Friedman, Melani McAlister**

The Wind Doesn't Need A Passport Stories From The US Mexico Borderlands:

The Wind Doesn't Need a Passport Tyche Hendricks, 2010 There are other books dealing with life at the border but none as intelligent searching objective or encompassing as Tyche Hendricks vivid evocation of this region its people its landscape its industry its problems and its unique culture Peter Schrag author of Not Fit for Society Immigration and Nativism in America This vivid evocative book made me think of the Robert Frost line Something there is that doesn't love a wall Tyche Hendricks multilayered portrait of the human communities that transcend the U S Mexico border should remind us all of what an artificial thing barriers fences and checkpoints are Maybe just maybe someday we like so much of western Europe can do without them Adam Hochschild author of Bury the Chains This is an ambitious undertaking and Hendricks excels finding stories along the way that illustrate the clash between within and along that nearly 2 000 mile stretch of territory Her reporting illustrates that for many U S Mexico border residents the international bridge is something you cross on your way to visit family shop for groceries get to a doctor or work Macarena Del Rocio Hernandez University of Houston Dear President Obama next time you are at Camp David spend a couple of hours reading The Wind Doesn't Need a Passport While the Health Care overhaul may well come to define your presidency immigration will define the future of our country In this marvelous book rigorously grounded smartly argued beautifully crafted Tyche Hendricks captures in stories of biblical proportion the contours of the magical line that at once unites us and divides us as Americans and as neighbors of our indispensable partner in the South Ms Hendricks's book Mr President will remind you just what is at stake in getting immigration reform right All Californians Texans and Arizonians who think they know the border should read this book It is essential reading for our times Marcelo M Suarez Orozco Fisher Membership Fellow Institute for Advanced Study and co author of Latinos Remaking America Politics of the Rio Grande Valley Alexandre Couture Gagnon, Carlos D.

Gutierrez-Mannix, 2025-03-15 Politics of the Rio Grande Valley An Insider's Perspective to Regional Politics provides a nuanced understanding of regional politics in Southern Texas While most research tends to focus on macro and international structures here Carlos D Gutierrez Mannix and Alexandre Couture Gagnon lead and present an in depth analysis of the region and the social political and historical contexts in which it developed Each chapter is written by professors who are specialists in their field and who have extensive knowledge on the politics of the Rio Grande Valley From a social historical and political perspective Politics of the Rio Grande Valley allows the reader to understand how the Rio Grande Valley is a unique region which continues to evolve and which plays an important role in Texas and American Politics **The**

Cambridge History of America and the World: Volume 4, 1945 to the Present David C. Engerman, Max Paul Friedman, Melani McAlister, 2022-03-03 The fourth volume of The Cambridge History of America and the World examines the heights of American global power in the mid twentieth century and how challenges from at home and abroad altered the United States and its role in the world The second half of the twentieth century marked the pinnacle of American global

power in economic political and cultural terms but even as it reached such heights the United States quickly faced new challenges to its power originating both domestically and internationally Highlighting cutting edge ideas from scholars from all over the world this volume anatomizes American power as well as the counters and alternatives to the American empire Topics include US economic and military power American culture overseas human rights and humanitarianism third world internationalism immigration communications technology and the Anthropocene

Writing Immigration Marcelo Suarez-Orozco, Vivian Louie, Roberto Suro, 2011-09 No one in the news media should write or talk about immigration without reading *Writing Immigration* Lawrence O Donnell Host of MSNBC The Last word with Lawrence O Donnell I cannot help but applaud the idea for this book especially given the caliber of the editors The communication between social scientists and journalists is often not smooth and there is a strong rationale for attempting to bridge this divide on the issues surrounding immigration which appear at times to divide the American public into opposing camps Richard Alba author of *Blurring the Color Line* The New Chance for a More Integrated America Bringing together academics and journalists inviting them to talk with not at one another is an enterprise as important as it is rare When the participants in the conversation are as lively provocative and insightful as the contributors to *Writing Immigration* the result is a real treat For anyone who wants to understand how immigration is molding the nation's future this book is an indispensable read David Kirp is a professor at the Goldman School of Public Policy at the University of California at Berkeley and former associate editor of the *Sacramento Bee* A compelling book on an extremely timely topic from writers with a great capacity to spin a story Professor Patricia G ndara Co Director of The Civil Rights Project at UCLA Academics and journalists share the weighty responsibility of helping the public see where our ship is headed When it comes to immigration we need a cure for myopia and this important timely book is it a map for thinking about immigration in the round It will elevate the public conversation Danielle Allen UPS Foundation Professor of Social Science at the Institute for Advanced Study Immigration in the United States is our past our present and very likely our future The brilliance of this volume is that it looks both at its subject immigration through the very different lenses of journalism and academia juxtaposing their styles and approaches to explore one of the central policy dilemmas of our day the integration of immigrants not all of them legal and their children into American society and economy while critiquing the role of media and scholarly observers who shape our understanding of immigration as well Michael Jones Correa Professor of Government Cornell University *Living Together, Living Apart* April Schueths, Jodie Lawston, 2015-11-02 Immigration reform remains one of the most contentious issues in the United States today For mixed status families families that include both citizens and noncitizens this is more than a political issue it's a deeply personal one Undocumented family members and legal residents lack the rights and benefits of their family members who are US citizens while family members and legal residents sometimes have their rights compromised by punitive immigration policies based on a strict citizen noncitizen dichotomy This collection of personal narratives and academic essays is the first to focus on the

daily lives and experiences as well as the broader social contexts for mixed status families in the contemporary United States. Threats of raids, deportation, incarceration and detention loom large over these families. At the same time, their lives are characterized by the resilience, perseverance and resourcefulness necessary to maintain strong family bonds both within the United States and across national boundaries.

