Base in the Light of the IAS/IFRS and EU Directive 2013/34: A Comparative Approach Mario Grandinetti, 2016-06-17 The recent relaunch of the European Commission's Common Consolidated Corporate Tax Base CCCTB project promises a sorely needed leap forward in the harmonization of the rules by which companies calculate their taxable profits. In particular, the initiative hopes to remedy the severe barrier to cross border business caused by the 'Tower of Babel' by which companies' tax bases are determined under national law. This thorough analysis and commentary covers the influence of accounting rules on tax, considering both generally accepted standards, international accounting standards (IAS) and international financial reporting standards (IFRS) and EU Directive 2013/34. Three introductory chapters usher in detailed comparative overviews of the effect of these rules on taxation in nine EU Member States as well as in two other major EU trading partners, the United States and Brazil. Fully explaining the remarkable recent improvement in the comparability of accounts that represent favourable preconditions for creating a single market for financial services within the EU, this book covers every relevant detail, including the following: and much more: criterion of evaluation of alternative fixed assets based on revaluated amounts; criterion based on fair value provisions applicable to income statements, notes, reports and financial statements; rules applicable to the publication of documents; transparency in payments to governments; dispositions on exemptions; hierarchy of general provisions and principles; balance sheet and profit and loss account simplifications for small and medium sized enterprises (SMEs); system of creditors' protection and protection of investors' interests. This book is a peerless explication of the taxation choices granted to Member States under IAS, IFRS and EU Directive 2013/34 and how they will be affected by ongoing Commission initiatives. Because relevant, timely, reliable and comparable information assumes a leading role in protecting the interests of investors, creditors and other stakeholders as well as in ensuring that all operators act on a level playing field under equal conditions, the analysis presented here is of immeasurable value to lawyers, business persons and officials concerned with taxation, not only in Europe but anywhere within the reach of international trade.

Strengthening Asset-backed Pension Systems in a Post-COVID World OECD, 2022-11-25 This publication analyses the impact COVID-19 has had on asset-backed pension arrangements and the main policies countries have implemented in response to date. It then presents policy guidelines to help strengthen asset-backed pension arrangements and improve retirement outcomes in a post-COVID world.

Property Boom and Banking Bust Colin Jones, Stewart Cowe, Edward Trevillion, 2018-01-09 A fascinating analysis of the critical role commercial property investment played in the economic boom and bust during the global financial crisis. The unprecedented financial boom stretching from the mid 1990s through 2008 ultimately led to the deepest recession in modern times and one of the slowest economic recoveries in history. It also resulted in the emergence of the draconian austerity policies that have swept across Europe in recent years. *Property Boom and Banking Bust* offers an expert insight into the complex property market dynamics that contributed to the Great Financial Crisis of 2008 and its devastating economic consequences. It is the first book to focus on a woefully underreported dimension

of the crisis namely the significant role that lending on commercial property development played in the crisis Among other key topics the authors explore the philosophical and behavioral factors that propelled irresponsible bank lending and the property boom how it led to the downfall of the banks the impact of the credit crunch on the real estate industry generally in the wake of the financial crisis the catastrophic effects the property bust had on property investors both large and small and how the financial institutions have sought to recover in the wake of the financial crisis Provides valuable insights into what happened in previous booms and busts particularly in the 1970s and 1980s and how they compare with the most recent one Offers an expert assessment of the consequences of the global financial crisis for the banking system and the commercial property industry Examines strategies banks have used to recover their positions and manage the overhang of indebtedness and bad property assets Addresses strategies the real estate industry have used to recover from the collapse in property values Written in an accessible style and featuring numerous insider case accounts from property bankers Property Boom and Banking Bust disentangles the complex tightly woven factors that led to the Great Financial Crisis of 2008 while offering powerful lessons for property industry professionals on how to avoid having history repeat itself Bourne on Company Law Nicholas Bourne, 2016-05-12 An ideal introductory textbook Bourne on Company Law offers a succinct overview of the fundamental areas covered in LLB and GDL courses The text is clear and easy to follow being presented in short sub headed sections for ease of navigation and is thoroughly cross referenced to highlight connections across topics Written for both law and non law students this text offers straightforward explanations of all key cases as well as chapter summaries and end of chapter questions to aid understanding The book is also supported by a companion website offering self test questions a useful glossary and annotated web links

The Top Books of the Year Uk Reporting 2016 Reports Unlisted The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Uk Reporting 2016 Reports Unlisted : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
