The Informal American City Vinit Mukhija, Anastasia Loukaitou-Sideris, 2014-05-09 Every day in American cities street vendors spread out their wares on sidewalks food trucks serve lunch from the curb and homeowners hold sales in their front yards examples of the wide range of informal activities that take place largely beyond the reach of government regulation This book examines the informal revolution in American urban life exploring a proliferating phenomenon often associated with developing countries rather than industrialized ones and often dismissed by planners and policy makers as marginal or even criminal The case studies and analysis in *The Informal City* challenge this narrow conception of informal urbanism The chapters look at informal urbanism across the country empirically and theoretically in cities that include Los Angeles Sacramento Seattle Portland Phoenix Kansas City Atlantic City and New York City They cover activities that range

from unpermitted in law apartments and ad hoc support for homeless citizens to urban agriculture street vending and day labor The contributors consider the nature and underlying logic of these activities argue for a spatial understanding of informality and its varied settings and discuss regulatory planning and community responses Publisher's website *Nevada* Michael S. Green, 2015-03-23 Nevada A History of the Silver State has been named a CHOICE Outstanding Title Michael S. Green a leading Nevada historian provides a detailed survey of the Silver State's past from the arrival of the early European explorers to the predominance of mining in the 1800s to the rise of world class tourism in the twentieth century and to more recent attempts to diversify the economy Of the numerous themes central to Green's analysis of Nevada's history luck plays a significant role in the state's growth The miners and gamblers who first visited the state all bet on luck Today the biggest contributor to Nevada's tourist economy gaming still relies on that same belief in luck Nevada's financial system has generally been based on a one industry economy first mining and more recently gaming Green delves deeply into the limitations of this structure while also exploring the theme of exploitation of the land and the overuse of the state's natural resources Green covers many more aspects of the Silver State's narrative including the dominance of one region of the state over another political forces and corruption and the citizens often tumultuous relationship with the federal government The book will appeal to scholars students and other readers interested in Nevada history **Invisible Victims** Laura Huey, 2012-05-11 Despite Western society's preoccupation with safety and protection its most vulnerable members still lack access to the level of security that many of us take for granted In this trailblazing study Laura Huey illustrates the issue of a security gap faced by increasing homeless populations while they are among the most likely victims of crime they are also among the least served by existing forms of state and private security Invisible Victims presents the first comprehensive integrated study of the risks faced by homeless people and their attempts to find safety and security in often dangerous environments Huey draws not only on current debates on security within criminology but also on a decade's worth of her own field research on the victimization and policing of the homeless A theoretically and empirically informed examination of the myriad issues affecting the homeless Invisible Victims makes a compelling case for society to provide necessary services and above all a basic level of security for this population Professional Lives, Personal Struggles Martha Trenna Valado, Randall Amster, 2012-07-06 This edited volume illuminates critical research issues through the particular lens of homelessness bringing together some of the leading scholars in the field from an array of disciplines and perspectives to explore this condition of marginalization and the ethical dilemmas that arise within it The authors provide insights into the realities and challenges of social research that will guide students activists practitioners policymakers and service providers as well as both novice and seasoned researchers in fields of inquiry ranging from anthropology and sociology to geography and cultural studies Although many texts have explored the subject of homelessness few have attempted to encapsulate and examine the complex process of researching the issue as a phenomenon unto itself Professional Lives Personal Struggles

examines the many challenges of conducting ethical research on homelessness as well as the potential for positive change and transformation through the deeply personal accounts of scholars and advocates with extensive experience working in the field **Humanity & Society** ,2006 **Kidwatching in Josie's World** Neva Ann Medcalf,2008 Over twenty years of work and research with homeless children comes together in a scholarly work that puts a real face on the issue of homelessness especially for children Most people do not realize that children are among the thousands that are homeless and are the fastest growing segment of the homeless population The public tends to think about the bum on the corner with the cardboard sign or those sleeping under the bridges who accost them for a handout They do not realize that homelessness has an enormous and negative impact on growth development and learning for children This is an issue that affects schools communities and society at large Through qualitative observations in a one room classroom in a homeless shelter and in classrooms of an elementary school located in a subsidized housing project the development and use of language among homeless children classroom interactions between students and teachers and information regarding the effects of homelessness on children are closely examined This book re educates teachers educators and the general public in order to spur a new more accurate mindset about the reality and consequences of homelessness The work s larger purpose is to bring about compassionate implementation of the solutions necessary to eradicate this problem **Lost in Space** Randall Amster,2008 Amster explores the historical and contemporary implications of homelessness as a social and spatial problem drawing upon academic disciplines and policy concerns ranging from urban geography to legal advocacy Homeless people find themselves in a struggle to preserve places that are theoretically open to everyone regardless of status Urban spaces in particular manifest a complex ecology comprised of people culture architecture technology and the natural environment expressed through gentrification redevelopment and privatization In this ecology homeless people are criminalized for performing basic activities such as sitting or sleeping These trends are evident across the U S and internationally linking local issues with wider forces of globalization Law & Inequality ,2007 *Choice* ,2006 **The British National Bibliography** Arthur James Wells,2006 **Black Newspapers Index** ,2004 *The Journal of the International Brotherhood of Boiler Makers, Iron Ship Builders, and Helpers of America* ,1903 **Harper's Weekly** John Bonner,George William Curtis,Henry Mills Alden,Samuel Stillman Conant,Montgomery Schuyler,John Foord,Richard Harding Davis,Carl Schurz,Henry Loomis Nelson,John Kendrick Bangs,George Brinton McClellan Harvey,Norman Hapgood,1900 Safety Network ,1998 *The Utne Reader* ,1988-07 *Such a Vision of the Street* Eileen Egan,1986 This definitive account of the Calcutta nun contains stories and anecdotes that have appeared nowhere else and encompasses the worldwide character of Mother Teresa s missionary activity The story includes the early family life and the beginnings of Mother Teresa s religious life through to her founding the Missionaries of Charity which would come to care for the poorest of the poor the most abandoned from the streets of India and eventually around the globe Interiorscape ,1995 **The Film Journal** ,1991
