Turkey's Politics Transition Multi Party Princeton:

Turkey's Politics Kemal H. Karpat, 1959 *Turkey's Nationalist Action Party* Arzu Opçin-Kıdal, 2024-09-30 This book offers an in depth analysis of the nationalist ideas and practices of Turkey's Nationalist Action Party MHP from its founder Alparslan Türkeş to its current leader Devlet Bahçeli Applying both diachronic and synchronic approaches to the multidimensionality of nationalism the book analyzes how Türkeş and Bahçeli emphasized or de emphasized ethnic cultural and civic components of the party's nationalism in response to the threats they perceived in specific historical contexts The author draws on party documents speeches and interviews to examine how recurring themes in Türkeş's and Bahçeli's nationalist ideas and practices have evolved over half a century between 1965 and 2015 In this way the book provides fresh insights into the evolution and complexity of the MHP's nationalism thereby contributing to the theoretical understanding of nationalism's multidimensionality This book also highlights the political significance of the MHP in contemporary Turkey where nationalist and right wing politics have become increasingly influential in recent years Spanning a number of disciplines including political science international relations and Turkish studies this book will be of interest to a broad range of scholars and students as well as those seeking insights into the broader implications of nationalism The Modern Middle East Albert Hourani, Philip Shukry Khoury, Mary Christina Wilson, 1993-01-01 This valuable collection of essays brings leading Middle Eastern scholars together in one volume and provides an unparalleled view of the modern Middle East Covering two centuries of change from 1789 to the present the selection is carefully designed for students and is the only available text of its kind It will also appeal to anyone with a general interest in the Middle East The book is divided into four sections Reforming Elites and Changing Relations with Europe 1789 1918 Transformations in Society and Economy 1789 1918 The Construction of Nationalist Ideologies and Politics up to the 1950s and The Middle East since the Second World War This valuable collection of essays brings leading Middle Eastern scholars together in one volume and provides an unparalleled view of the modern Middle East Covering two centuries of change from 1789 to the present the selection is carefully designed for students and is the only available text of its kind It will also appeal to anyone with a general interest in the Middle East The book is divided into four sections Reforming Elites and Changing Relations with Europe 1789 1918 Transformations in Society and Economy 1789 1918 The Construction of Nationalist Ideologies and Politics up to the 1950s and The Middle East since the Second World War **Political Parties and Democracy in Turkey** Jacob M. Landau, Metin Heper, 2016-03-31 Since the establishment in 1945 of a constitutional democracy political parties have figured prominently in Turkish politics This book first published in 1991 examines the role they have played Key features of the political culture of the Turkish republic have created dilemmas for multi party democracy Atatürkism still exerts a powerful influence on the country's bureaucratic and military elites With their notion of responsible leadership and of democracy as rational intellectual debate in pursuit of the best policy they have expected an unrealistic degree of idealism and statesmanlike

behaviour from the leaders of political parties Three times in 1960 1971 and 1980 the military has intervened in politics on the third occasion to undertake wholesale constitutional and legal restructuring aimed at producing sensible politicians Given these ambiguous circumstances what role have the political parties themselves played in the promotion and functioning of democracy in Turkey and what are their attitudes to the issues involved This collection of essays discusses political parties since the foundation of the Turkish Republic in 1923 until the 1990s With contributions from leading political scientists and historians of modern Turkey it is indispensable reading for all those concerned with the country **Fragile But Resilient?** Ali Carkoglu, Ersin Kalaycioglu, 2021-04-06 Globalism has sharpened the urban rural divide in 21st century Turkish elections *Turkey's Cold War* Saban Halis Çalis, 2016-11-30 Drawing on a variety of sources ranging from interviews with key figures to unpublished archival material Saban Halis Calis traces this ambition back to the 1930s In doing so he demonstrates that Turkey's policy has been shaped not just by US and Soviet positions but also by its own desire both to reinforce its Kemalist character and to Westernise The Cold War therefore can be seen as an opportunity for Turkey to realise its long held goal and align itself economically and politically with the West This book will shed new light on the Cold War and Turkey's modern diplomacy and re-orientate existing understandings of modern Turkish identity and its diplomatic history *A History of Islamic Societies* Ira M. Lapidus, 2002-08-22 Ira Lapidus classic history of the origins and evolution of Muslim societies revised and updated for this second edition first published in 2002 **The Social and Political Thought of Ziya Gökalp** Taha Parla, 1985-01-01 **Reflections on the Centenary of the Republic of Turkey** Paul Kubicek, 2023-12-19 This book provides both a retrospective and prospective look at Turkey on the occasion of the country's centenary It covers numerous important issues including political economic and cultural development the role and performance of political institutions and foreign policy and Turkey's place in its region and the wider world The Republic of Turkey's centenary in 2023 is an opportune time to assess the country's achievements and shortcomings as well as look ahead as to how Turkey may cope with current challenges This volume comprised of empirically rich and theory informed analytical essays written by a global collection of leading scholars on contemporary Turkey addresses many central issues that bear both on the Republic's history as well as on major political social economic cultural and foreign policy issues that confront Turkey today Much focus is given to particular turning points in the past as well as how 2023 during which Turkey had a highly contested and polarized election may also serve as a critical juncture for the country Reflections on the Centenary of the Republic of Turkey will be a key resource for scholars and researchers of Middle Eastern studies and Turkish history politics and foreign policy This book was originally published as a special issue of Turkish Studies **Military Intervention and a Crisis of Democracy in Turkey** Mogens Pelt, 2014-06-13 Adnan Menderes election to power in 1950 signalled a new epoch in the history of modern Turkey For the first time a democratic government ruled the country taking over Kemal Ataturk's political heirs the People's Republican Party CHP and challenging the Kemalist elite's

monopoly on the control of state institutions and society itself. However, this period was short-lived. In 1960, Turkey's army staged a coup d'état and Menderes was hanged the following year. Here Mogens Pelt begins by examining the era of the rule of the Democratic Party and what led to its downfall. Among the chief accusations raised against Menderes by the army was that he had undermined the principles of the founder of modern Turkey, Atatürk, and that he had exploited religion for political purposes. *Military Intervention and a Crisis Democracy in Turkey* furthermore and crucially examines the legacy of the military intervention that brought this era of democratic rule to an end. Although the armed forces officially returned power to the civilians in 1961, this intervention indeed this crisis of democracy allowed the military to become a major player in Turkey's political process, weakening the role of elected politicians. The officer corps claimed that the army was the legal guardian of Kemalism and that it had the right and duty to intervene again if the circumstances proscribed it and when it deemed that the values of Atatürk were threatened. Indeed, these were precisely that ground on which the armed forces justified its coup d'états of 1971 and 1980. This unique exploration of the Menderes period sheds new light on the shaping of post-war Turkey and will be vital for those researching the Turkish Republic and the influence of the military in its destiny.
