Vision of God Nicolas Cusanus, Nicholas of Cusa, 2024-05-02 The Vision of God by Nicholas of Cusa is one of the foundational texts of late medieval Christian mysticism Known for his negative theology particularly as displayed in the seminal work De Docta Ignorantia Of Learned Ignorance Nicholas shows how accepting the limits of man's rational understanding leads to a fuller experience of the divine Man he believed is capable of comprehending God's inner being an experience he characterized as a coincidence of opposites Unlike his previous works though in The Vision of God Nicholas spends little time on a direct discussion of theology or philosophy and instead focuses directly on experience of the divine Despite growing interest in his life and works Nicholas of Cusa is often overlooked in discussions of Christian mysticism yet The Vision of God shows him as a true mystic theologian and teacher It is nearly impossible to read any portion of this book and not yearn for a glimpse of Cusa's vision Seeing God Hans Boersma, 2022-02-10 Winner of the Christianity Today Book Award in Theology Ethics To see God is our heart's desire our final purpose in life But what does it mean to see God And exactly how do we see God with our physical eyes or with the mind's eye In this informed study of the beatific vision Hans Boersma focuses on vision as a living metaphor and shows how the vision of God is not just a future but a present reality Seeing God is both a historical theology and a dogmatic articulation of the beatific vision of how the invisible God becomes visible to us In examining what Christian thinkers throughout history have written about the beatific vision Boersma explores how God trains us to see his character by transforming our eyes and minds highlighting continuity from this world to the next Christ centered sacramental and ecumenical Boersma's work presents life as a never ending journey toward seeing the face of God in Christ both here and in the world to come **The Heavenly Vision** Witness Lee, This book is intended as an aid
