Foster,2019-06-04 The Book of Psalms includes some of the most impassioned language about God in the Old Testament At the same time the psalms as a collection constitute one of the most impassioned debates about the nature and activity of God on behalf of individuals Israel and the created order In this learned yet accessible volume Robert Foster offers the first major introduction to this debate about the person and work of God as it unfolds in the Book of Psalms If God is the Just King why does this King delay vindicating the oppressed and saving them from wicked oppressors What happens when God turns in divine judgment against the people of Israel Does God keep the promises made to the descendants of David and the covenant made with the people of Israel Do the psalmists find God faithful and so worthy of the final commands in the Psalter to Praise the Lord These powerful questions drive the debate within the Book of Psalms By attending to the psalmists rhetoric Foster shows how the individual psalmists appeal to God in prayer and proclamation and how these contrasting voices give life to the Psalter and to its presentation of the living God New York Magazine ,1989-03-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *New York Magazine* ,1984-01-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *New York Magazine* ,1995-01-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
