Underground Railroad Sampler:

Underground Railroad Sampler Eleanor Burns, Sue Bouchard, 2003 The Underground Railroad story is one of the most dramatic chapters in America's history. It's a story about how countless slaves made their way out of bondage, risking death for freedom. This book features fifteen traditional quilt blocks believed to have had secret meanings to escaping slaves.

Crafting Dissent Hinda Mandell, 2019-10-25 Pussyhats typically crafted with yarn quite literally created a sea of pink the day after Donald J. Trump became the 45th president of the United States in January 2017 as the inaugural Women's March unfolded throughout the U.S. and sister cities globally. But there was nothing new about women crafting as a means of dissent. *Crafting Dissent: Handicraft as Protest from the American Revolution to the Pussyhats* is the first book that demonstrates how craft typically involving the manipulation of yarn, thread, and fabric has also been used as a subversive tool throughout history and up to the present day to push back against government policy and social norms that crafters perceive to be harmful to them, their bodies, their families, their ideals relating to equality and human rights, and their aspirations. At the heart of the book is an exploration of how craft is used by makers to engage with the rhetoric and policy shaping their country's public sphere. The book is divided into three sections: *Crafting Histories*, *Politics of Craft*, and *Crafting Cultural Conversations*. Three features make this a unique contribution to the field of craft activism and history: The inclusion of diverse contributors from a global perspective including from England, Ireland, India, New Zealand, Australia; Essay formats including photo essays, personal essays, and scholarly investigations; The variety of professional backgrounds among the book's contributors including academics, museum curators, art therapists, small business owners, provocateurs, artists, and makers. This book explains that while handicraft and craft motivated activism may appear to be all the rage and of the moment, a long thread reveals its roots as far back as the founding of American Democracy and at key turning points throughout the history of nations throughout the world.
