the unvarnished lives of the saints and holy people in a way that reveals the power of God's grace in their lives. Their stories and especially their brokenness are relatable to us all. An extensive index that includes names, feast days, and patronages will help you find the inspiration you are looking for in the lives of these holy people. New Trinitarian Ontologies, Volume I John Milbank, Ryan Haecker, JD Lyonhart, 2025-11-11. The Holy Trinity is the oldest idea of Christian hope. The study of being or ontology was once regarded as a seminal preparation for the study of God as the creative cause of all being in theology. Yet due to a series of theological mistakes, metaphysics came to be separated from the Trinity before God came to be conceived as the supreme being of all beings in general metaphysics, natural theology, and modern ontology. The analytic and continental philosophical traditions have since tended to treat the Trinity as at best superfluous and at worst redundant to modern formal ontologies. Yet the postmodern collapse of all such formal ontologies has prepared the path for a renewed study of metaphysics or ontology that shares in participation with the Trinity. New Trinitarian Ontologies names a creative response to this pivotal collapse of modern formal ontologies. If ontology cannot contain but rather more radically points to God and if all nature thus tends towards the supernatural, the angelic, and the metaphysical, then we should renew the study of the metaphysics or ontology of the Trinity. This volume represents a collection of responses to this challenge of rendering ontology in a Trinitarian style. The Shock of Holiness Michael Pakaluk, 2025-07-17. Moms at Mass are heroes not unlike the soldiers who landed at Iwo Jima. Children open us up to radical charity, the kind lived by martyrs. Obscure priests in backwoods France can change the world not by debating but by loving God. And a little bottle of holy water available for free at any Catholic church proves that the most precious things in life have no price. These are just a few of the extraordinary everyday insights of philosopher Michael Pakaluk, who attests that Christian sanctity is far nearer and far more beautiful than we think. With erudition and intellectual rigor, Professor Pakaluk sets his sights on some of the simplest truths of the Catholic faith and discovers that they are truly electrifying: the grace of infant Baptism, the earth-shaking event of transubstantiation, the extreme love of the saints, the surrendered fatherhood of Joseph, and the romance of chastity. Behold, calls Jesus, I make all things new. Guided by both faith and reason, readers of The Shock of Holiness can see this newness with their own eyes.

The Way, Part 1 The Evangelical Catholic, 2019-09-24. As Catholic disciples of Jesus, we mature to the extent that we allow the heart and habits of Jesus and his people to become ever more our own. The Way invites individuals and groups to reflect upon the heart and habits of discipleship with Scripture, discussion questions, and prompts for spiritual exercises. In Part 1, we reflect on the call to know God as friend, savior, and source of all life through Jesus Christ. In six sessions, we discuss how to nurture this friendship in prayer and in Scripture.
