The Routledge Handbook of Religious Literacy, Pluralism, and Global Engagement Chris Seiple, Dennis R. Hoover, 2021-12-27 This pioneering handbook proposes an approach to pluralism that is relational principled and non relativistic going beyond banal calls for mere tolerance The growing religious diversity within societies around the world presents both challenges and opportunities A degree of competition between deeply held religious worldview perspectives is natural and inevitable yet at the same time the world urgently needs engagement and partnership across lines of difference None of the world s most pressing problems can be solved by any single actor and as such it is not a question of if but when you partner with an individual or institution that does not think act or believe as you do The authors argue that religious literacy defined as a dynamic combination of competencies and skills continuously refined through real world cross cultural engagement is vital to building societies and states of neighborly solidarity and civic fairness Through examination reflection and case studies across multiple faith traditions and professional fields this handbook equips scholars and students as well as policymakers and practitioners to assess analyze and act collaboratively in a world of deep diversity The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Created and Creating William Edgar, 2017-03-16 The gospel of Jesus Christ is always situated within a particular cultural context but how should Christians approach the complex relationship between their faith and the surrounding culture Should we simply retreat from culture Should we embrace our cultural practices and mindset How important is it for us to be engaged with our culture and mindset How might we do that with discernment and faithfulness William Edgar offers a biblical theology in the light of our contemporary culture that contends that Christians should and indeed must engage with the surrounding culture By exploring what Scripture has to say about the role of culture and glean insights from a variety of theologians including Abraham Kuyper T. S. Eliot H. Richard Niebuhr and C. S. Lewis Edgar contends that cultural engagement is a fundamental aspect of human existence He does not shy away from those passages that emphasize the

distinction between Christians and the world Yet he finds shining through the biblical witness evidence that supports a robust defence of the cultural mandate to be fruitful and multiply and fill the earth and subdue it Genesis 1:28 With clarity and wisdom Edgar argues that we are most faithful to our calling as God's creatures when we participate in creating culture Introduction Part 1 Parameters of culture Part 2 Challenges from Scripture Part 3 The cultural mandate Epilogue
