X Agendas Architecture Marc Schoonderbeek:

X Agendas for Architecture Marc Schoonderbeek, Oscar Rommens, Loed Stolte, 2016 X Agendas for Architecture considers the recent developments in the agendas for architecture inviting a range of contributors into a structured discourse to highlight issues and extend questions on the necessity of architectural agendas Considering the recent developments on this topic this speculative publication hopes to collate ideas from architectural professionals to the up and coming generation of agenda makers and use their knowledge over these current issues of agenda to create a book of seminal discourse for any architecture enthusiast In 2011 the Delft University of Technology architecture research group Borders Territories organised a symposium and lecture series entitled X Agendas for Architecture in which architects theoreticians and scholars gave presentations of their work The lecture series focused on four themes that were considered relevant for current architectural and scholarly practices Aesthetics of Sustainable Architecture Territories of Drawing History Collective Memory and Politics and Experimentation in Architectural Design Centred around these themes X Agendas for Architecture is located in the desire to formulate a clear statement with respect to issues deemed important and fundamental 00Includes 26 essays from contributors such as Marcis Cruz Manuel Gauza Sarah Lorenzen Martine de Maeseneer Leonel Moura Christopher Platt Javier Quintana Michiel Riedijk Francois Roche Patrick Schumacher Alejandro Zaera Polo and Weimin Zhuang Mapping in Architectural Discourse Marc Schoonderbeek, 2021-11-29 This book explores the notion of mapping in architectural discourse First locating positioning and theorizing mapping it then makes explicit the relationship between research and design in architecture through cartography and spatial analysis It proposes three distinct modalities tool operation and concept showing how these methods lead to discursive aspects of architectural work and highlighting mapping as an instrument in developing architectural form It emphasizes the importance of place and time as fundamental terms with which to understand the role of mapping An investigation into architectural discourse this book will appeal to academics and researchers within the discipline with a particular interest in theory history and cartography

Architectures of Resistance Angeliki Sioli, Nishat Awan, Kristopher Palagi, 2024-08-16 Borders between countries neighbourhoods people beliefs and policies are proliferating and expanding despite what self proclaimed progressive societies wish or choose to believe For a wide variety of reasons the early 21st century is caught struggling between breaking down barriers and raising them Architecture is complicit in both It is central to the perpetuation of borders and key to their dismantling Architectures of Resistance Negotiating Borders Through Spatial Practices approaches borders as sites of meaningful encounter between others other cultures other nations other perspectives guided not by fear or hatred but by respect and tolerance The contributors to this volume including architects urban planners artists human geographers and political scientists address spatial boundaries as places where social and political conditions are intensified and where new spatial practices of architectural resistance arise Moving across contemporary historical and speculative conditions of

borders Architectures of Resistance discusses new and innovative forms of architectural artistic and political practice that facilitate constructive human interaction
