolutionary self organizing universe Roszak illuminates our rootedness in the greater web of life and explores the relationship between our own sanity and the larger than human world The Voice of the Earth seeks to bridge the centuries old split between the psychological and the ecological with a paradigm which sees the needs of the planet and the needs of the person as a continuum The Earth s cry for rescue from the punishing weight of the industrial system we have created is our own cry for a scale and quality of life that will free us to become whole and healthy This second edition contains a new afterword by the author

The Voice of the Earth Theodore Roszak, 1992 prevailing Reality Principle would have it nothing could be greater madness than to believe that beast and plant mountain and river have a point of view The Voice of the Earth seeks to bridge this centuries old split between the psychological and the ecological A true ecopsychology Roszak insists sees the needs of the planet and the needs of the person as a continuum In a sense that weaves science and psychiatry poetry and politics together he shows that

The Voice of the Earth Theodore Roszak, 2002-01-01 A new edition with a new afterword by Roszak of the first work to deal with the subject of ecopsychology the interface between environmental policy and ethics and human behavior

The Passionate Earth John H. Del Signore, 2023-03-16 About the Book The Passionate Earth is an eco psychology treatise that portrays the relationship the human species has maintained with planet Earth It begins with the great transition from hunter gatherer to agricultural living and follows societal development up to our present disposition of disconnection discord exploitation and our possible extinction in the near future An interdisciplinary understanding of the events and changes that have shaped our relationship with the Earth are presented in detail and how they have led to our present ecological crisis The book brings up the urgency of living in a sustainable manner and how we can change our lifestyles to create a state of harmony and connectedness with the biosphere The Passionate Earth is an urgent wake up call intended to promote concerted action to save our environment by all people As a species we are in danger of extinction in the next ten years due to our current unsustainable thinking behavior and lifestyles The presentation of the researched materials draws from a wide variety of interdisciplinary sources both interesting and relevant It is the intention The Passionate Earth will encourage readers to take our environmental crisis seriously and become good environmental stewards About the Author John H Del Signore has been involved in environmentally related volunteer activities since his college years as well as political and social issues as an activist His environmental interests have been self driven after becoming aware of the environmental crisis while in college He studied psychology and counseling psychology in grad school He self educated
