Understanding And Supporting Undocumented Students New Directions For Student Services Number 131:

New Directions for Student Services, 1997-2014: Glancing Back, Looking Forward Elizabeth J. Whitt, John H.

Schuh, 2015-09-11 Student affairs has changed greatly in the almost twenty years that the series editors have been managing *New Directions for Student Services*. This volume provides a look back at this period of time from 1997 through 2014 with topical chapters focused on trends in student affairs during the past two decades, changes in students and the most effective student affairs responses, progress and recommendations for assessment in student affairs and challenges with and skills needed for digital technologies, finance and budgets and staff preparation. The volume concludes with a look into the future of student affairs practice based in part on the lessons learned from looking at the recent past. This is the 151st volume of this Jossey-Bass higher education quarterly series. An indispensable resource for vice presidents of student affairs, deans of students, student counselors and other student services professionals. *New Directions for Student Services* offers guidelines and programs for aiding students in their total development: emotional, social, physical and intellectual. *Understanding*

Equity in Community College Practice Erin L. Castro, 2015-12-01 What do equity-oriented practices look like in different community college contexts? Given the increasing role of the community college in realizing equitable outcomes for students, examples of what practitioners are doing to move forward an equity agenda are urgently needed. The diverse perspectives and issues in these chapters explicitly advance an equity agenda and offer conceptual and empirical rationales to support equity-oriented practices. Examples of programming and practice that support the lives and livelihoods of underserved student populations and examples of policy programming and thinking that emphasize the role of the community college in expanding educational opportunity for underserved students. Driven by a change in thinking and imagination, these examples show how practitioners can and should tailor programming in light of larger patterns of inequality. This is the 172nd volume of this Jossey-Bass quarterly report series. Essential to the professional libraries of presidents, vice presidents, deans and other leaders in today's open-door institutions. *New Directions for Community Colleges* provides expert guidance in meeting the challenges of their distinctive and expanding educational mission. **Understanding and Supporting Undocumented**

Students Jerry Price, 2010-10-19 This volume is about a student group whose particular needs are not well understood: students without legal residency status, better known as undocumented students. Student affairs professionals may know that undocumented students are on campus, but they often know little about them. For many of these students, this is by design: they choose to exist in the campus shadows to avoid sharing their secret and jeopardizing their status. Their fear of being discovered is understandable; they believe that they could be deported if their residency status were disclosed. This volume provides a broad overview of the factors that contribute to the experiences of undocumented students. It examines the applicable federal and state laws and policies, the students' precollege experiences, their academic and socioemotional experiences on campus and their lack of professional employment opportunities after college. However, when it comes to

understanding the experiences of undocumented students the whole is greater than sum of its parts Understanding these students their experiences and their needs requires more than simply understanding the individual components of their social cultural and legal environment This volume also contains the actual stories of undocumented students graphically illustrating the cumulative effect their legal status has on their day to day lives This is the 130th volume of the Jossey Bass higher education quarterly report series New Directions for Student Services An indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals New Directions for Student Services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual College Completion for Latino/a Students: Institutional and System Approaches Melissa L.

Nicholas A. Bowman, 2023-07-03 Receiving a college education has perhaps never been more important than it is today While its personal societal and overall economic benefits are well documented too many college students fail to complete their postsecondary education As colleges and universities are investing substantial resources into efforts to counter these attrition rates and increase retention they are mostly unaware of the robust literature on student success that is often

bounded in disciplinary silos The purpose of this book is to bring together in a single volume the extensive knowledge on college student success It includes seven chapters from authors who each synthesize the literature from their own field of study or perspective Each describes the theories models and concepts they use summarizes the key findings from their research and provides implications for practice policy and or research The disciplinary chapters offer perspectives from higher education public policy behavioral economics social psychology STEM sociology and critical and post structural theory

Disability in Higher Education Nancy J. Evans, Ellen M. Broido, Kirsten R. Brown, Autumn K. Wilke, 2017-03-06 Create campuses inclusive and supportive of disabled students staff and faculty Disability in Higher Education A Social Justice Approach examines how disability is conceptualized in higher education and ways in which students faculty and staff with disabilities are viewed and served on college campuses Drawing on multiple theoretical frameworks research and experience creating inclusive campuses this text offers a new framework for understanding disability using a social justice lens Many institutions focus solely on legal access and accommodation enabling a system of exclusion and oppression However using principles of universal design social justice and other inclusive practices campus environments can be transformed into more inclusive and equitable settings for all constituents The authors consider the experiences of students faculty and staff with disabilities and offer strategies for addressing ableism within a variety of settings including classrooms residence halls admissions and orientation student organizations career development and counseling They also expand traditional student affairs understandings of disability issues by including chapters on technology law theory and disability services Using social justice principles the discussion spans the entire college experience of individuals with disabilities and avoids any single issue focus such as physical accessibility or classroom accommodations The book will help readers Consider issues in addition to access and accommodation Use principles of universal design to benefit students and employees in academic cocurricular and employment settings Understand how disability interacts with multiple aspects of identity and experience Despite their best intentions college personnel frequently approach disability from the singular perspective of access to the exclusion of other important issues This book provides strategies for addressing ableism in the assumptions policies and practices organizational structures attitudes and physical structures of higher education **Handbook of the Sociology of Education in the 21st Century** Barbara Schneider, 2018-10-10 This handbook unifies access and opportunity two key concepts of sociology of education throughout its 25 chapters It explores today s populations rarely noticed such as undocumented students first generation college students and LGBTQs and emphasizing the intersectionality of gender race ethnicity and social class Sociologists often center their work on the sources and consequences of inequality This handbook while reviewing many of these explanations takes a different approach concentrating instead on what needs to be accomplished to reduce inequality A special section is devoted to new methodological work for studying social systems including network analyses and school and teacher effects Additionally the book explores the changing landscape of higher

