Untouchable Michelle Rodriguez:

Hole's Live Through This Anwen Crawford, 2014-12-18 Courtney Love has never been less than notorious Her intelligence ambition and appetite for confrontation have made her a target in a music industry still dominated by men As Kurt Cobain s wife she was derided as an opportunistic groupie as his widow she is pitied and scorned as the madwoman in rock s attic Yet Hole s second album Live Through This awoke a feminist consciousness in a generation of young listeners Live Through This arrived in 1994 at a tumultuous point in the history of American music Three years earlier Nirvana s Nevermind had broken open the punk underground and the first issue of a zine called Riot Grrrl had been published Hole were of this context and yet outside of it too famous for the strict punk ethics of riotgrrrl too explicitly feminist to be the world s biggest rock band Live Through This is an album about girlhood and motherhood desire and disgust self destruction and survival There have been few rock albums before or since so intimately concerned with female experience It is an album that changed lives so why is Courtney Love s achievement as a songwriter and musician still not taken seriously two decades on *The Whispering Seeds* Peter Lindo, Eugenia Proaño, Juan Muñoz, Ernesto Muñoz, 2025-02-12 The Whispering Seeds is a heartfelt work and it is the outcome of innumerable lessons conducted and learned over time and practicum in English language classrooms in Ecuador Brooklyn NYC Costa Rica and Indonesia However The Whispering Seeds was created in stunningly beautiful Ecuador What Ecuadorian educators achieved is a classroom practice that represents the sincere work of many Ecuadorian students who were of different levels in their ability to communicate in English as well as an assortment of insight gains understandings meaningful communication joy enthusiasm and cooperation The Whispering Seeds is primarily the result of the wisdom and insight of two Ecuadorian teachers Eugenia Proaño and Ernesto Muñoz Eugenia Proaño and Ernesto Muñoz had attended and dedicated so much of their time to many different English classes and training sessions as well as other encounters that helped to prepare them for eventually accomplishing this educational project Eugenia Proaño and Ernesto Muñoz traveled and worked at Centro Espiral Mana now also known as the Institute for Collaborative Learning in Costa Rica The learning experiences they had occurred in 2005 and 2012 for Ernesto and in 2007 for Eugenia were integral to developing their skills as educators of the English language in Ecuador Eugenia Proaño and Ernesto Muñoz had the privilege to undergo _intensive training_ on how to improve their performance as teachers with Ms Mary Scholl Ms Mary Scholl is the director and founder of Centro Espiral Mana and the Institute for Collaborative Learning which gives aspiring educators the opportunity to hone their pedagogical skills by working with real students who genuinely come to learn and further improve themselves in the English language Being in Costa Rica and working with Ms Mary Scholl is an experience that demonstrates the values and benefits of working in a student centered class At the Institute for Collaborative Learning multi sensory activities including manipulatives collaboration and heartfelt discussion nurture an environment of creativity and self exploration Doesn t this encompass all forms of learning Ernesto Muñoz Eugenia Proaño and Peter Lindo think so

and allow this to be a major element in their classes These activities all support student acquisition and use of the target language in whatever language a student may be learning and for whichever language a teacher may be teaching What was achieved in Ecuador as a means to learn English can be applied to learning any language in so many areas of the world After returning to Ecuador Eugenia Proa o and Ernesto Mu oz were ready to step outside the comfort zone of traditional language teaching They decided to apply what they had learned at the Institute for Collaborative Learning in Costa Rica in their classrooms at Universidad T cnica del Norte in Ibarra Ecuador They used the procedures they were introduced to with Ms Scholl including visual auditory verbal kinesthetic and tactile among other strategies and techniques Eugenia Proa o and Ernesto Mu oz worked to apply these methodologies in a student centered collaborative environment that promoted mutual support and respect The Whispering Seeds manifested in time between stellar Ecuadorian educators enthusiastic Ecuadorian students and a Bermudian educator who was working at a language school in Brooklyn New York City The practices work and guidance of Eugenia Proa o and Ernesto Mu oz in the classroom were driven by theories and their beliefs about what would work best for university students to be engaged and motivated in learning a foreign language It was a time to explore and experiment with more innovative techniques There was just so much potential This time of experimentation and exploration that Eugenia Proa o and Ernesto Mu oz did show great potential for the students and teachers We reflected on our daily teaching practices and re formed the practice to be more conducive to language I Peter Lindo was learning what was happening in Ecuador and could see the potential that this had for the world To help bring healing unity wisdom knowledge understanding and love

Law, Lawyers and Race Mathias Möschel, 2014-09-15 Critical Race Theory CRT is virtually unheard of in European scholarship especially among legal scholars Law Lawyers and Race Critical Race Theory from the United States to Europe endeavours to fill this gap by providing an overview of the definition and consequences of CRT developed in American scholarship and describing its transplantation and application in the continental European context The CRT approach adopted in this book illustrates the reasons why the relationship between race and law in European civil law jurisdictions is far from anodyne Law plays a critical role in the construction subordination and discrimination against racial minorities in Europe making it comparable albeit in slightly different ways to the American experience of racial discrimination Anti-Semitism Islamophobia anti Roma and anti Black racism constitute a fundamental factor often tacitly accepted in the relationship between law and race in Europe Consequently the broadly shared anti race and anti racist position is problematic because it acts to the detriment of victims of racism while privileging the White Christian male majority This book is an original exploration of the relationship between law and race As such it crosses the disciplinary divide furthering both legal scholarship and research in Race and Ethnicity Studies **Latin America** ,2002
