Us Army Tactics Techniques And Concepts Of Antiarmor Warfare:

Army Training and Evaluation Program for Mechanized Infantry/tank Task Force United States. Department of the Army,1977 **Breaching Walls In Urban Warfare** Major Anthony E. Hartle,2014-08-15 The process of urbanization throughout the world is making urban warfare a major aspect of future military conflicts Past experience in such combat indicates that wall breaching is an important capability in facilitating the movement of ground units Maneuver in strongly defended built up areas is sometimes possible only if units move through buildings This study attempts to determine if there is a need for a wall breaching capability in infantry units today The investigation is focused on an analysis of historical experience contemporary urban areas and the capabilities of U S Army weapons Investigation reveals that a distinct need for a wall breaching capability in infantry units does exist and that current weapons and equipment readily available to the infantry rifle company are inadequate for this purpose Further examination reveals that the means of satisfying the requirement are within the capability of current technology **Technical Report** ,1979 **Tank Employment/antimechanized Operations** United States.
