2015 Li Yuming, Li Wei, 2021-01-18 China with the world's largest population numerous ethnic groups and vast geographical space is also rich in languages. Since 2006 China's State Language Commission has been publishing annual reports on what is called language life in China. These reports cover language policy and planning initiatives at the national, provincial and local levels, new trends in language use in a variety of social domains and major events concerning languages in mainland China, Hong Kong, Macau and Taiwan. Now for the first time these reports are available in English for anyone interested in Chinese language and linguistics. China's language education and social policies as well as everyday language use among the ordinary people in China. The invaluable data contained in these reports provide an essential reference to researchers, professionals, policy makers and China watchers. *China's Finance in Africa* Evelyn F. Wamboye, 2021-03-04

This Element provides a detailed analysis of official finances from China to Africa with special attention to the question of Africa's foreign finances policy. The findings reveal that Africa has an infrastructure gap and Chinese finances are largely used to fund infrastructure projects. However, the majority of the funds are loans which are mortgaged on Africa's natural resources. In addition, Chinese firms are the ones implementing the projects and much of the raw material and labor is imported from China. All these calls for Africa to institute a coherent foreign finances policy that ensures African countries fully benefit from these finances. The Life and Times of Elijah Muhammad Claude Andrew Clegg III, 2014-09-02 Elijah Muhammad 1897-1975 was one of the most significant and controversial black leaders of the twentieth century. His followers called him the Messenger of Allah while his critics labeled him a teacher of hate. Southern by birth, Muhammad moved north eventually serving as the influential head of the Nation of Islam for over forty years. Claude Clegg III not only chronicles Muhammad's life but also examines the history of American black nationalists and the relationship between Islam and the African American experience. In this authoritative biography which also covers half a century of the evolution of the Nation of Islam, Clegg charts Muhammad's early life, his brush with Jim Crow in the South, his rise to leadership of the Nation of Islam and his tumultuous relationship with Malcolm X. Clegg is the first biographer to weave together speeches and published works by Muhammad as well as delving into declassified government documents, insider accounts, audio and video records and interviews producing the definitive account of an extraordinary man and his legacy. *Microbial Interventions in*

Agriculture and Environment Dhananjaya Pratap Singh, Vijai Kumar Gupta, Ratna Prabha, 2019-11-16 Microbial communities and their functions play a crucial role in the management of ecological, environmental and agricultural health on the Earth. Microorganisms are the key identified players for plant growth promotion, plant immunization, disease suppression, induced resistance and tolerance against stresses as the indicative parameters of improved crop productivity and sustainable soil health. Beneficial belowground microbial interactions with the rhizosphere help plants mitigate drought and salinity stresses and alleviate water stresses under the unfavorable environmental conditions in the native soils. Microorganisms that are
