Uk Close Protection Manuals:

Counterintelligence Theory and Practice Hank Prunckun, 2019-01-21 In this thoroughly updated and revised edition of Counterintelligence Theory and Practice Hank Prunckun provides all of the elements required for a successful counterintelligence operation from both an academic and a practitioner's point of view. It offers an advanced understanding of the underlying theory that supports the art and science of the craft and examines the challenges and practicalities of defensive and offensive counterintelligence. Designed for students in intelligence studies as well as professional training classes, this text explores issues related to national security, military law enforcement and corporate as well as private affairs.

Cp Tam Close Protection Tactical Aide-Memoire: For Bodyguards on the Move Hugh P. Keir, 2013-05-31 The No 1 selling Close Protection Manual in the World. Written by an experienced Close Protection Officer with contributions from other highly regarded Close Protection Officers. Suitable as a reference for trained CPOs and for CPOs in training. The CP TAM is designed to assist the experienced operator and students alike; it is currently issued to many students attending Close Protection courses in the United Kingdom. Designed for your go bag. Carried by experienced operators, the CP TAM is designed for quick reference when planning and executing tasks. Including templates, crib cards, kit lists, procedures, guides and diagrams, the CP TAM is the ideal tool to augment the professional Close Protection Officer when planning and conducting protection assignments.

READER REVIEWS An excellent quick reference for new and experienced alike. Concise and full of detail. Vehicle drills particularly well presented. Would recommend to anybody about to join the circuit or do their CP or HECF course. You can never learn too much from those who have been before you. This is a must-have essential piece of kit for any security professional operating in the industry. A well-laid-out format which has been structured and written with a no-nonsense view. It lays out in simple terms what you require to operate as well as listing the top tips that can only be discovered by operating in the industry for a number of years. This book is an excellent piece of equipment which will be part of my security kit for many years to come. A big thanks must go to the author for supplying those of us operating in the industry with an excellent reference manual. Ok, the book does exactly what it's designed to do; it's basically a quick reference for CP operators, both new to the world of CP or experienced. A lot of us don't work CP all the time and it's handy to have when you need to double-check something. Exactly as described, a no-nonsense guide. Extremely good tips, essential checklists. To someone like myself with limited knowledge of this industry, it is excellent reference material.

The Child Protection Practice Manual Gayle Hann, Caroline Fertleman, 2016-01-14 Around 85 children die each year in the UK due to abuse or neglect. A number of these deaths are later deemed preventable because the child involved was known to either social services or to a health professional. Cases such as those of Baby P and Victoria Climbié highlighted the failings of these organisations set up to safeguard children. It is the responsibility of every health professional worldwide to identify and respond to child abuse and yet that very responsibility is both emotionally and strategically challenging. The Child Protection

Practice Manual Training practitioners how to safeguard children equips professionals with the ability to recognise a child at risk and the knowledge of how to work with a child already suffering abuse Practical advice is offered on how to navigate the multi disciplinary processes Fictional case studies and exercises immerse the reader in scenarios Building on this the authors lead readers through learning points recommendations and legislation With new definitions in child protection ranging from child sexual exploitation gang violence radicalisation and internet bullying through to female genital mutilation witchcraft and spirit possession honour based violence and forced marriage this book will be a valuable resource for qualified paediatricians and those in training as well as professionals who have contact with children such as GPs nurses health visitors social workers midwives teachers lawyers and community workers **The Modern Bodyguard** Peter