education institutions their respective populations and how labor market opportunities are enhanced or impeded by differing postsecondary education pathways Written by leading sociologists and rising stars in the field each of the chapters is embedded in theory but contemporary and futuristic in its implications This Handbook serves as a blueprint for identifying new work for sociologists of education and other scholars and policymakers trying to understand many of the problems of inequality in education and what is needed to address them **Post-Secondary Planning for All** Sejal Parikh Foxx,J.

Anthony Elizondo,2023-08-01 It is not surprising that in order to meet the job demands of the future we need to ensure that students have the knowledge and opportunity to choose from an array of postsecondary options before graduating from high school Particularly as our society continues to increase in diversity providing access to college and career choices for all students is imperative However there are many barriers that keep students from reaching their potential and envisioning a future that is personally and professionally rewarding Many of these barriers are systemic in nature and others are related to individual circumstances Regardless from where the barriers stem school counselors and others who provide postsecondary readiness services to students must advocate work to create equitable access and assist with navigating through complex systems This book compiles information and strategies from experts in the field Each chapter in this book offers definitions of specific populations evidence based culturally responsive counseling strategies including those related to collaboration case studies and interventions and opportunities for readers to reflect on their understanding of that population to inspire professional growth Groups included in this book include students who are experiencing homelessness students in English Language Learner programs families experiencing poverty students with special needs and many others that school counselors and college advisors will encounter in their career *Latinx Experiences in U.S. Schools* Margarita

Scaling Effective School Mental Health Interventions and Practices Lee Kern, Mark D. Weist, Samuel D.

McQuillin, 2024-09-30 This book describes key practices to bring school mental health programs to scale in a sustainable and effective manner. It emphasizes practices that facilitate the organization and delivery of evidence-based mental health interventions in schools. The volume addresses systems issues and practices that lay the groundwork for creating sustainable school mental health programs. It explores important considerations at the school, district, and state levels, tiered intervention as a framework to support school mental health, preparing the workforce, resource utilization, and assuring cultural responsiveness and equity for underserved groups of students. In addition, the book focuses on recent and emerging evidence-based practices for practicably scaling school mental health in schools. Chapters examine systematic screening followed by specific interventions, including just-in-time training and single-session interventions. The book concludes with a focus on ways to address systemic barriers to school mental health, such as addressing the mental health of immigrants. Key areas of coverage include: Communities of practice at different levels of scale (e.g., school, building, national); Resource mapping across schools and communities; Screening to match student needs with interventions; Systemic issues in service delivery; Scaling Effective School Mental Health Interventions and Practices is a must-have resource for practitioners, clinicians, and mental health therapists, as well as researchers, professors, and graduate students across such interrelated disciplines as school, clinical, and counseling psychology, educational policy, and government relations, social work, public health, family, and leadership, and advocates, and medicine and allied health professions (e.g., psychiatry, primary care, nursing, speech, and occupational therapy).

Advocacy and Policy Change for Undocumented Student Success Enrique G. Murillo, Jr., Sharon Velarde

Pierce, 2024-12-24 Advocacy and Policy Change for Undocumented Student Success is a compelling exploration of the undocumented student experience in America, offering a deep dive into the advocacy, education, and systemic challenges faced by undocumented communities. Compiling the most significant work in the field in terms of its contributions to research and professional practice, this volume uncovers the historical struggles and triumphs of undocumented students and their families in their quest for educational access and equity. From pivotal legal milestones to personal narratives of resilience and adversity, this collection paints a comprehensive picture of the ongoing battle against legal and societal barriers. It delves into the mental health impacts of living undocumented and presents innovative strategies and policy reforms aimed at bridging the gap between harsh realities and hopeful aspirations. A clarion call to action, this volume is an invitation to join the fight for a more equitable and inclusive society, recognizing the vital contributions of undocumented individuals and advocating for systemic change. Advocacy and Policy Change for Undocumented Student Success is a must-have resource for graduate students and researchers in Educational Leadership and Policy, Multicultural Education, and Teacher Education. It will also be an important reading for educational leaders, teachers, counselors, administrators, and organizations that share a common