Borders of Belonging Heide Castañeda, 2019-02-26. *Borders of Belonging* investigates a pressing but previously unexplored aspect of immigration in America: the impact of immigration policies and practices not only on undocumented migrants but also on their family members, some of whom possess a form of legal status. Heide Castañeda reveals the trauma, distress and inequalities that occur daily alongside the stratification of particular family members' access to resources like education, employment and health care. She also paints a vivid picture of the resilience, resistance, creative responses and solidarity between parents and children, siblings and other kin. Castañeda's innovative ethnography combines fieldwork with individuals and family groups to paint a full picture of the experiences of mixed status families as they navigate the emotional, social, political and medical difficulties that inevitably arise when at least one family member lacks legal status. Exposing the extreme conditions in the heavily regulated U.S.-Mexico borderlands, this book presents a portentous vision of how the further encroachment of immigration enforcement would affect millions of mixed status families throughout the country.

Western American Literature, 2012. **Repère**, 2012. *The New Republic*. Herbert David Croly, 1985. *Congressional Record*. United States Congress, 1986. **The Hollywood Reporter**, 1954.

Continental Crossroads Samuel Truett, Elliott Young, 2004-11-01. Essays explore a transnational vision of the U.S.-Mexico borderlands and analyze this region's race, class and gender inequalities in historical perspective.

Tales from the Desert Borderland Lawrence J. Taylor, 2020-03-09. Taylor brings an ethnographer's eye, ear and many years of experience to this fictional portrait of life along the U.S.-Mexico desert border. In these linked short stories, readers are taken on a wild ride from San Diego to Nogales, into Mexican and Chicano neighborhoods, failed spas and defunct mining towns, rambling Native American reservations and besieged Wildlife Refuges. Along the way, they will share the conflicts, calamities and occasional triumph of an engaging cast of characters. While these tales treat such familiar border themes as drug and people smuggling, or hybrid and conflicting cultures and identities, they do so with a literary flair that revels in the rich diversity of border life as well as in its ambiguity, ambivalence, irony and often unexpected humor.

Border People Oscar J. Martínez, 1994-05-01. While the U.S.-Mexico borderlands resemble border regions in other parts of the world, nowhere else do so many millions of people from two dissimilar nations live in such close proximity and interact with each other so intensely. Borderlanders are singular in their history, outlook and behavior, and their lifestyle deviates from the norms of central Mexico and the interior United States. Yet these Mexicans, Mexican Americans and Anglo Americans also differ among themselves, and within each group may be found cross-border consumers, commuters and people who are inclined or disinclined to embrace both cultures. Based on firsthand interviews with individuals from all walks of life, *Border People* presents case histories of transnational

interaction and transculturation and addresses the themes of cross border migration interdependence labor border management ethnic confrontation cultural fusion and social activism Here migrants and workers functionaries and activists and mixers who have crossed cultural boundaries recall events in their lives related to life on the border Their stories show how their lives have been shaped by the borderlands milieu and how they have responded to the situations they have faced Border People shows that these borderlanders live in a unique human environment shaped by physical distance from central areas and constant exposure to transnational processes The oral histories contained here reveal to a degree that no scholarly analysis can that borderlanders are indeed people each with his or her own individual perspective hopes and dreams

U.S.-Mexico Borderlands Oscar J. Martinez, 1996-03-01 The U S Mexican borderlands form the region where the United States and Latin America have interacted with the greatest intensity In U S Mexico Borderlands Oscar Martinez has brought together both scholarly essays and primary documents that address the protracted conflict rooted in the vast difference in power between Mexico and its northern neighbor Each of the seven parts of this new reader explores a key issue in borderlands studies and contains several essays followed by documents such as treaties government reports newspaper articles and interviews

U.S.-Mexico Borderlands Oscar J. Martinez, 1996-03-01 The U S Mexican borderlands form the region where the United States and Latin America have interacted with the greatest intensity In U S Mexico Borderlands Oscar Martinez has brought together both scholarly essays and primary documents that address the protracted conflict rooted in the vast difference in power between Mexico and its northern neighbor Each of the seven parts of this new reader explores a key issue in borderlands studies and contains several essays followed by documents such as treaties government reports newspaper articles and interviews

Crossing stories Jessica Anne Chapin, 1997 **Border Confluences** Rosemary A. King, 2004-02 Border Confluences examines how the theme of cultural difference influences the ways that writers construct narrative space and the ways their characters negotiate those spaces from domestic sphere to national territory public school to utopia BOOK JACKET Writing on the Edge Tom Miller, 2003 Gathers essays poems song lyrics and short stories about the U S Mexico borderland with contributions by many famous literary figures

Fugitive Landscapes Samuel Truett, 2008-10-01 Published in Cooperation with the William P Clements Center for Southwest Studies In the nineteenth and early twentieth centuries Mexicans and Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labor struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national

narratives it offers new lessons for our own border crossing age
