The Voice Of The African Child:

The African Child's Dream Rachel Adekunle, 2020-10-29 An innovative book from a different perspective to the run of the mill self help books that basically goes into the deep waters of the struggles and challenges that stand in the path of the young child aspiring to a dream and it cuts across the role of the parent in a participatory as well as spiritual level to ensure that the role of every party is specified A book that uses the story telling approach to show the path to achieving dreams with the roles of the parent and ward and inclusive of nuggets for those living in a dream not of their own choosing A book for anyone who wants to live a full and rich life doing what they love and needing the tools to equip themselves Unmasking Kelvin Kagimbi Waweru, 2020-04-27 Growing up anywhere brings its share of problems but growing up in a continent such as Africa is a struggle beyond imagination for many residents Put yourself in the shoes of an African child or should I say feet because many children do not wear shoes Imagine growing up in a world where you lack the very basics in life food clean water medicine shelter safety a bed of your own Beyond that there are no toys no dolls and no soccer balls no sweets and treats at best a bed of reeds to sleep on School would be wonderful to attend but there is no money for school fees So you stay at home and wait for a miracle but for most there is none Life is simply survival and staying alive It would be amazing to learn how to read and write but it may never happen for some ordinary African child in fact there are not many in the family that Acquire the very basic education There are few ways out of the slum in which you live One is to get education join criminal gangs practice prostitution and at its worst get recruited to terror groups However that is not the way you learned in your church just up the path from your slum called Emanuel where they spoke of Holiness right living and faith in God to bring about a future with hope You have had a lot of hope prayed a lot but not seen the bright future In fact many of the African children do not live long to know what life had in store for them They succumb to illness calamities and hostility in the community Some are abandoned by their parents while others die in full watch of their parents who cannot do anything to stop the ordeal The big question would be did their parents choose to be poor Did they choose to live in drought infested regions which are unproductive Did they choose not to seek education Did they choose to bear children only for them to die or live a miserable life Well when you get to the depth of this book you will realize that you are only lucky that life did not serve you with the same fate It is sad that most people assume life is a bed of roses for everyone while it is totally a nightmare for many especially in poor African countries
