Joseph E. Smythe, 2015-01-12 Set against the backdrop of a windswept valley rolling hillsides and several disjointed suburban communities The New Bridge represents an amazing novel of intrigue suspense and compelling drama A hard working family oriented cast that was never able to completely think through periods of challenge and change desperately tries to put their lives back on track But their attempt at grappling with the heralding changes confronting them ends in spectacular failure It isn't surprising after years of effort that they fall back to their old routine of crime and violence There's only one problem Crime doesn't pay *La Vie* 08/2024 [244] *La Vie*, 2024-08-05 Van Life Instagram vanlife 1 709 21% Facebook 55 500 Google 5 000 **Till Death** Kenneth Igiri, 2015 **The Guidebook Experiment** David Bockino, 2015-08-11 Our modern day multimedia information obsessed culture has fundamentally altered much of what we do day to day The way we shop and pay bills The way we communicate The way we research study and learn In the realm of travel we have more tools than ever telling us where to go how to get there what it will look like what to do and why we should go in the first place This proliferation of constantly updated data has changed the way we go about our journeys But how By tracing the evolution of the guidebook from pilgrim manuals and Baedeker's books to Yelp reviews and Google Maps David Bockino explores the effects this information growth has had on the state of travel and adventure Inspired by some of the world's greatest explorers he sets out guidebook less to a destination he knows little about launching an experiment to determine just how the guidebook and its digital descendants have transformed the nature of travel The Guidebook Experiment is a call to action to conduct our own guidebook experiments to disconnect from the ceaseless barrage of information in modern life and explore an unknown neighborhood or unfamiliar country and discover the joy of travel on our own *Karma and Grace* Neena Mahadev, 2023-10-31 Winner 2024 Clifford Geertz Prize in the Anthropology of Religion Society for the Anthropology of Religion Around the turn of the millennium Pentecostal churches began to pepper majority Buddhist Sri Lanka setting off a sense of alarm among Buddhists who saw Christianity as a neocolonial threat to the nation Rumors of foul play in the death of a Buddhist monk as well as allegations of proselytizing in the aftermath of the 2004 tsunami and during the final stages of civil war spurred nationalist anxieties moral panics and even episodes of violence by Buddhists against Christians suspected of facilitating unethical conversions Through vivid ethnography and keen observations of media events Karma and Grace illuminates disputes over religious freedom and pluralism amid the rise of charismatic Christianity in Sri Lanka Neena Mahadev explores the dueling efforts of Buddhist nationalists and Christian evangelists to reshape Sri Lanka's religious economic and political landscapes She considers theological and political impasses between Buddhism's vast timescales of karma and Christians' promises of the immediacy of their God's salvific grace While Christian missions spread the Good News subsets of Buddhists produced bad press sting operations and disparaging media to impede born again churches from taking

root In gripping detail Mahadev recounts how modernist and traditionalist Theravada Buddhists Pentecostal newcomers long established Christian denominations local deity and spirit cults and the innovations of mavericks intermingle in a multireligious public sphere Even amid trenchant conflicts Karma and Grace demonstrates that social proximity between rivals is also conducive to religious experimentation and the ambiguities of identity that allow Sri Lankans to live with difference
