cautiously hoping that it held the key to his acquittal until he eventually became the first person to be exonerated from death row based on DNA evidence Judge John Sheldon and author Gayle Lynds team up to share Audrey Edmunds s experience raising her children long distance from her prison cell And exoneree Gloria Killian recounts to S J Rozan her journey from that fateful knock on the door and the initial shock of accusation to the scars she carries today Together the powerful stories collected within the Anatomy of Innocence detail every aspect of the experience of wrongful conviction as well as the remarkable depths of endurance sustained by each exoneree who never lost hope
