Una Extraa Dictadura:

Una extraña dictadura Viviane Forrester, 2002-01-01 Viviane Forrester urge al lector en este libro a sacudirse la propaganda y salir de la experiencia de aturdimiento para enfrentar el fiasco del ultraliberalismo mediante una toma de conciencia respecto de los dogmas que este plantea Con una mirada critica la autora evidencia a un regimen que no trata de organizar una sociedad sino de aplicar una idea fija casi maniatica que se manifiesta en el gusto de acumular y la neurosis del lucro La Elocuencia y el poder de sus argumentos se hallan simplemente en el desmenuzamiento de los hechos

Memories from Darkness Pedro Funari, Andres Zarankin, Melissa Salerno, 2009-09-23 To Write What one Could Not Tell Anyone You who live in all tranquility So warm and comfortable in your houses You who come home at night to find The table laid and friendly faces around you Consider if this is a man He who toils in the mud Who knows no rest Who fights for a crust of bread Who dies for the slightest reason Consider if this is a woman She who has lost her name and her hair And even the strength to remember Her gaze blank and her bosom chilled Like a frog in winter Do not forget that this happened No do not forget it Engrave these words in your heart Think of them in your home in the street When you sleep when you rise Repeat them to your children Or else your house will crumble You will be overcome by illness And your children will turn away from you Levi 1987 9 the translations is mine At Auschwitz Filip M ller was assigned to the Sonderkommando Every day with his fellow prisoners he emptied the gas chambers of their piles of defiled corpses and loaded them into the crematorium furnaces of the extermination camp

Family Ties and Psychosocial Processes in an Ageing Society Alejandro Klein, 2024-05-10 This book contributes to the discussion on the ageing society by addressing the new psycho social structures of the ageing society the problems around family bonds and ties and the structures of care and protection The book sheds light on the new roles of grandparents and new grandparents and the empowerment and resilience initiatives thereby providing a broad discussion of what the ageing society implies in psychosocial terms These issues are addressed in an interdisciplinary way but also in an approach that is also rare comparing different realities between Europe and Latin America The basis of the English translation of this book from its Spanish original manuscript was done with the help of artificial intelligence A subsequent human revision of the content was done by the author Global Archaeological Theory Pedro Paulo Funari, Andrés Zarankin, Emily Stovel, 2006-04-07 Archaeological theory has gone through a great upheaval in the last 50 years from the processual theory which wanted to make archaeology more scientific to post processual theory which understands that interpreting human behavior even of past cultures is a subjective study This subjective approach incorporates a plurality of readings thereby implying that different interpretations are always possible allowing us to modify and change our ideas under the light of new information and or interpretive frameworks In this way interpretations form a continuous flow of transformation and change and thus archaeologists do not uncover a real past but rather construct a historical past or a narrative of the past Post processual theory also incorporates a conscious and explicit political interest on

the past of the scholar and the subject This includes fields and topics such as gender issues ethnicity class landscapes and consumption This reflects a conscious attempt to also decentralize the discipline from an imperialist point of view to an empowering one Method and theory also means being politically aware and engaged to incorporate diverse critical approaches to improve understanding of the past and the present This book focuses on the fundamental theoretical issues found in the discipline and thus both engages and represents the very rich plurality of the post processual approach to archaeology The book is divided into four sections Issues in Archaeological Theory Archaeological Theory and Method in Action Space and Power in Material Culture and Images as Material Discourse

Crepúsculo de los dioses sobre el nuevo orden mundial Stefan Engel,2016-03-07 El autor Stefan Engel usa para el título de su libro una parábola de la mitología germana En el crepúsculo de los dioses el fin del mundo devora los dioses caducos de una época obsoleta y de la conflagración mundial surge creciendo una nueva tierra hermosa de paz y exuberante alegría de vivir La comparación con la decadencia de la actual capa dominante de la sociedad mundial y la preparación de un futuro nuevo digno de vivir es intencionada El libro arrebatada esta visión de la mitología colocándola sobre un sólido fundamento científico Transmite una perspectiva a todos los que no quieren considerar el crepúsculo de los dioses del capital financiero mundial dominante como el fin de la historia sino como punto de partida para una nueva época del desarrollo social de la humanidad sin hambre explotación y guerra

Arqueología de la represión y la resistencia en América Latina (1960-1980) Pedro Paulo A. Funari,Andrés Zarankin,2006 Los dos demonios (recargados) Daniel Feierstein,2018-08-01 La llamada teoría de los dos demonios surgió en los años sesenta se hizo fuerte en los ochenta con el regreso de la democracia y fue cuestionada a partir de los noventa Esbozada en el famoso prólogo del Nunca más consistía en condenar las dos violencias que habían convulsionado a la Argentina un mismo demonio con dos caras la violencia insurgente y la estatal En el siglo XXI resurge la teoría de los dos demonios pero en una versión recargada Daniel Feierstein recorre las características de estas nuevas interpretaciones y sus similitudes y diferencias con la versión original de la teoría de los dos demonios pero también los errores no forzados y las respuestas fallidas del campo popular que facilitaron su emergencia y colaboran en su actual difusión y crecimiento Este libro es un intento de alertar sobre un riesgo Desde 1983 a la fecha por primera vez existe la posibilidad de que se lleven a cabo retrocesos en las disputas por el sentido del pasado represivo Feierstein destaca que estas disputas siempre tienen efectos en el presente de ahí que revisar críticamente los modos de interpretar nuestro pasado se vuelve una obligación política y una herramienta fundamental para construir cualquier respuesta efectiva
