**The Other '68** Christina von Hodenberg, 2024 The book is a new revisionist account of Sixties protest movements in West Germany It challenges established narratives centring male intellectuals by foregrounding families private lives women and old people Worked from a wealth of new archival sources the book argues that 1968 was just as much about gender conflict as it was about generational conflict even if the former was often erased from public memory The narrative follows three generations of Germans living in the provincial town of Bonn through the turbulent years of the late 1960s It offers a genuine social history of the period decentring the story of West Germany s 68 socially geographically and generationally The five chapters cover the Shah of Iran s visit to Bonn and Berlin the role of the Nazi past in framing generational differences experiences of old people around 1968 the female dimension of the protests and the sexual revolution The book situates the West German case within the global and West European Sixties and engages with recent controversies on the role of female 68ers the origins of new feminist movements and the sexual revolution Originally published in German in 2018 by C H Beck titled *Das andere Achtundsechzig Gesellschaftsgeschichte einer Revolte* 978 3406719714 it has been translated into English by Rachel Ward

The Last Lion Box Set Paul Reid, William Manchester, 2012-11-20 Universally acclaimed for their compelling narrative their fresh insights and their objective renderings of Winston Churchill s life The Last Lion trilogy presents a revelatory and unparalleled portrait of this brilliant flawed and dynamic adventurer aristocrat soldier and statesman Born at the end of the 19th century when Imperial Britain still stood at the splendid pinnacle of her power Churchill would witness

the shift a few years later as the Empire hovered on the brink of a catastrophic new era One of the greatest wartime leaders of our time he would go on to stand alone politically isolated in Parliament as he took the lead in warning of the growing Nazi threat and would lead Britain to victory against Nazi Germany and the Axis powers in World War II Now celebrated historian William Manchester's landmark biographies are collected together for the first time along with the eagerly anticipated final installment Churchill's last years in power More than thirty years in the making *The Last Lion* is the definitive work on this remarkable man whose courageous vision guided the destiny of a nation during darkly troubled times and who looms as one of the greatest figures of our century
